THE FIRST PAGE

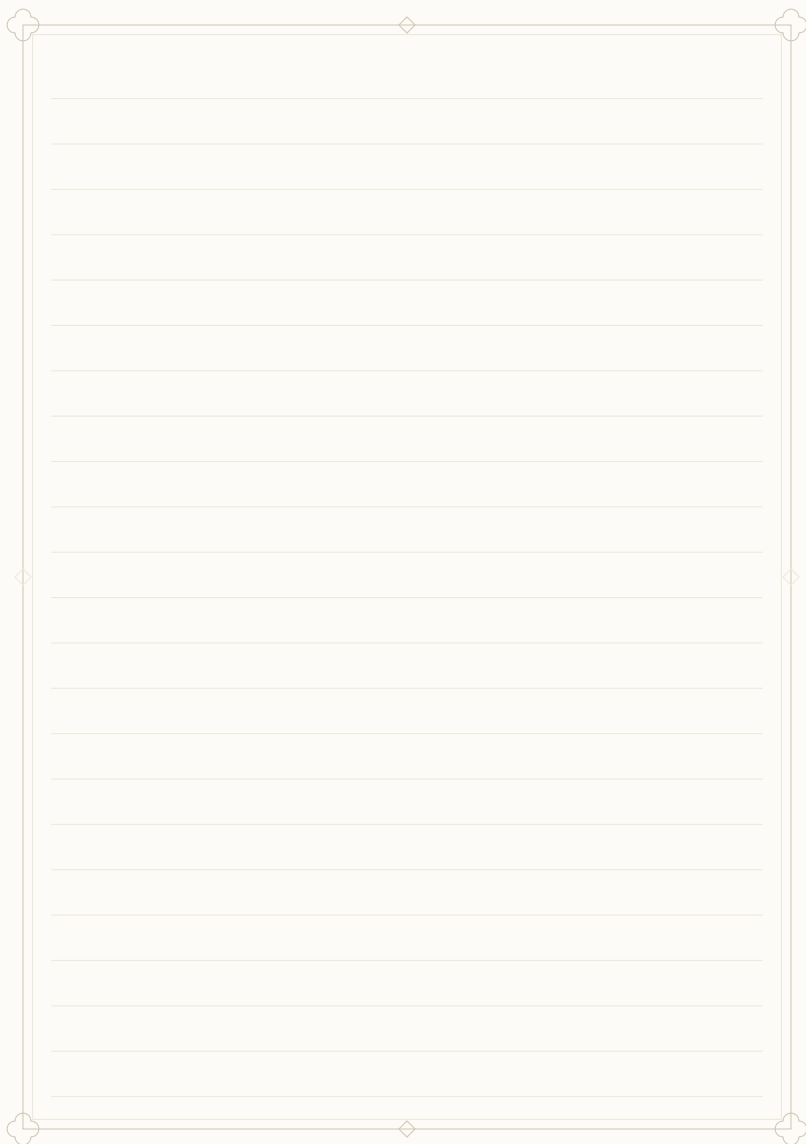

It carries no title. There is a rule under the device and it is yours: name the book for what it turns out to be, which is rarely what you thought when you bought it. Some people date it instead, and some leave it empty for a year.

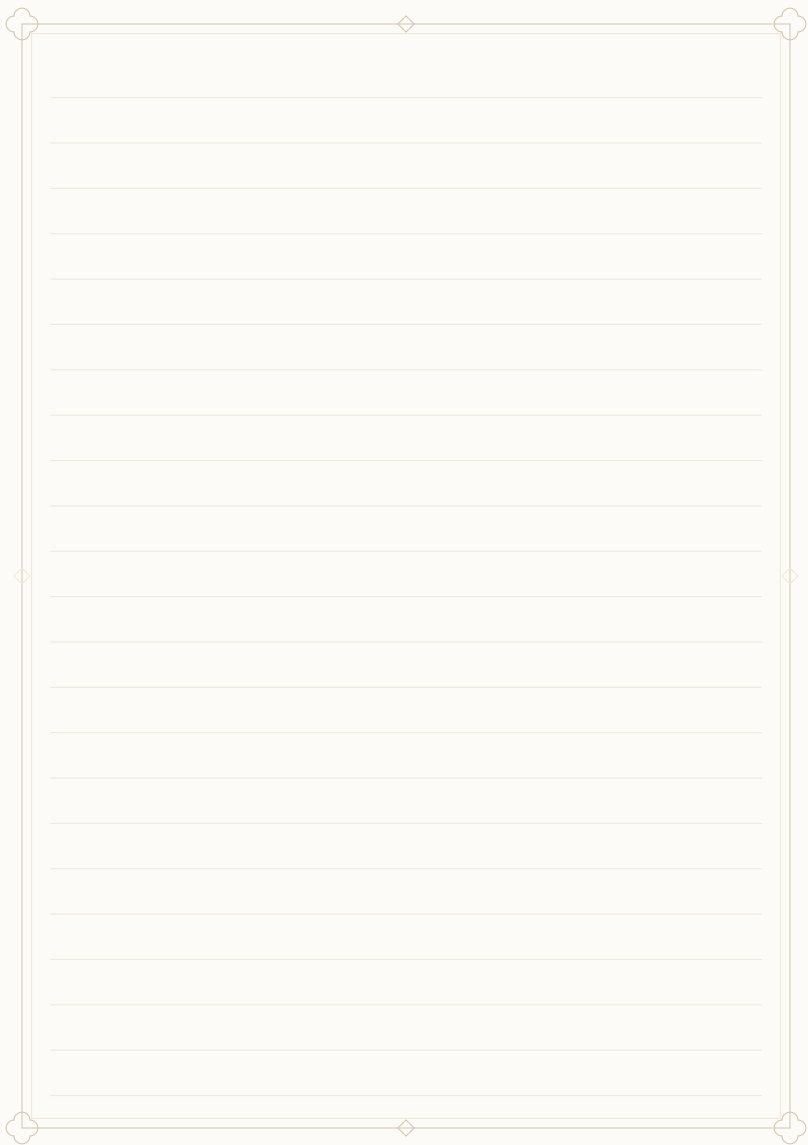

BEFORE YOU START

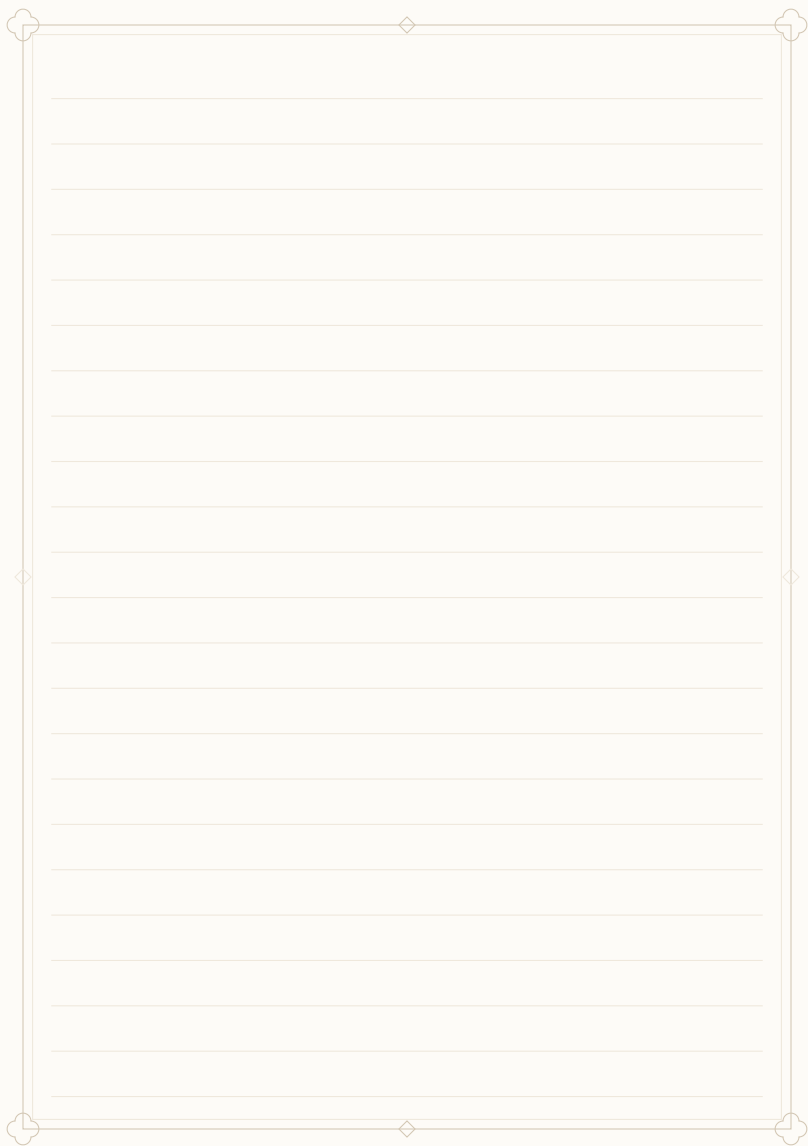

- ☐ Write your name on the kraft wrapper, and a number to call.
- ☐ Number the volume if you keep more than one of these.
- ☐ Try a nib on the last page before you trust it to page one.

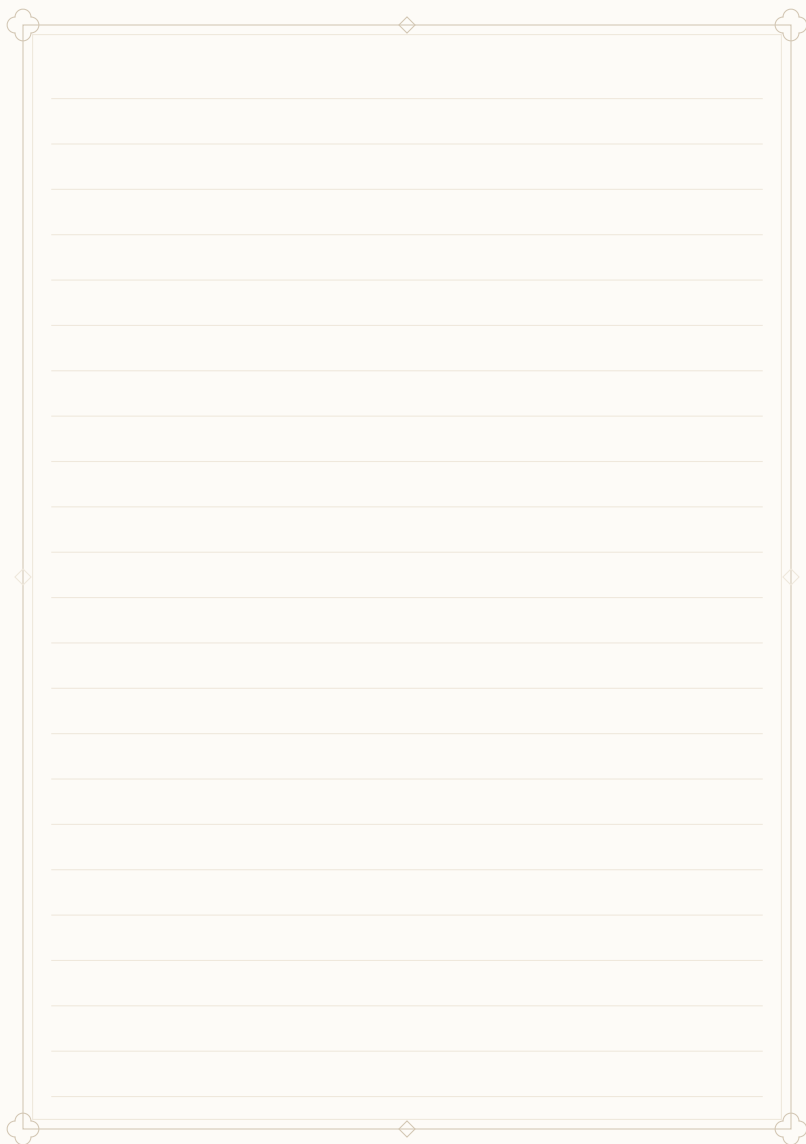

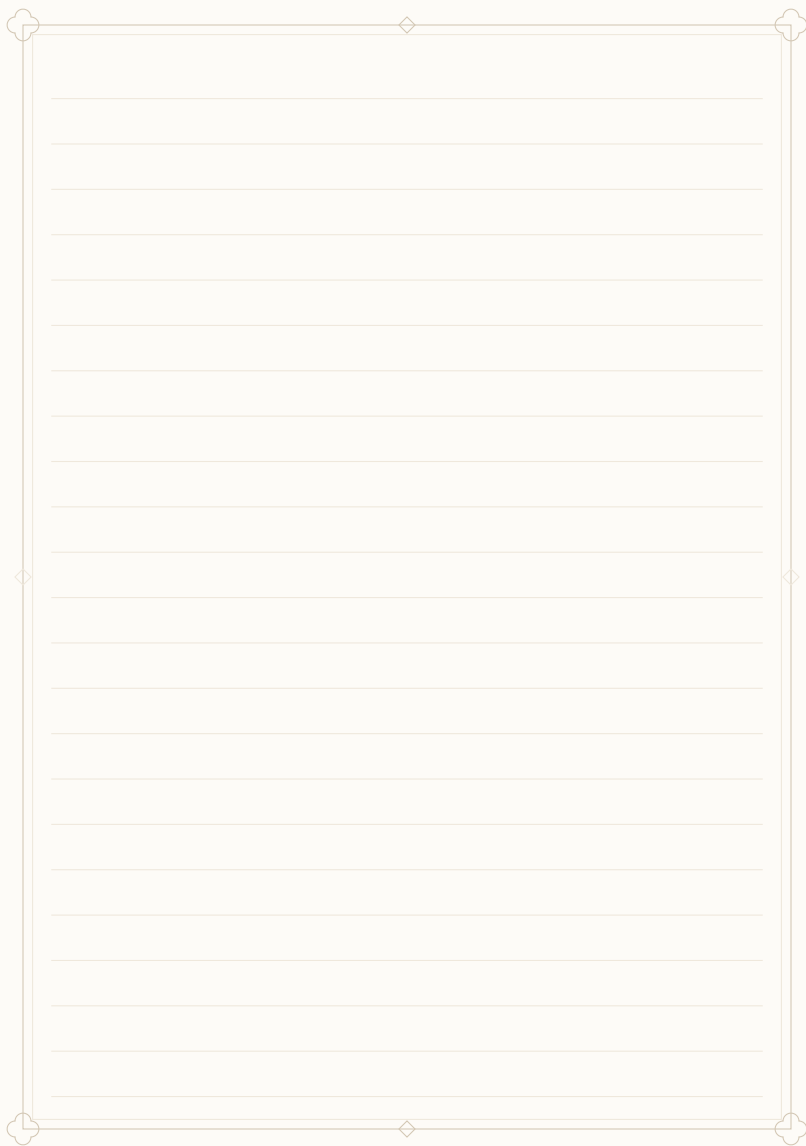

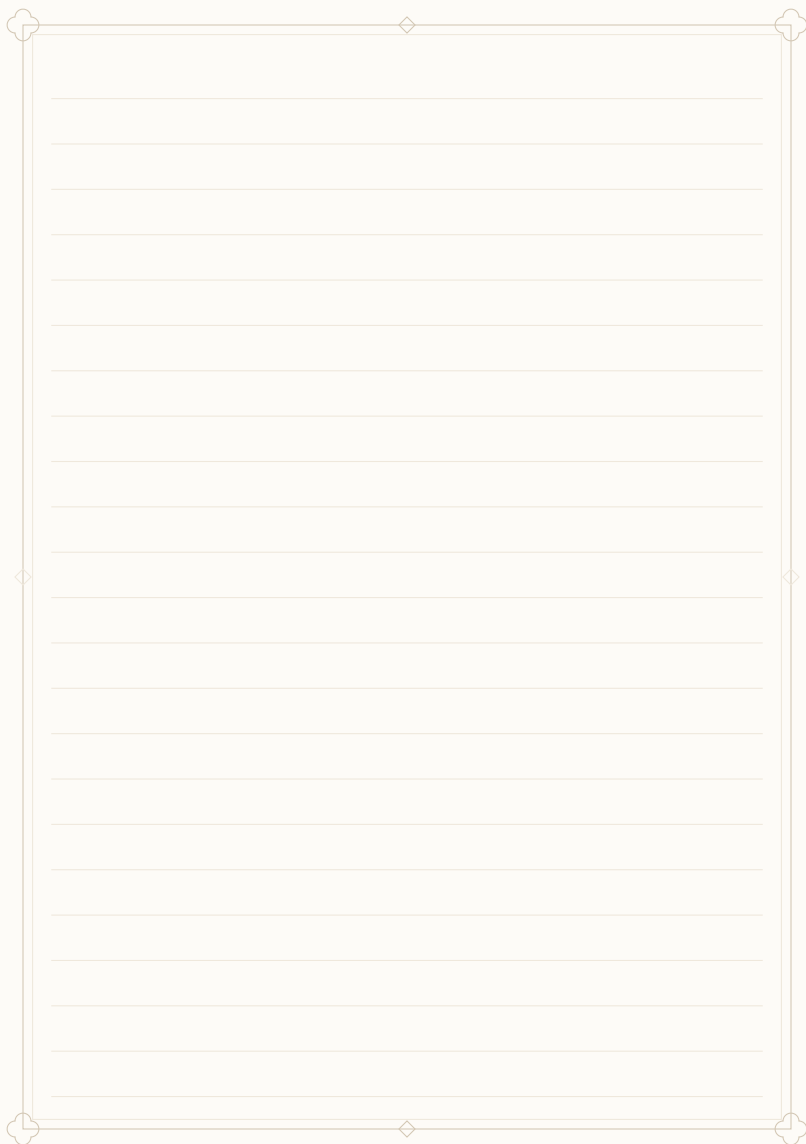

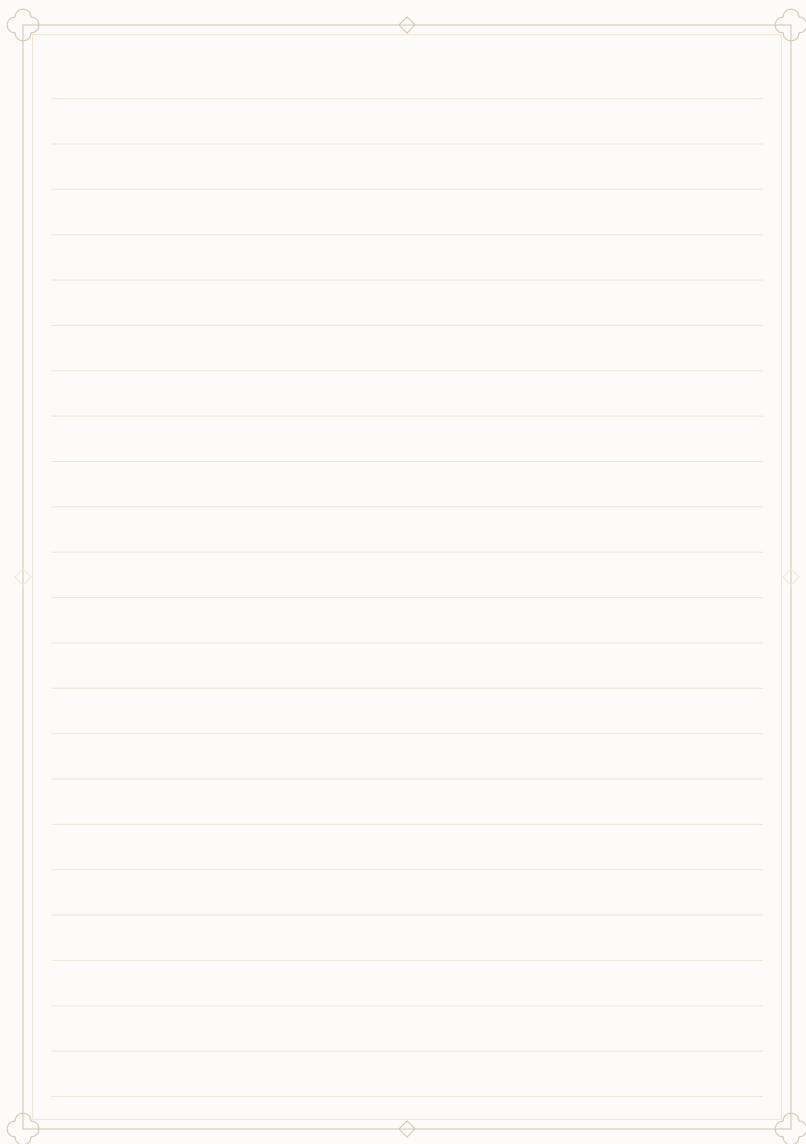

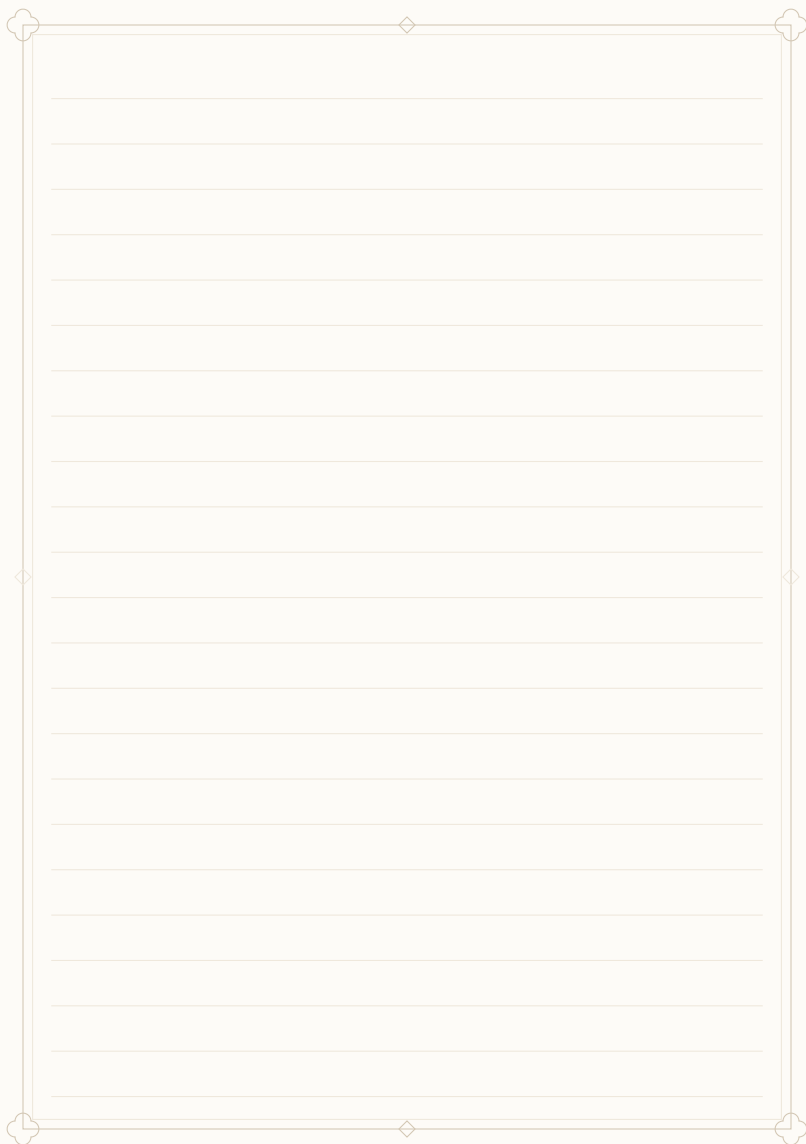

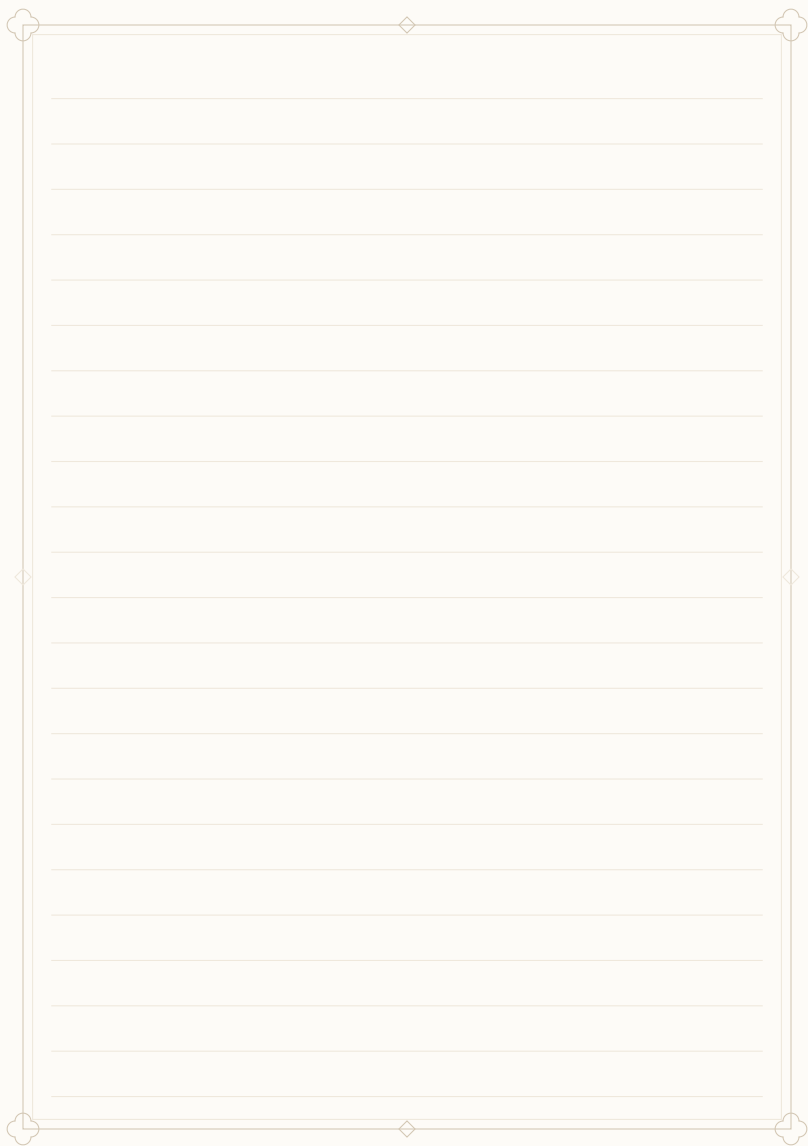

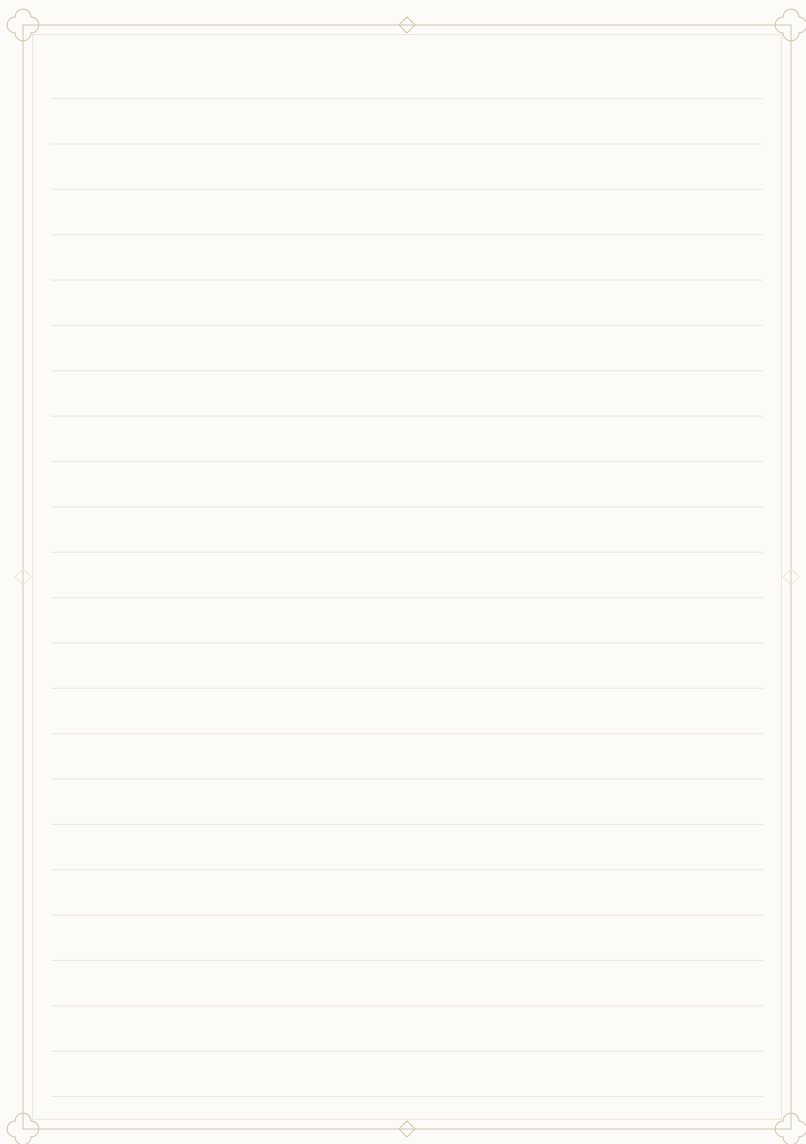

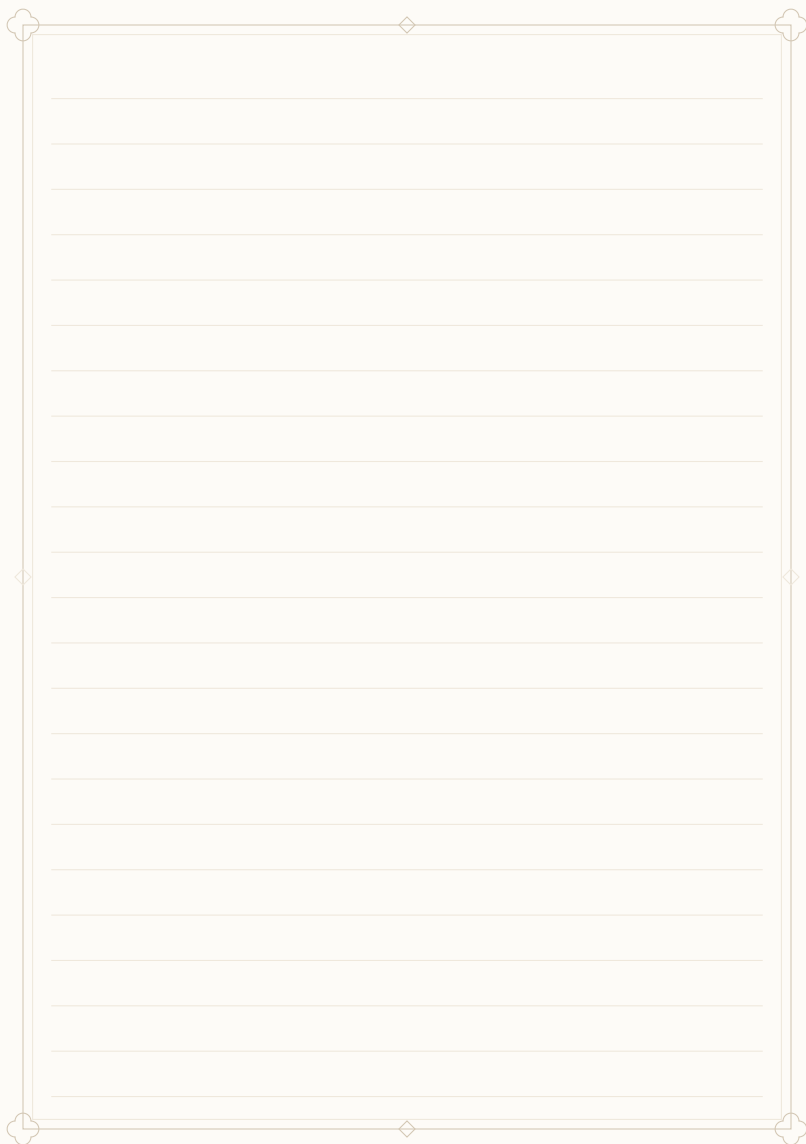

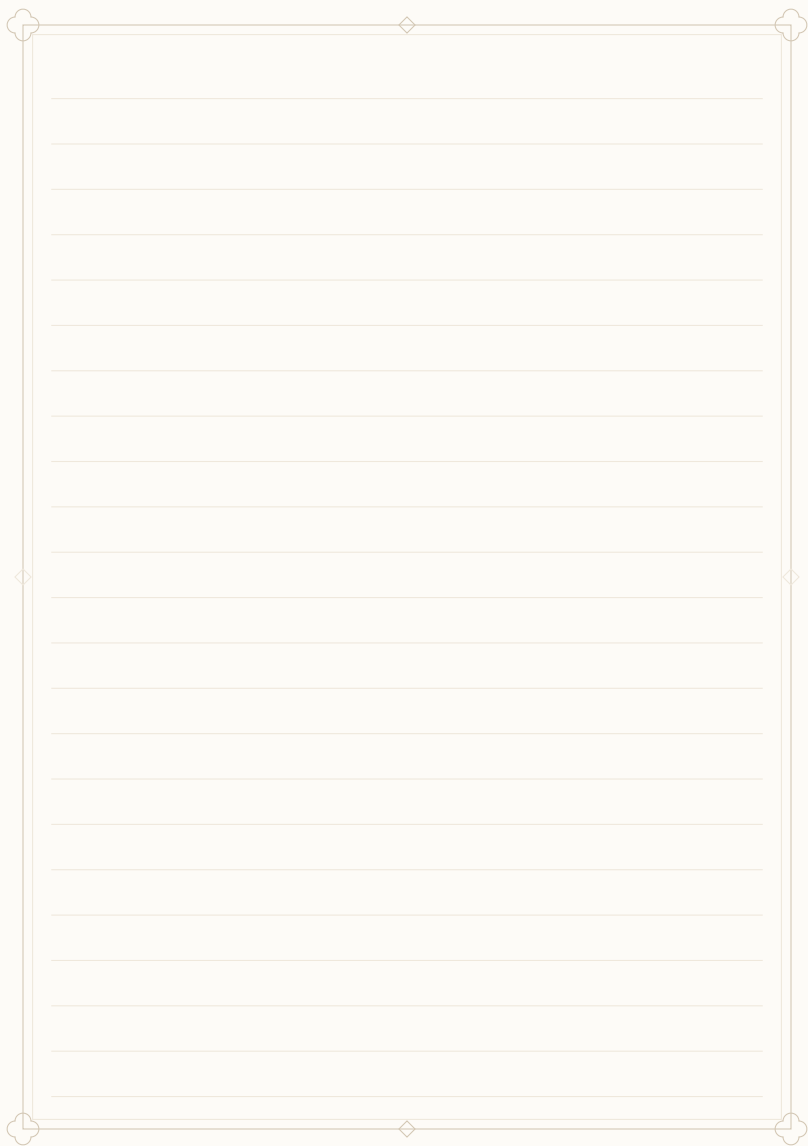

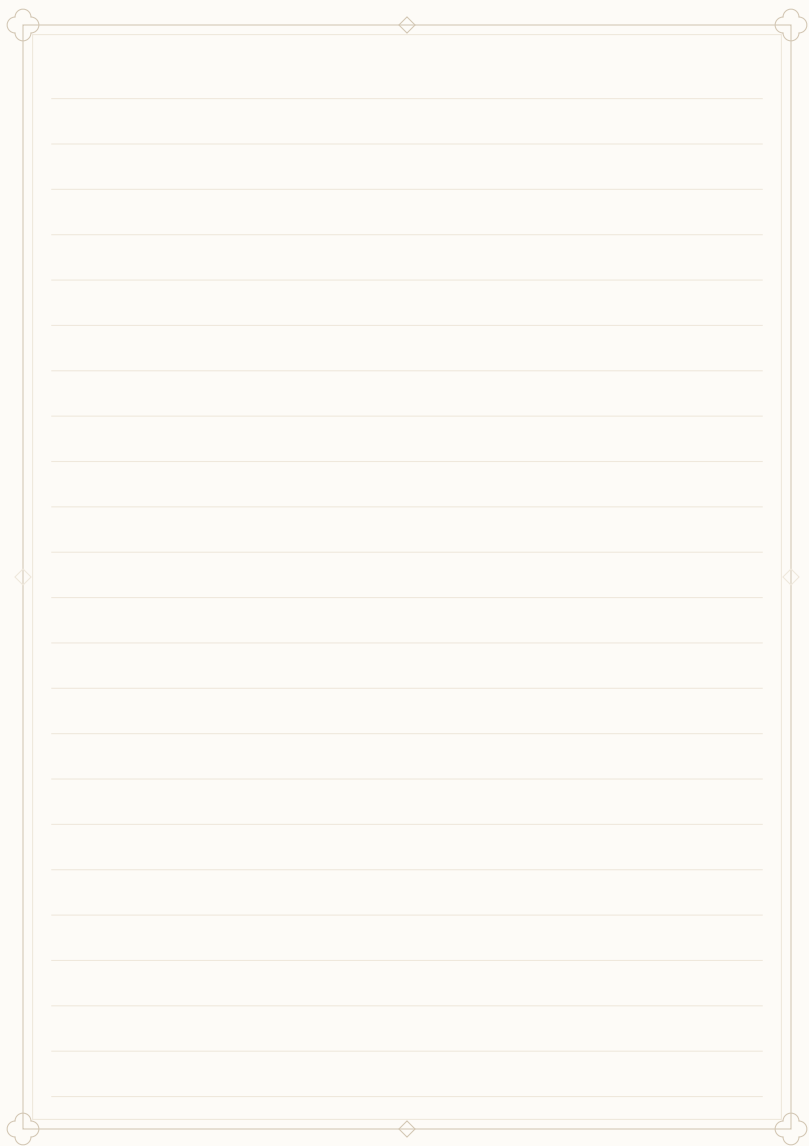

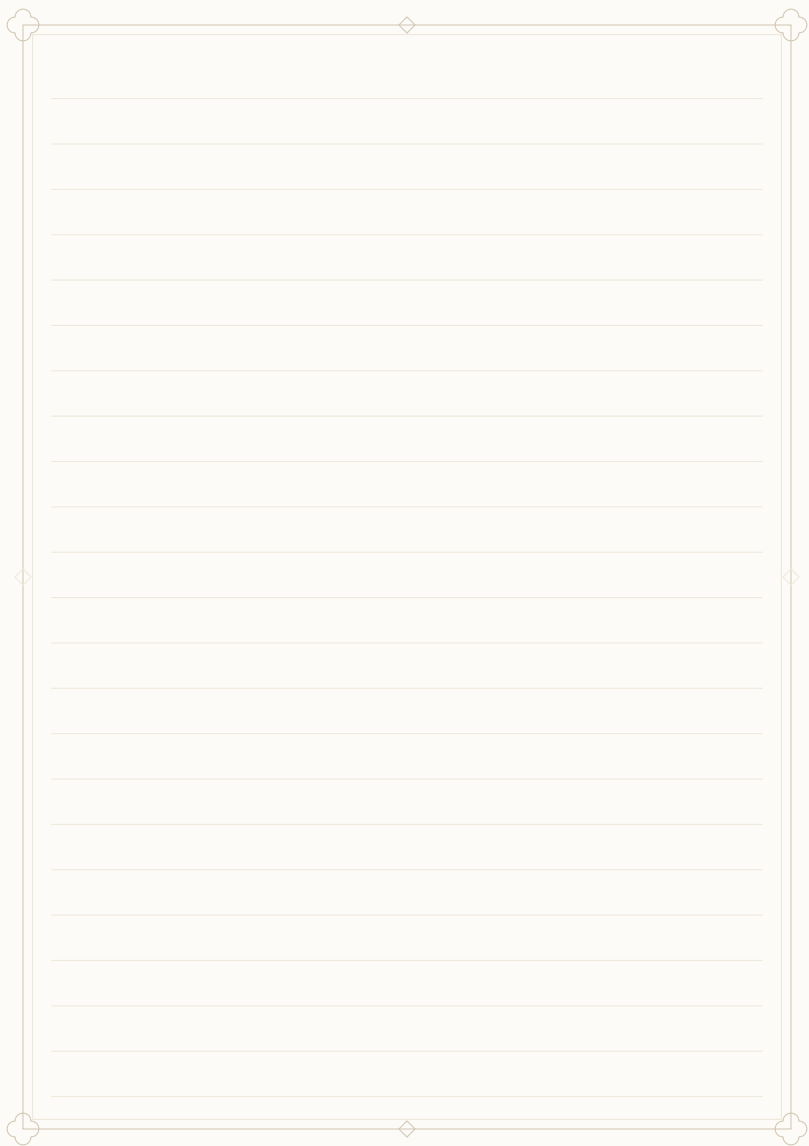

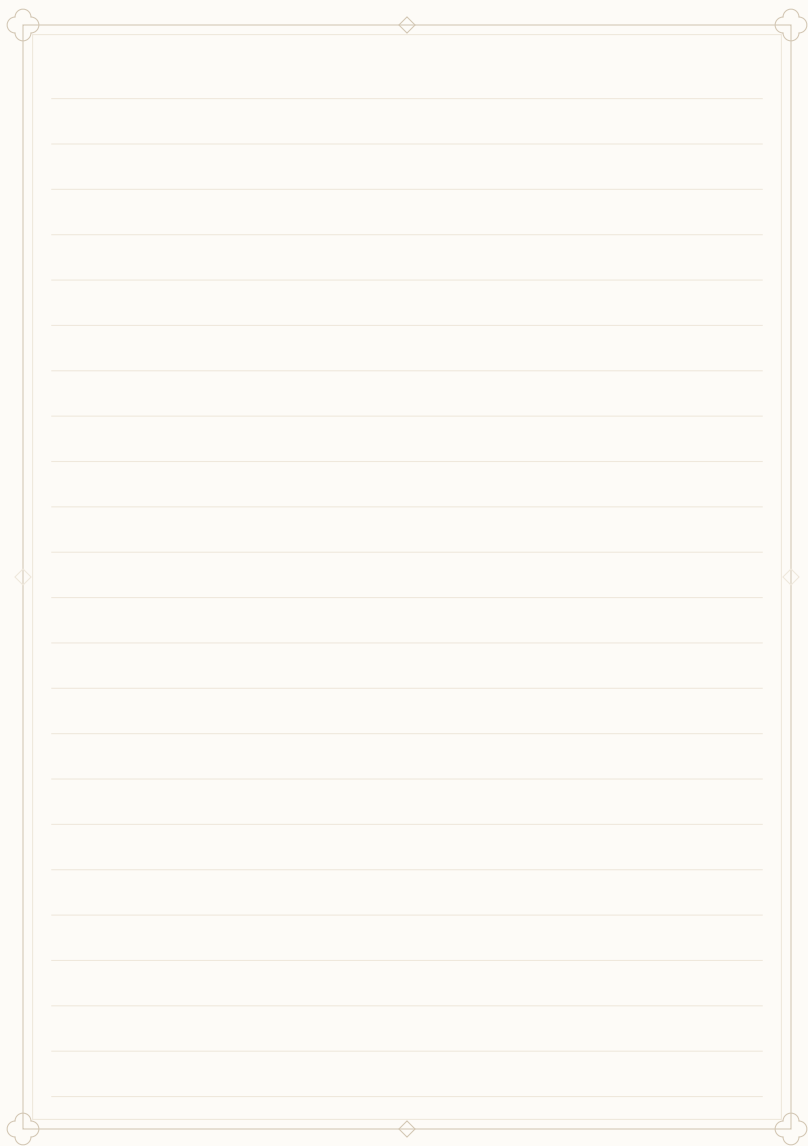

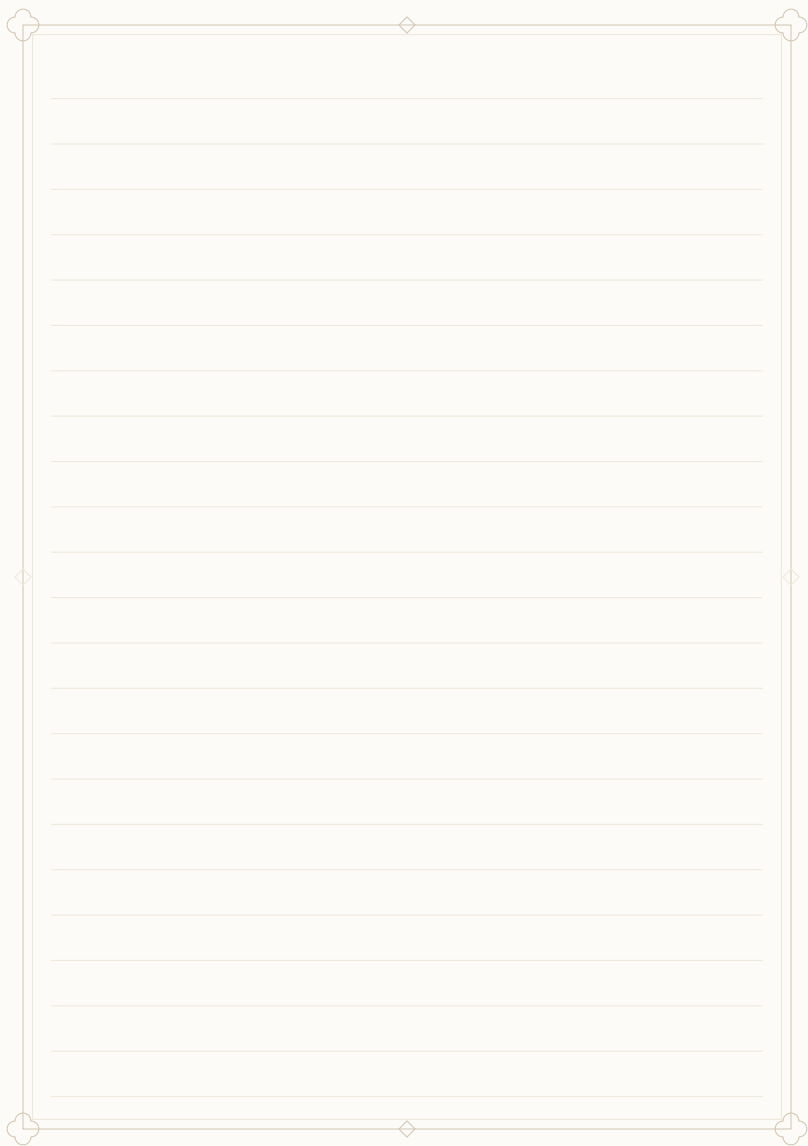

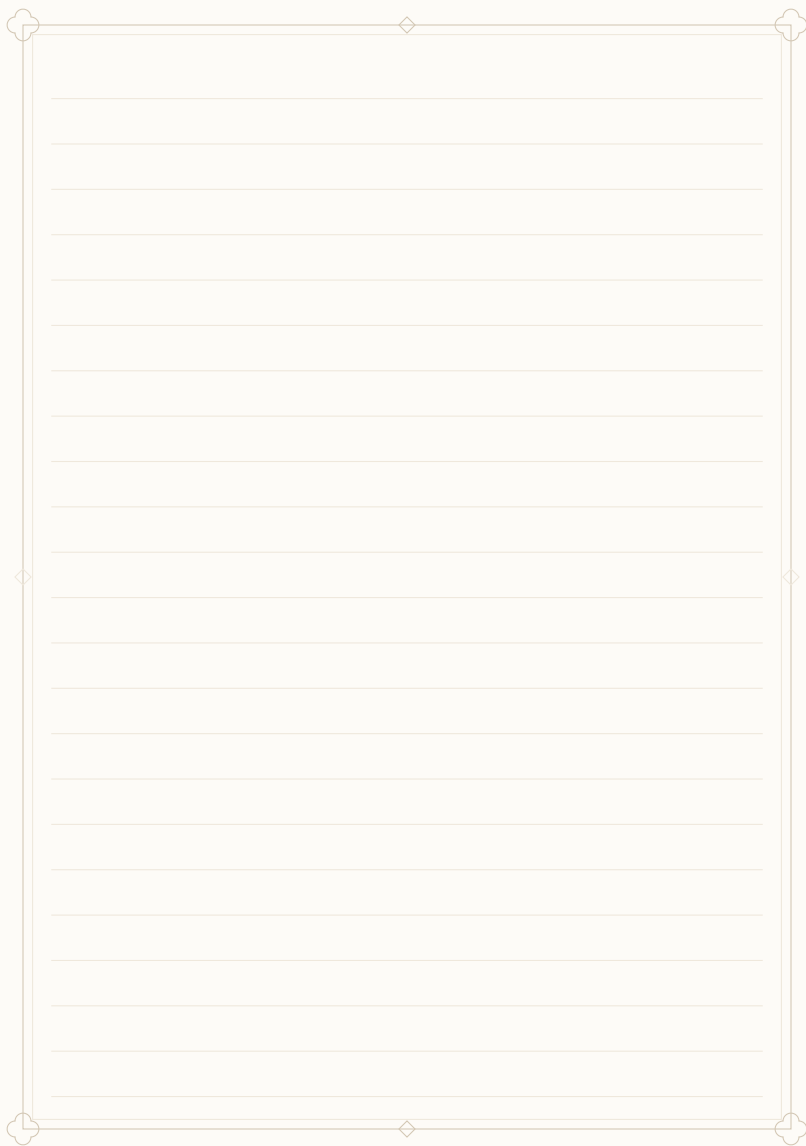

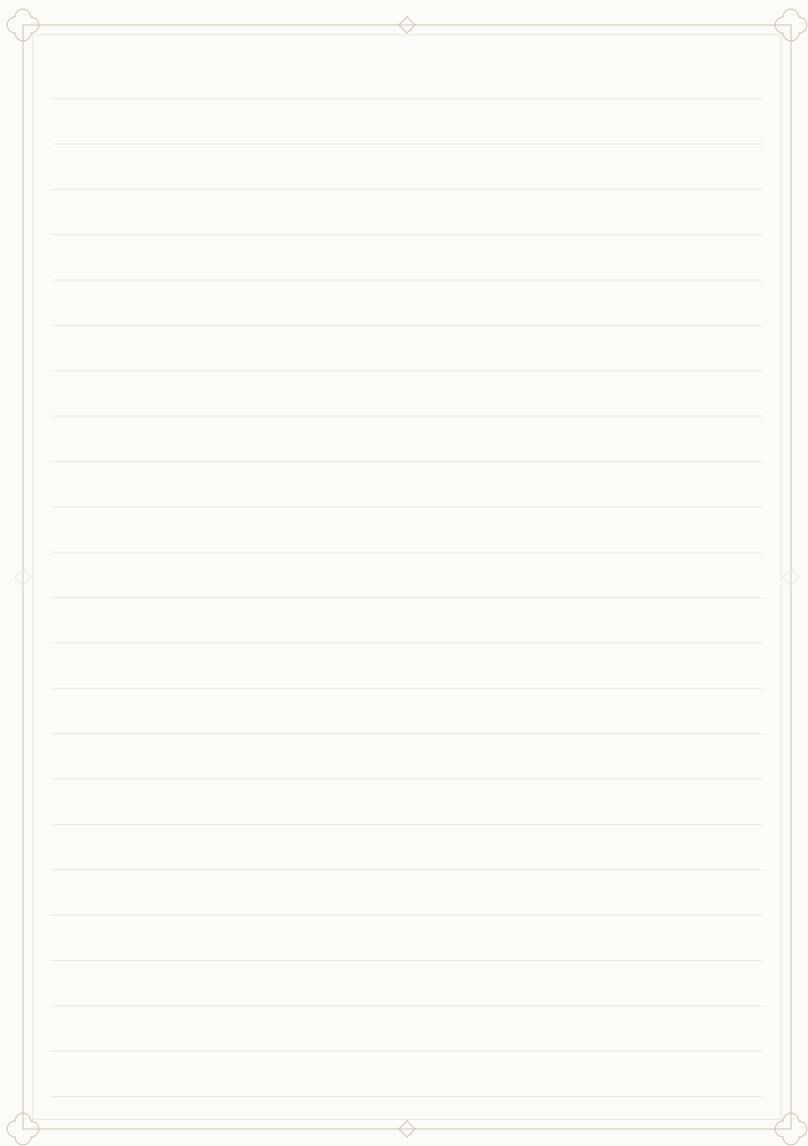

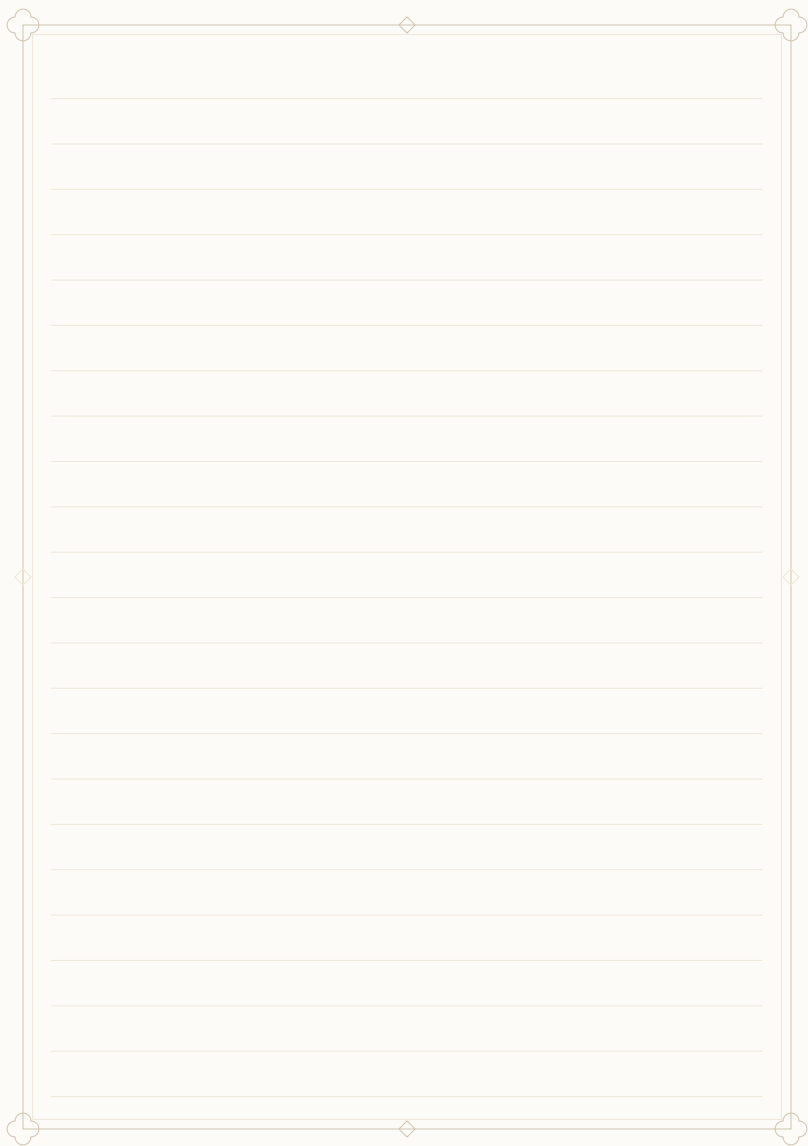

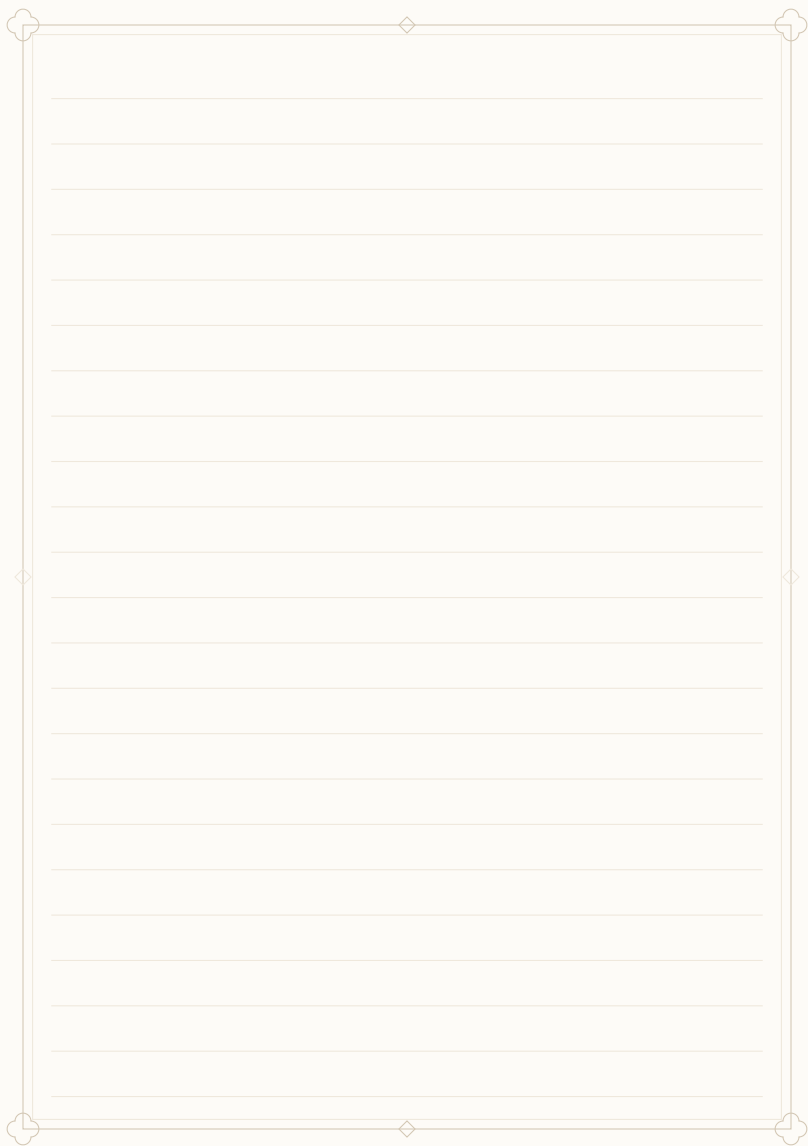

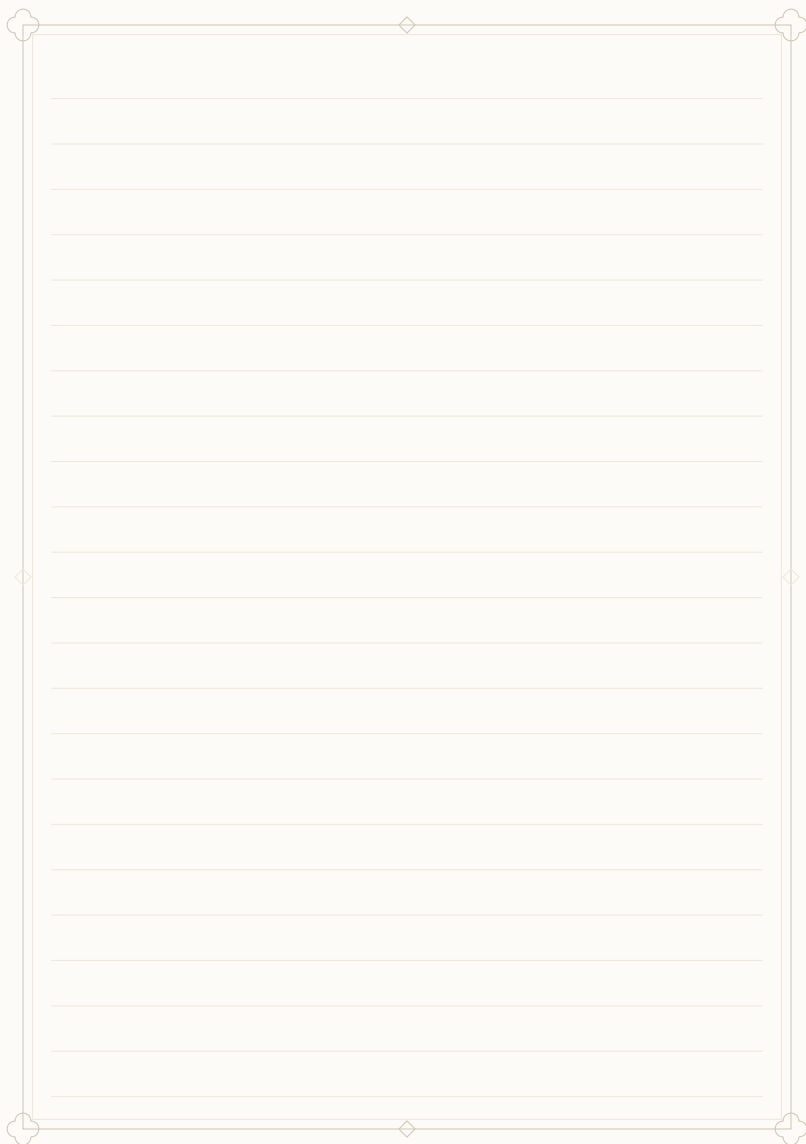

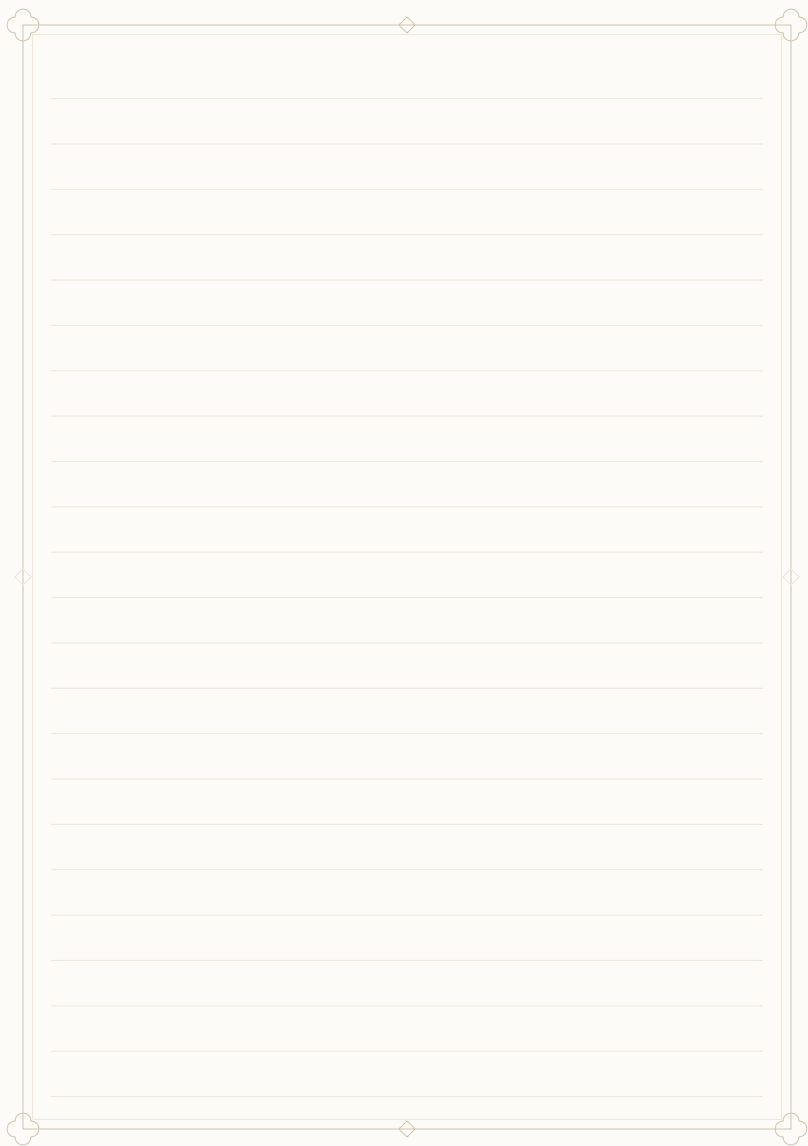

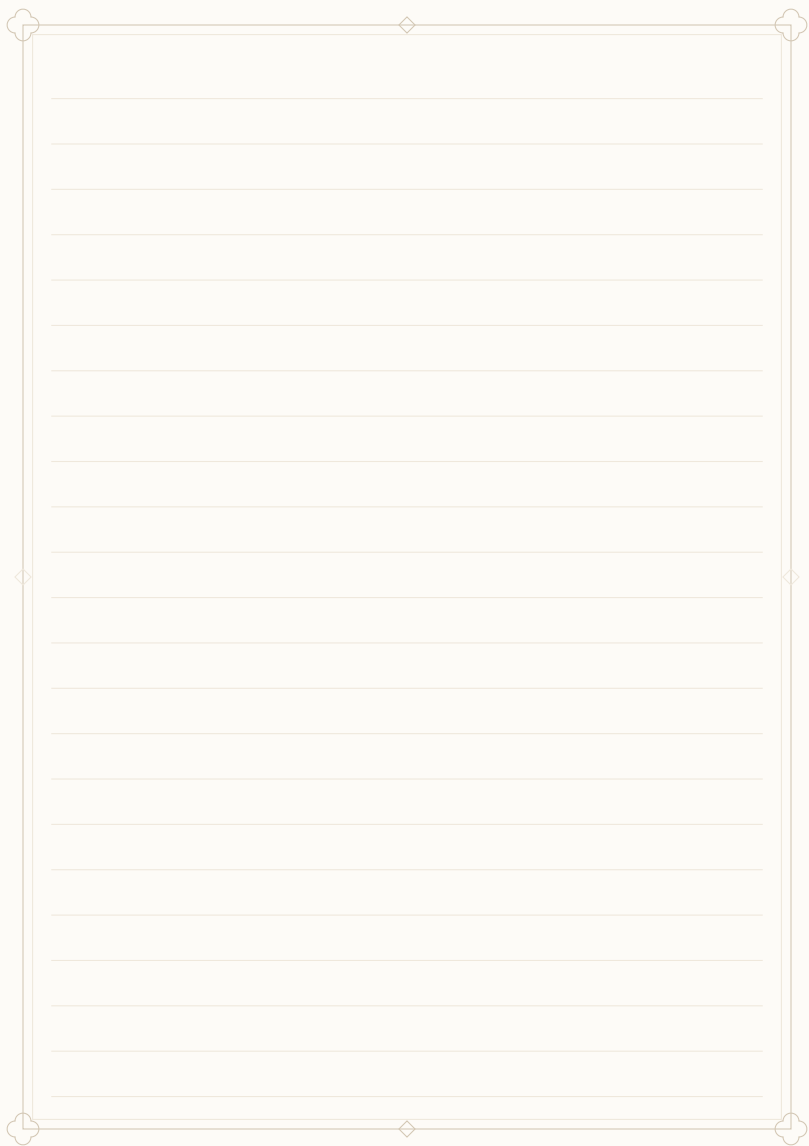

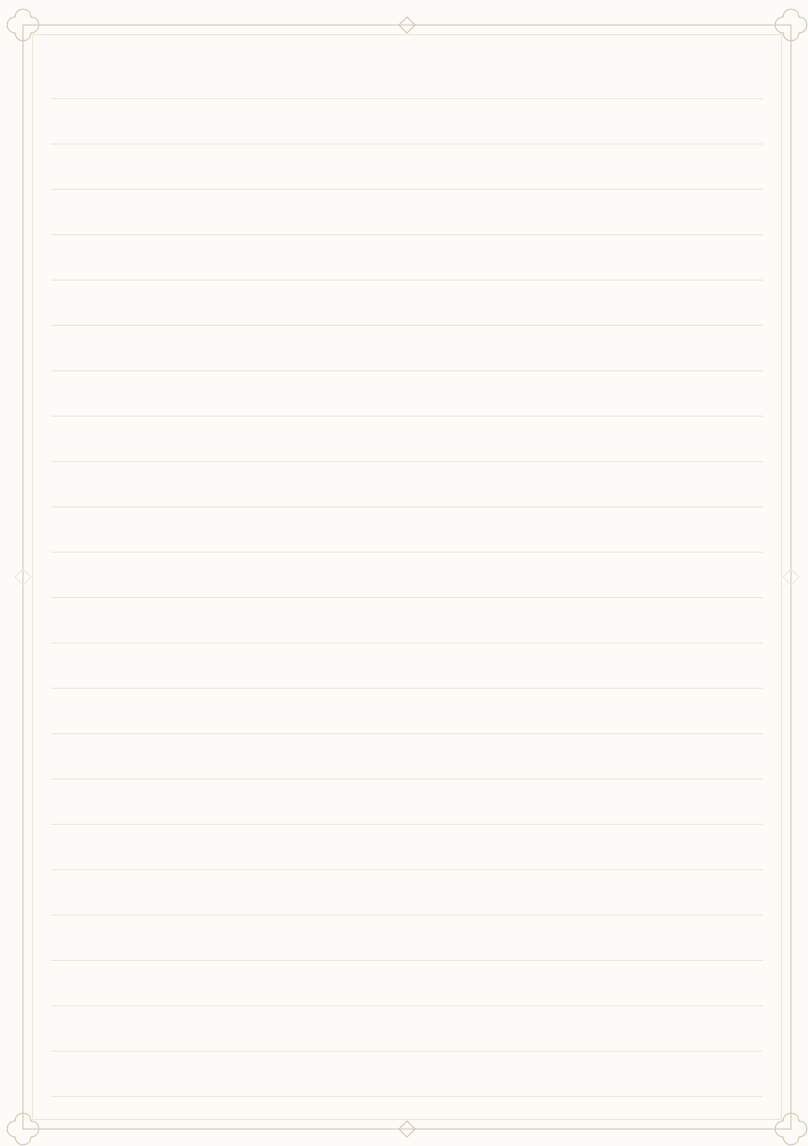

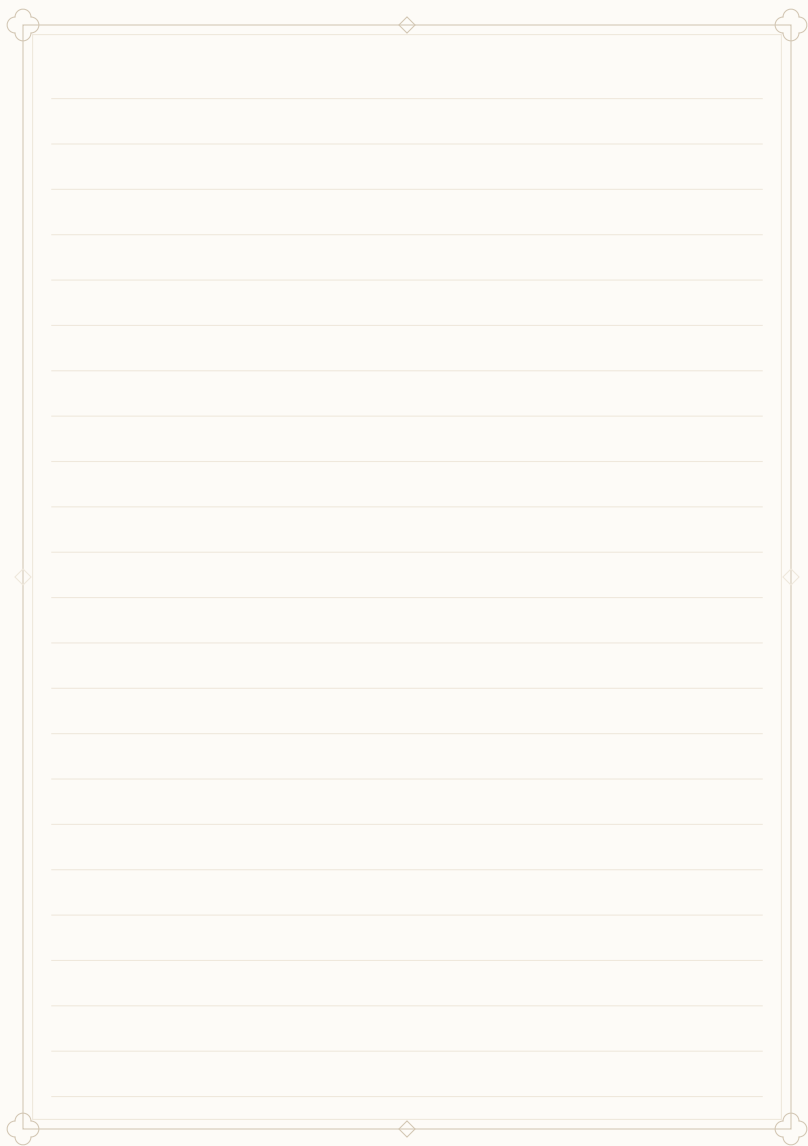

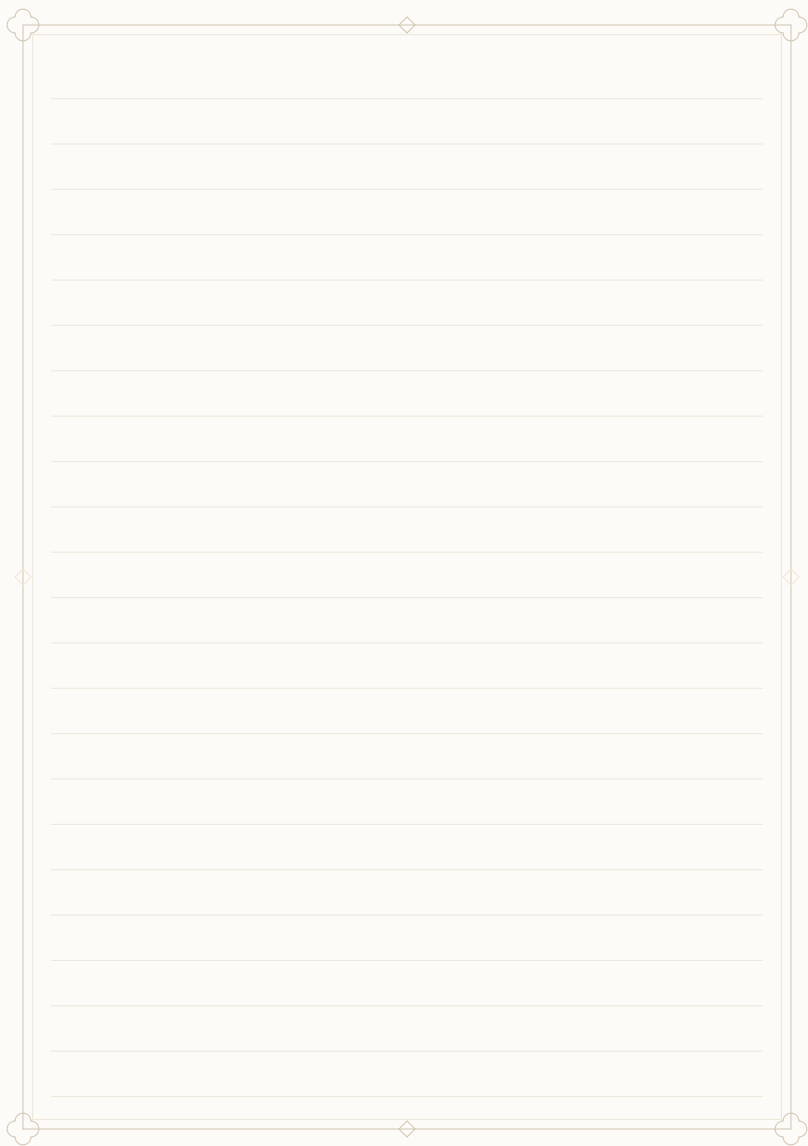

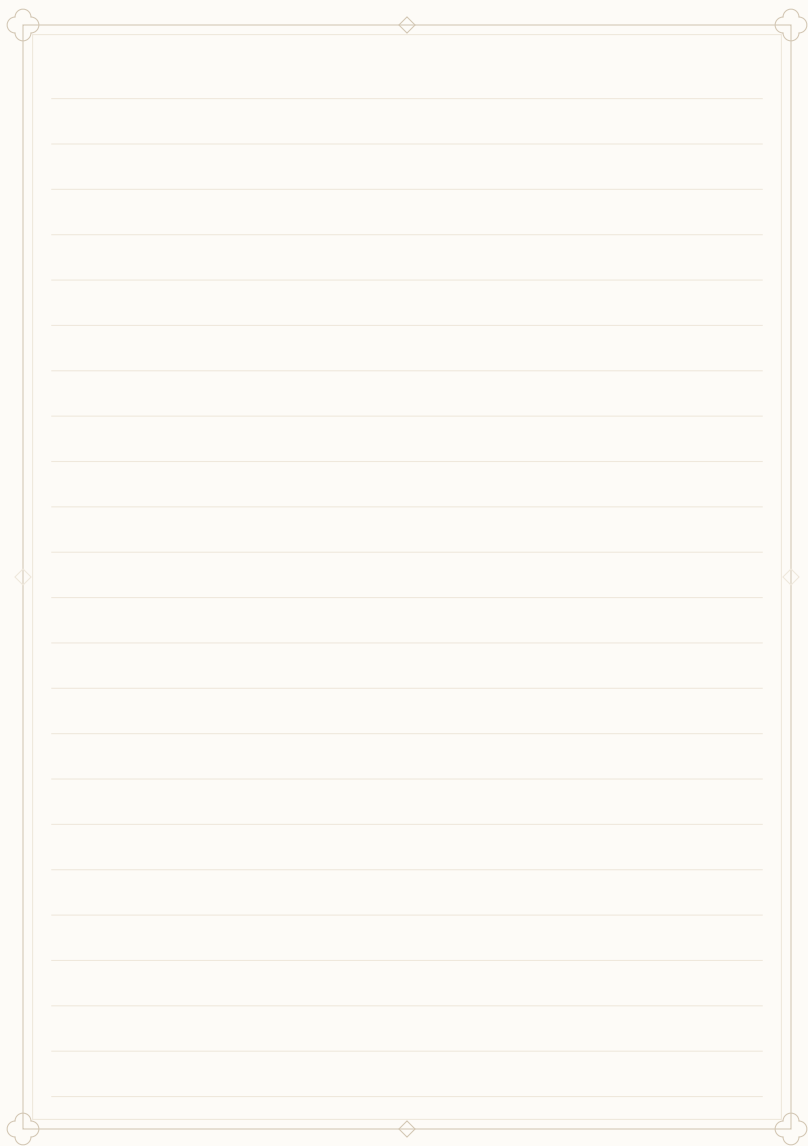

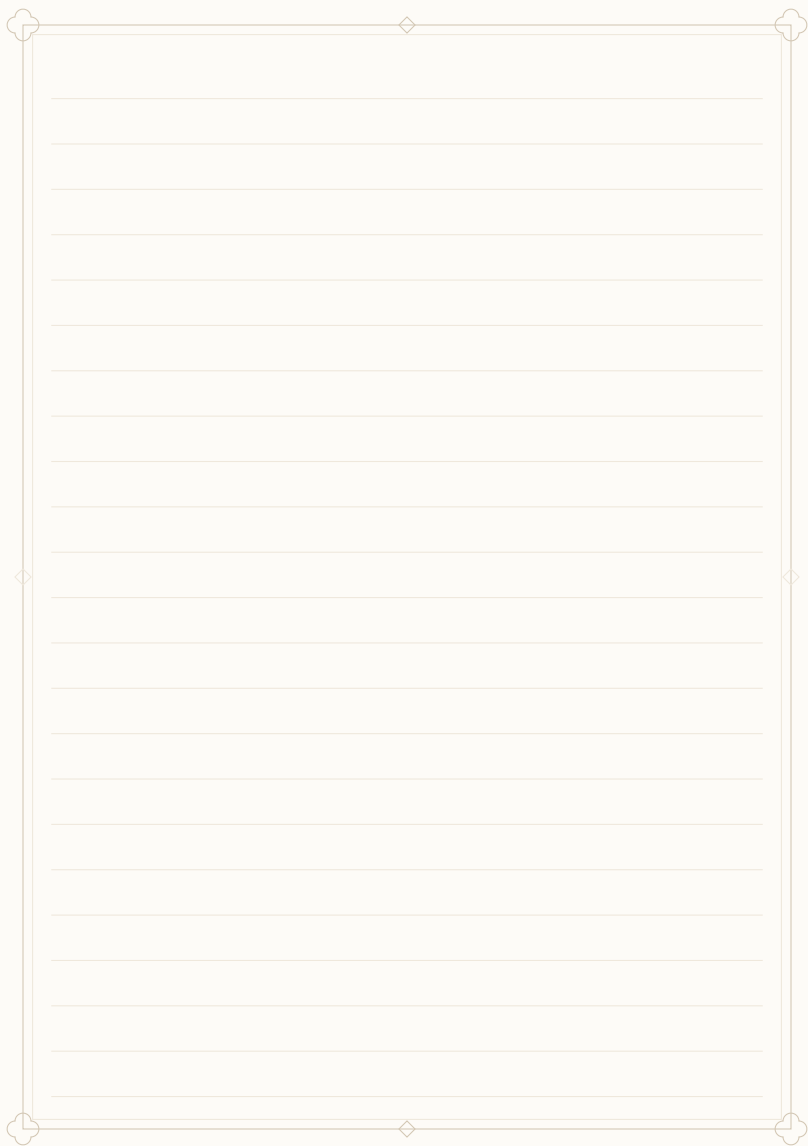

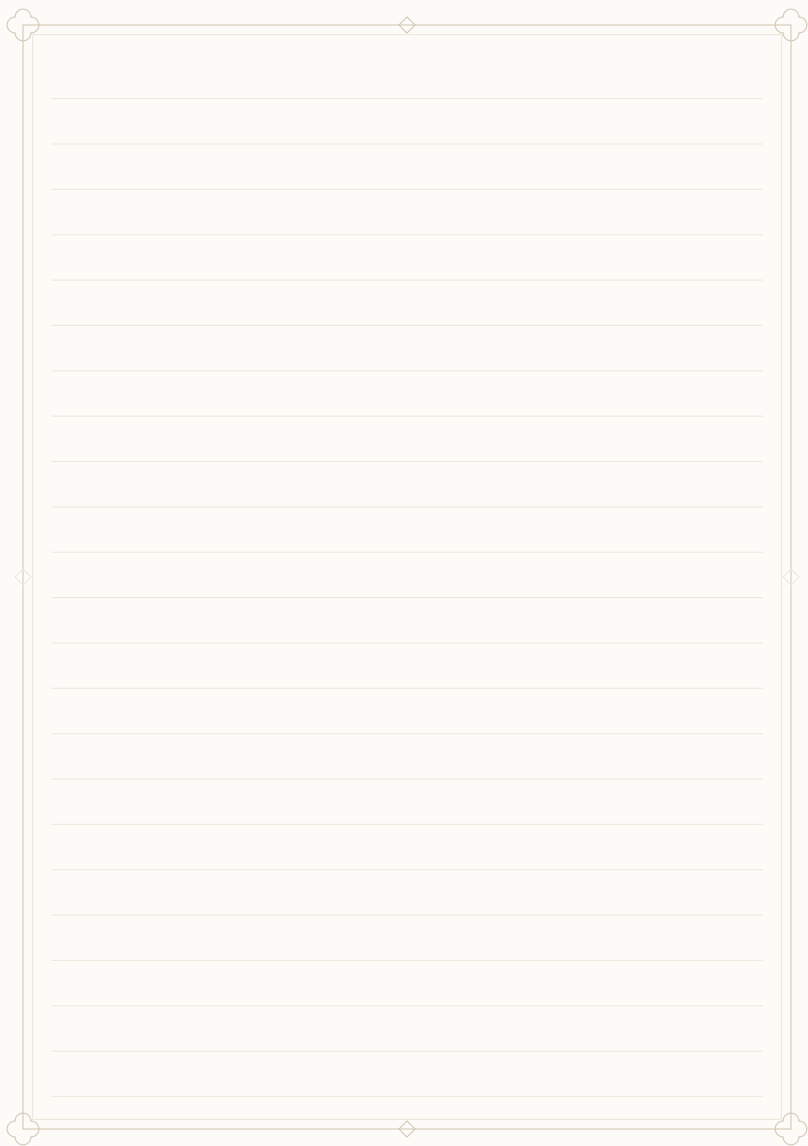

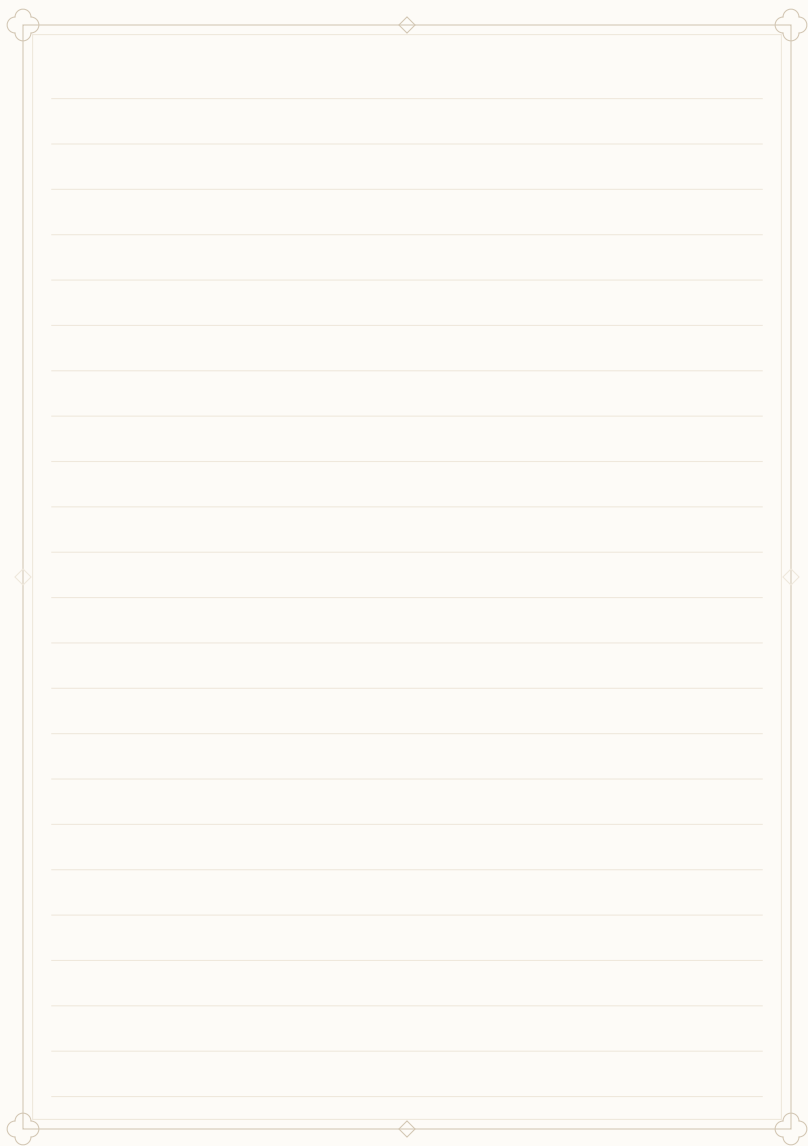

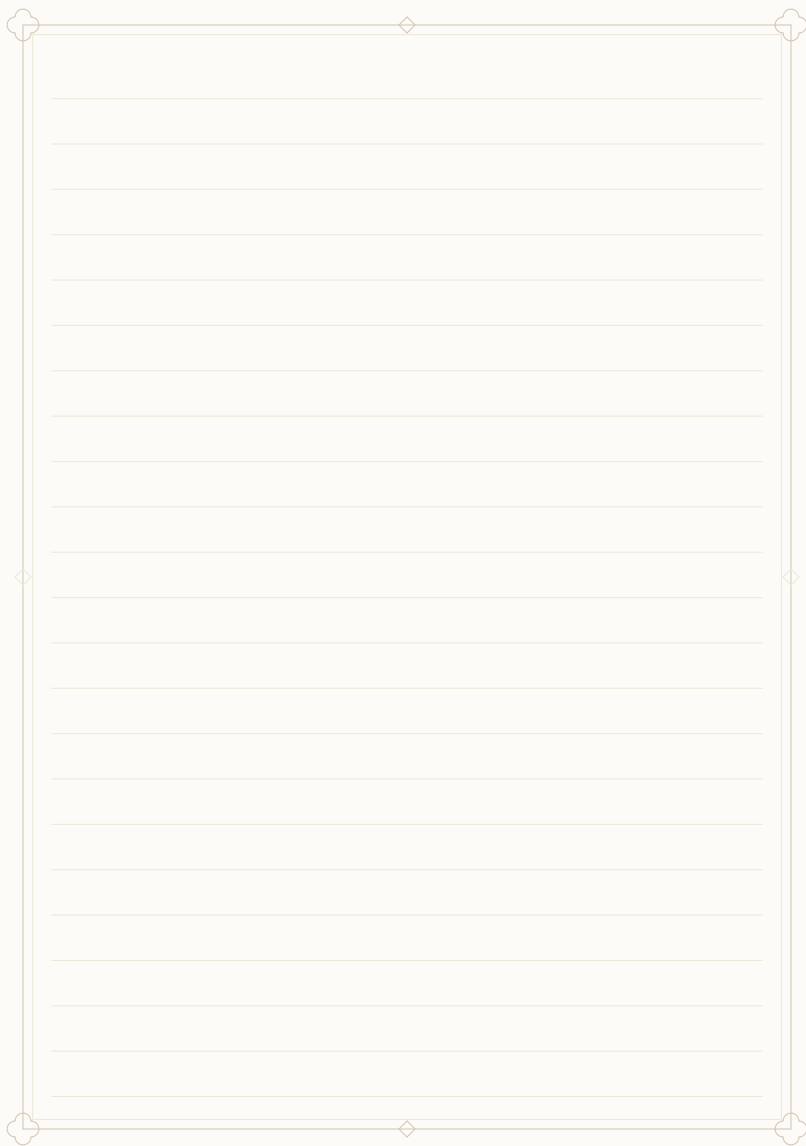

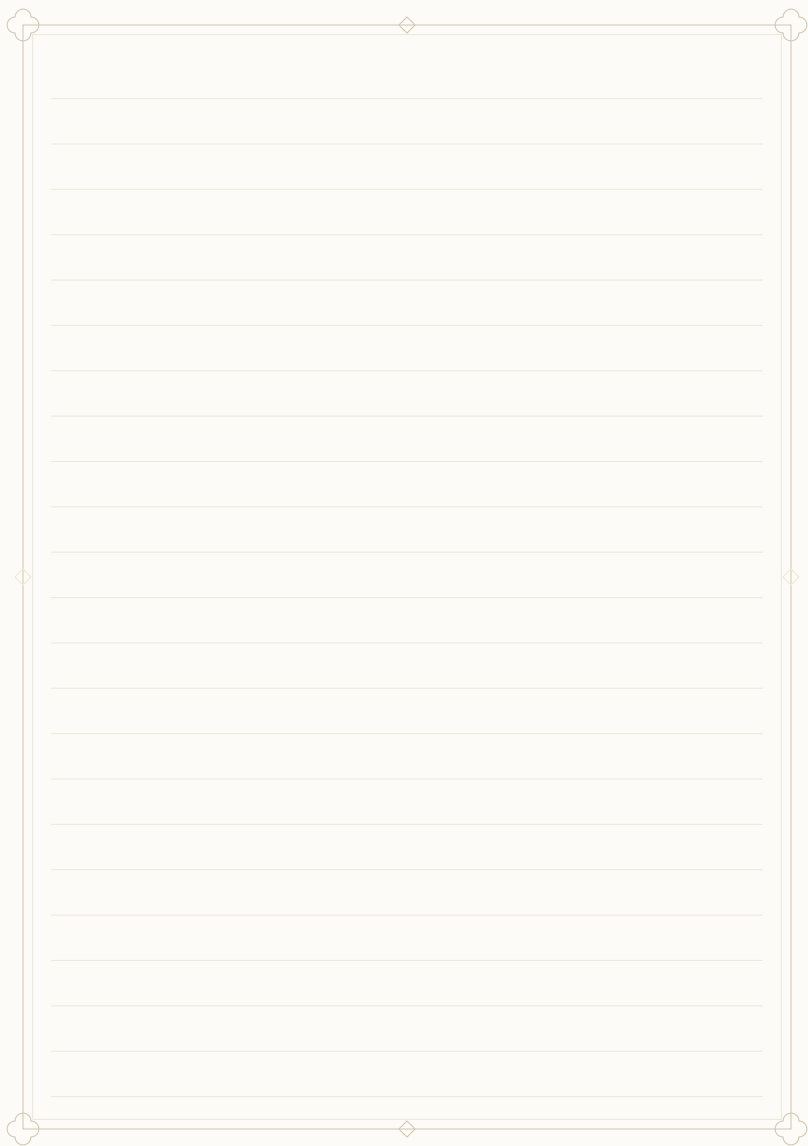

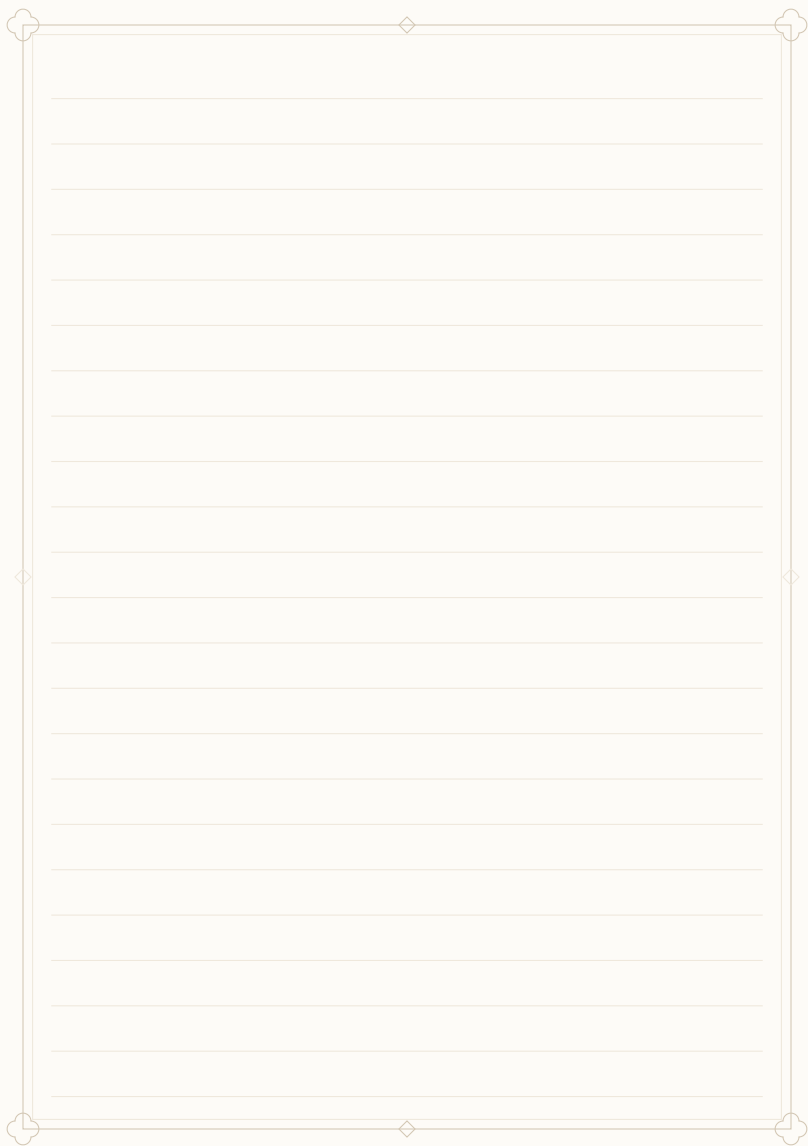

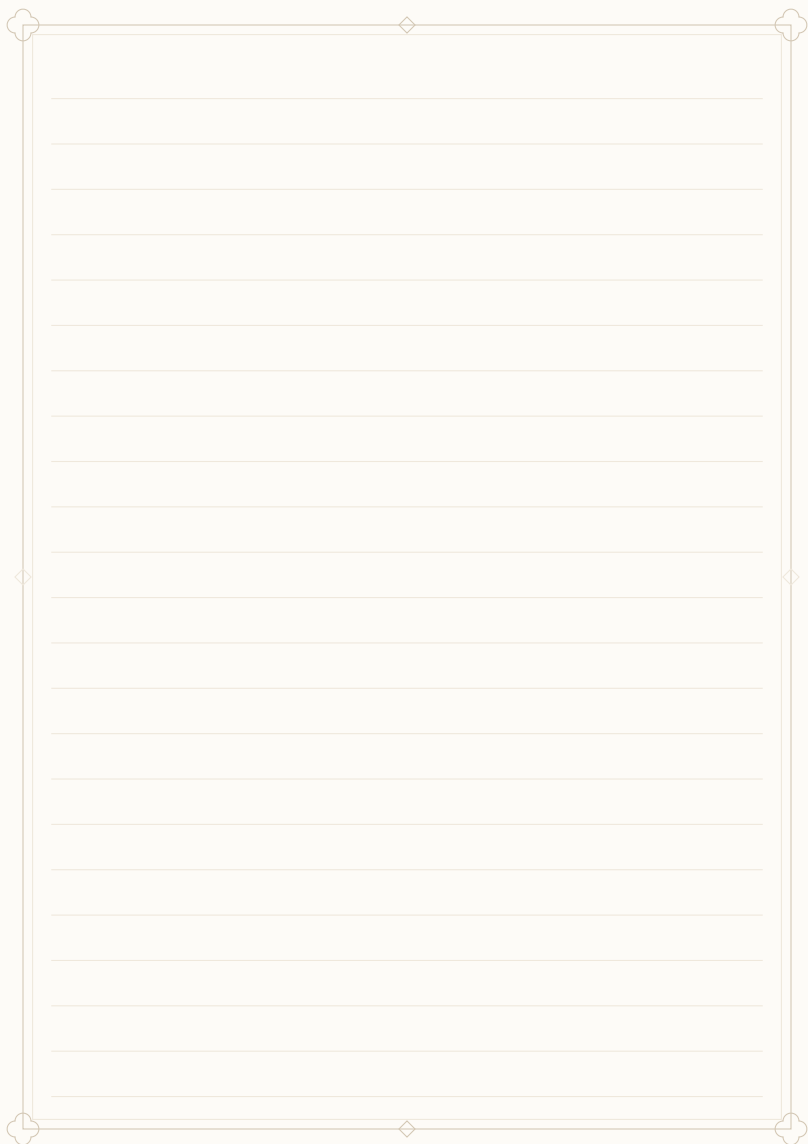

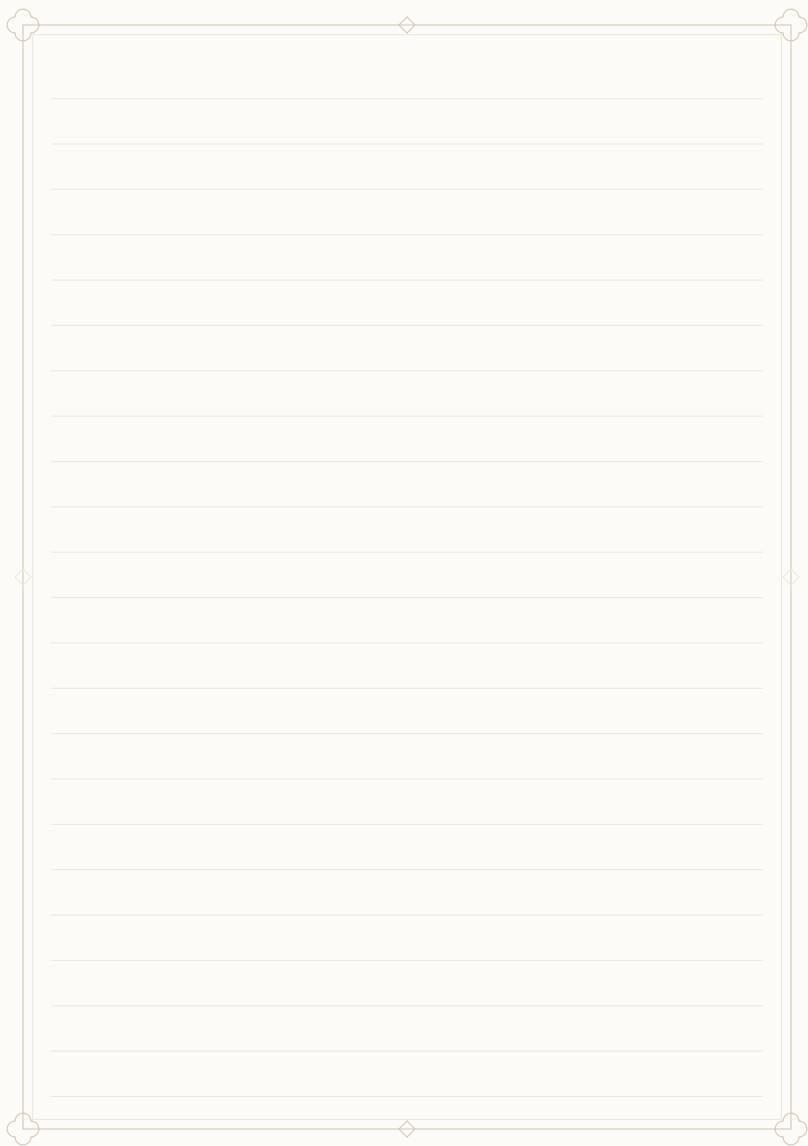

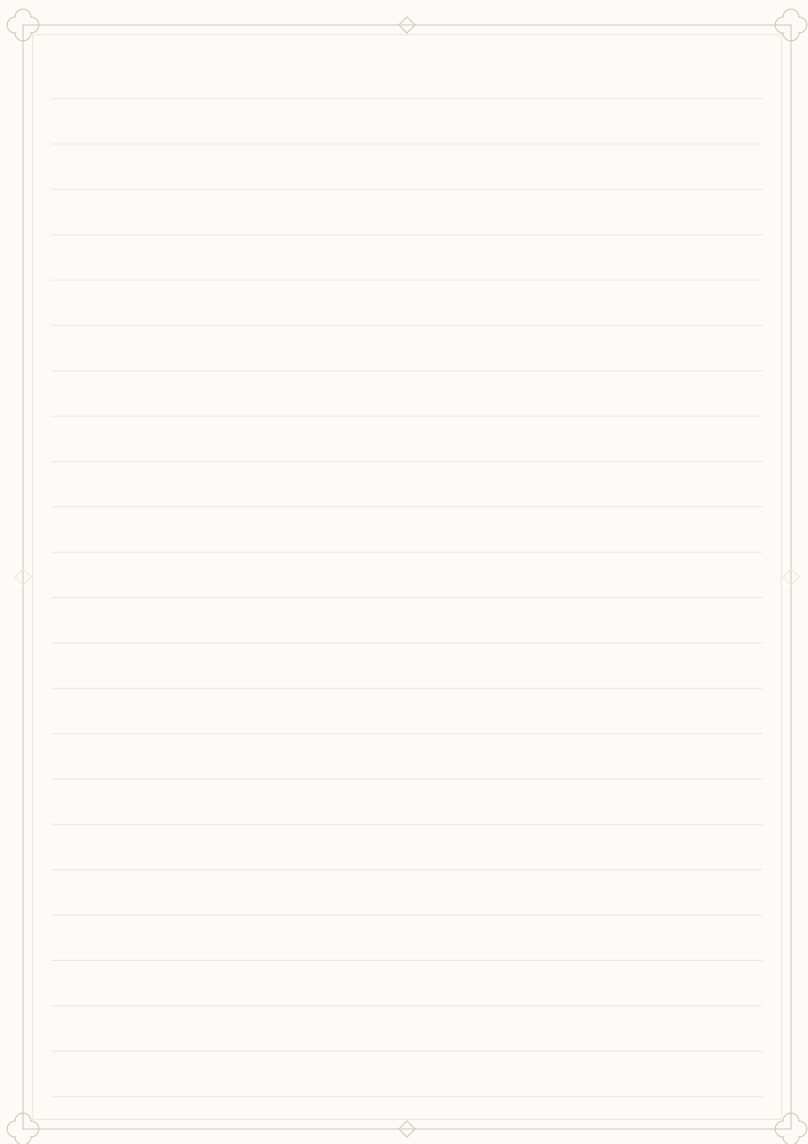

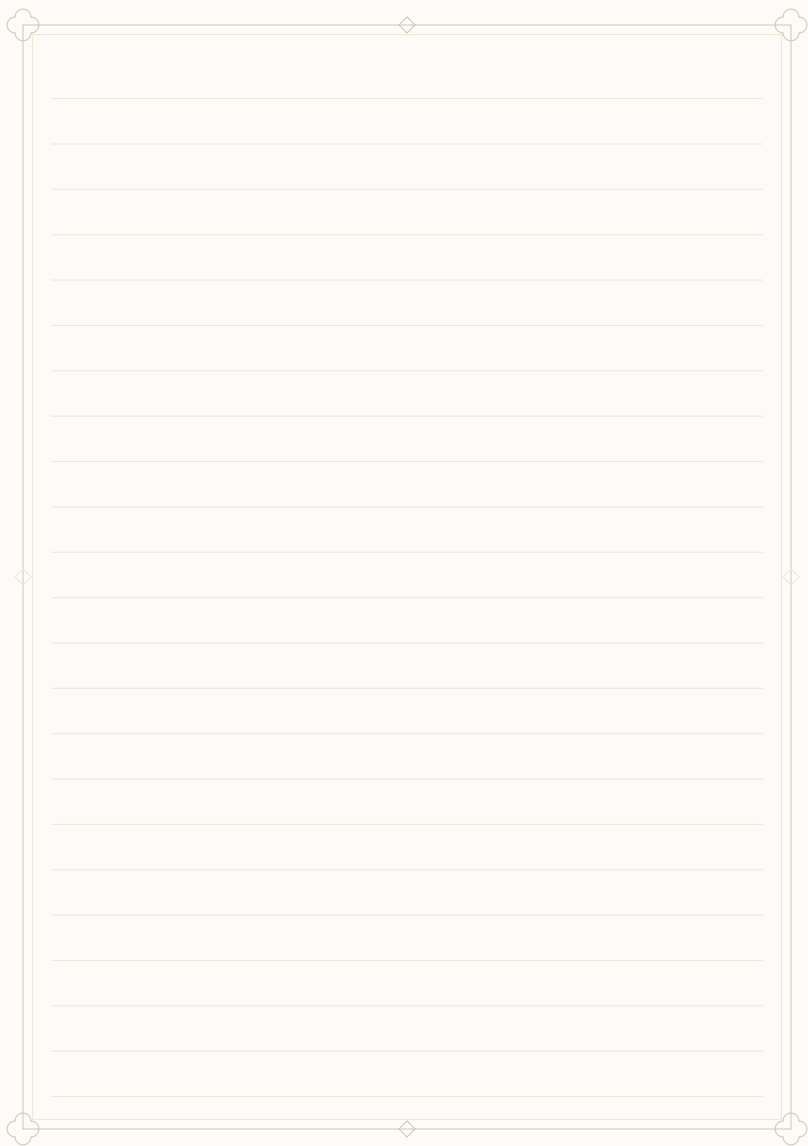

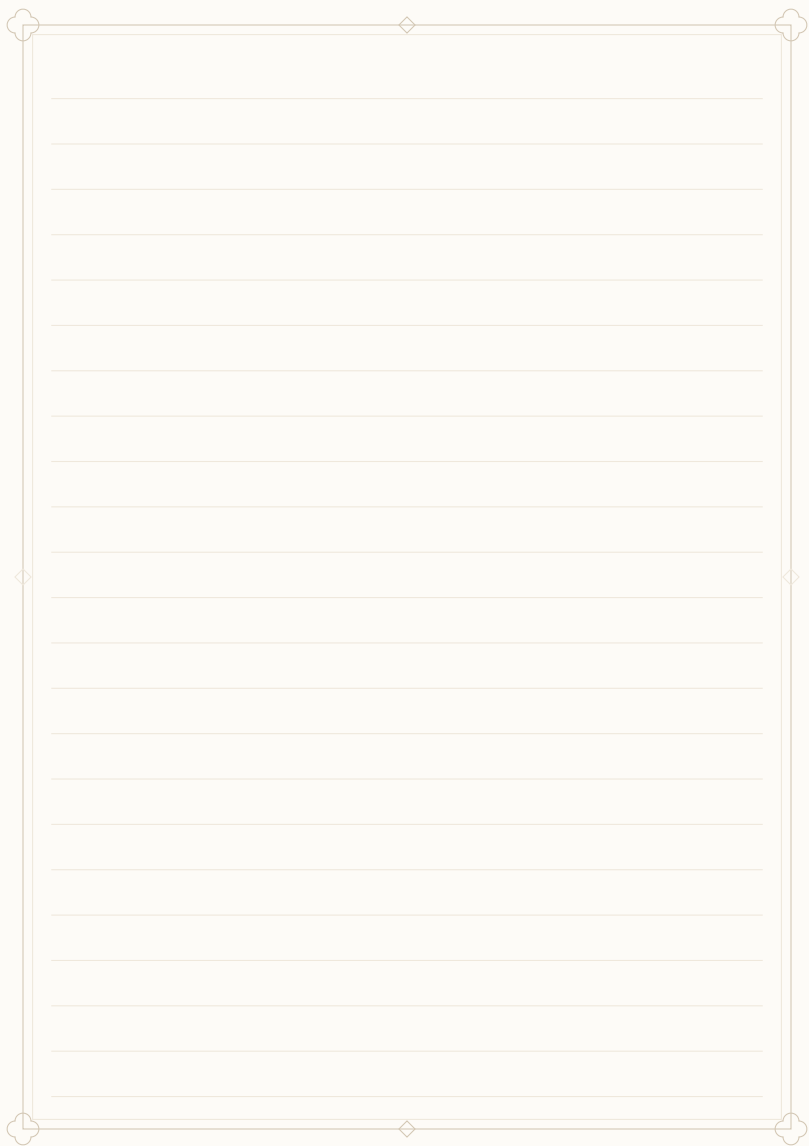

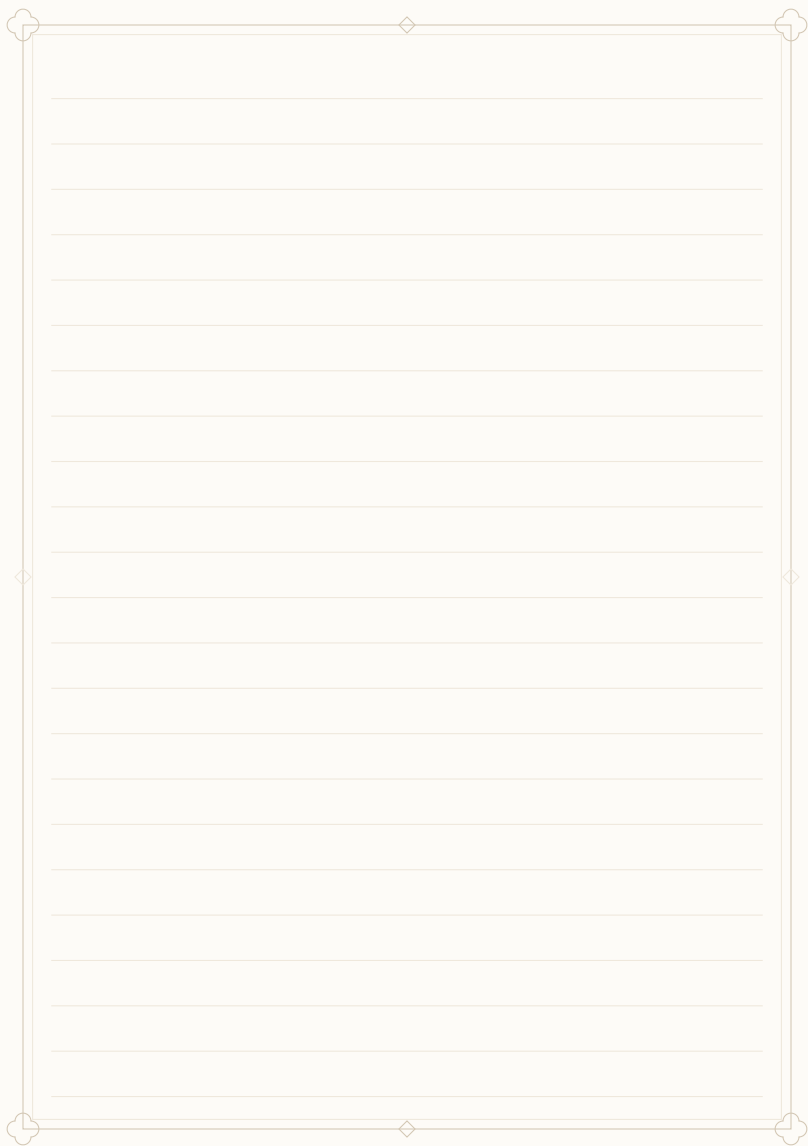

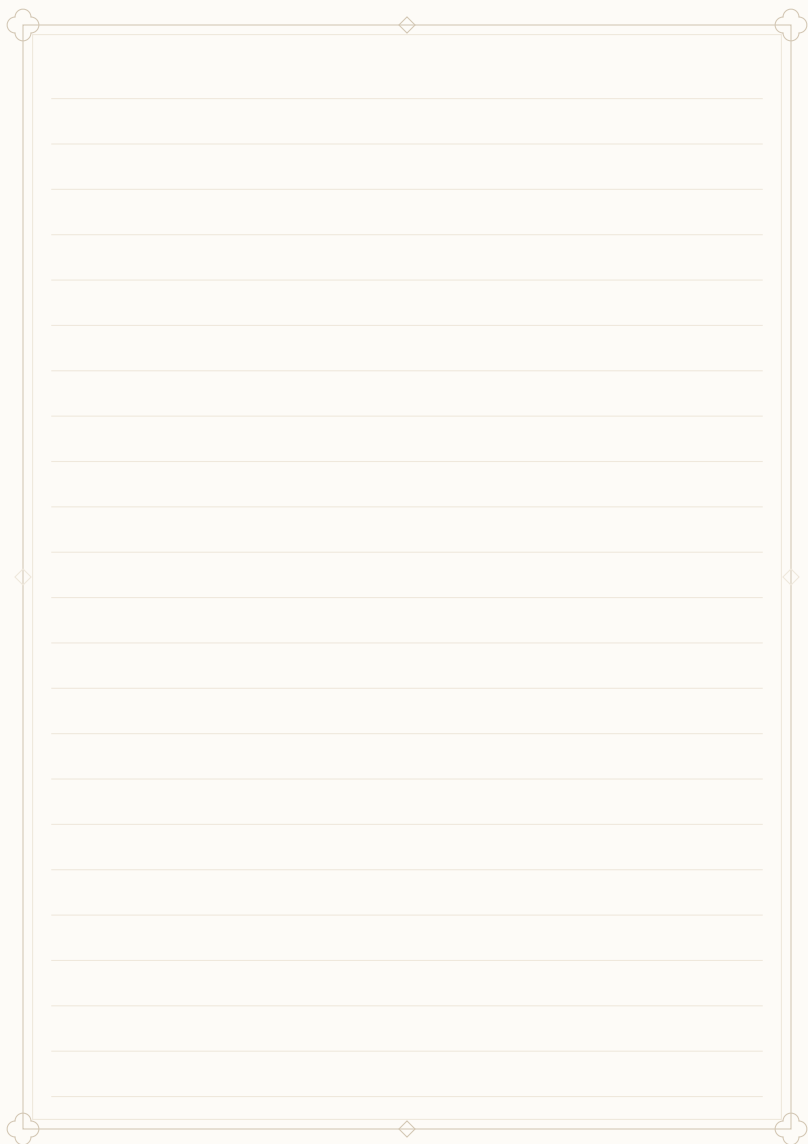

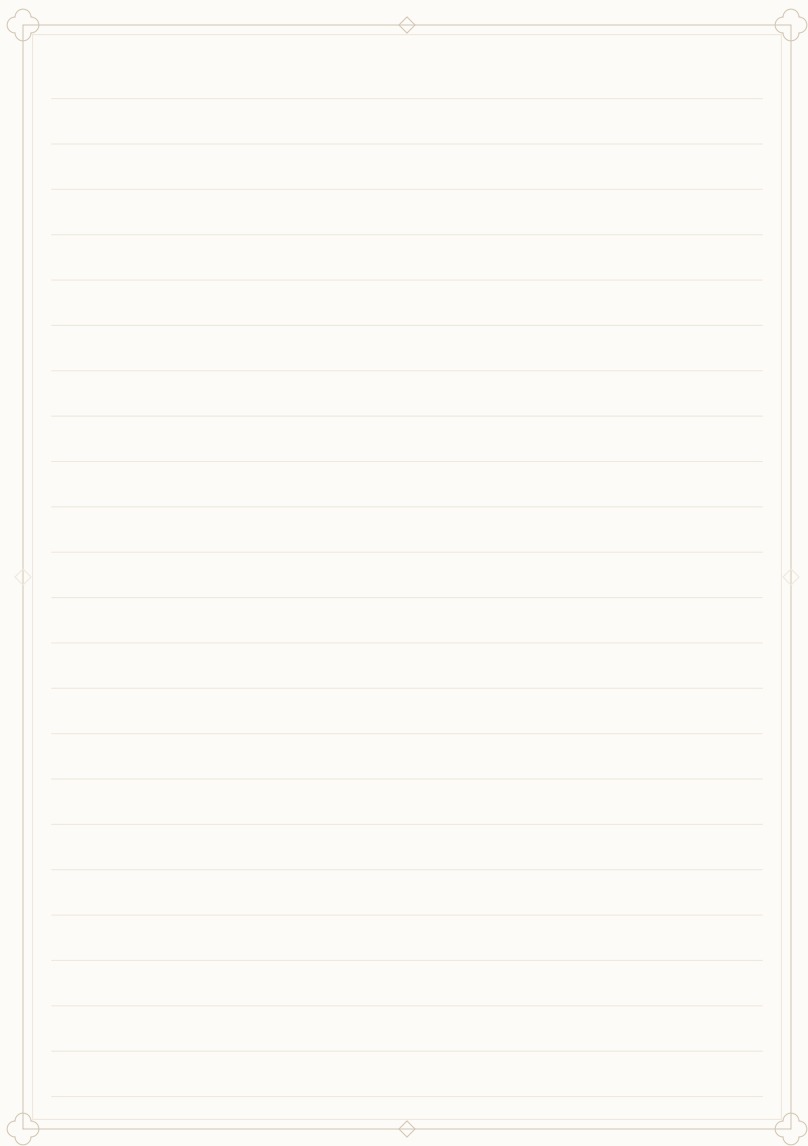

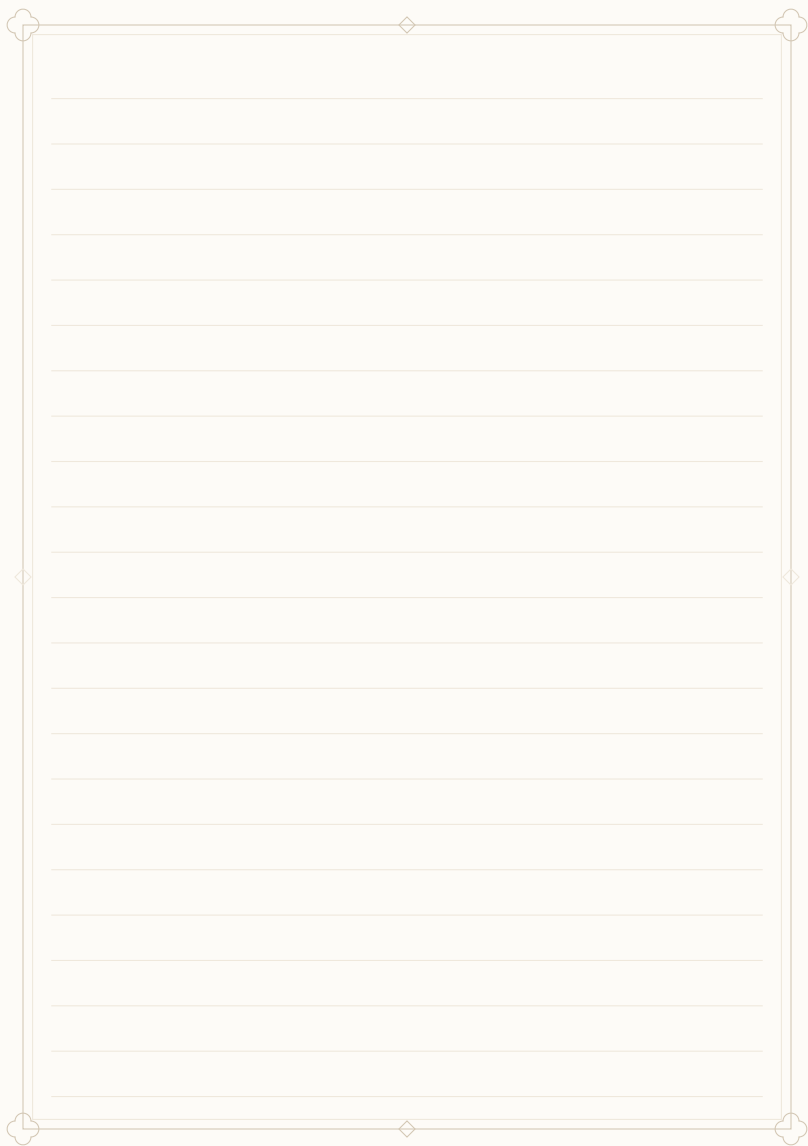

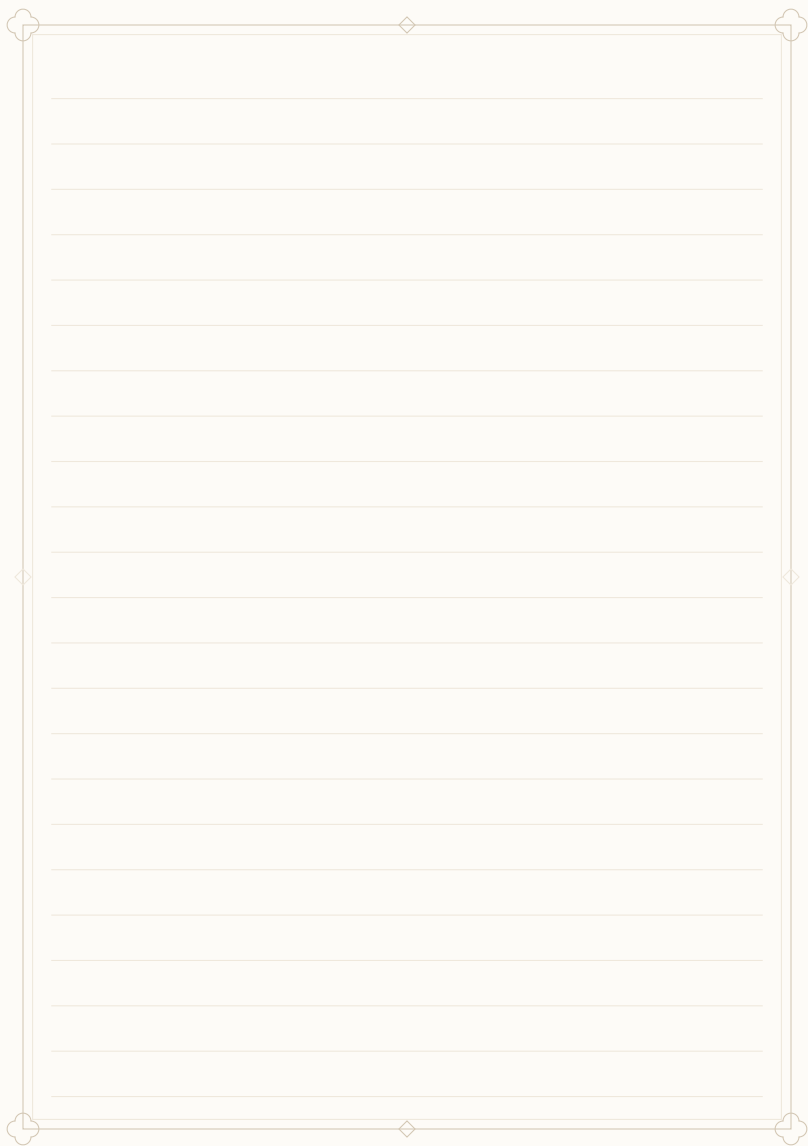

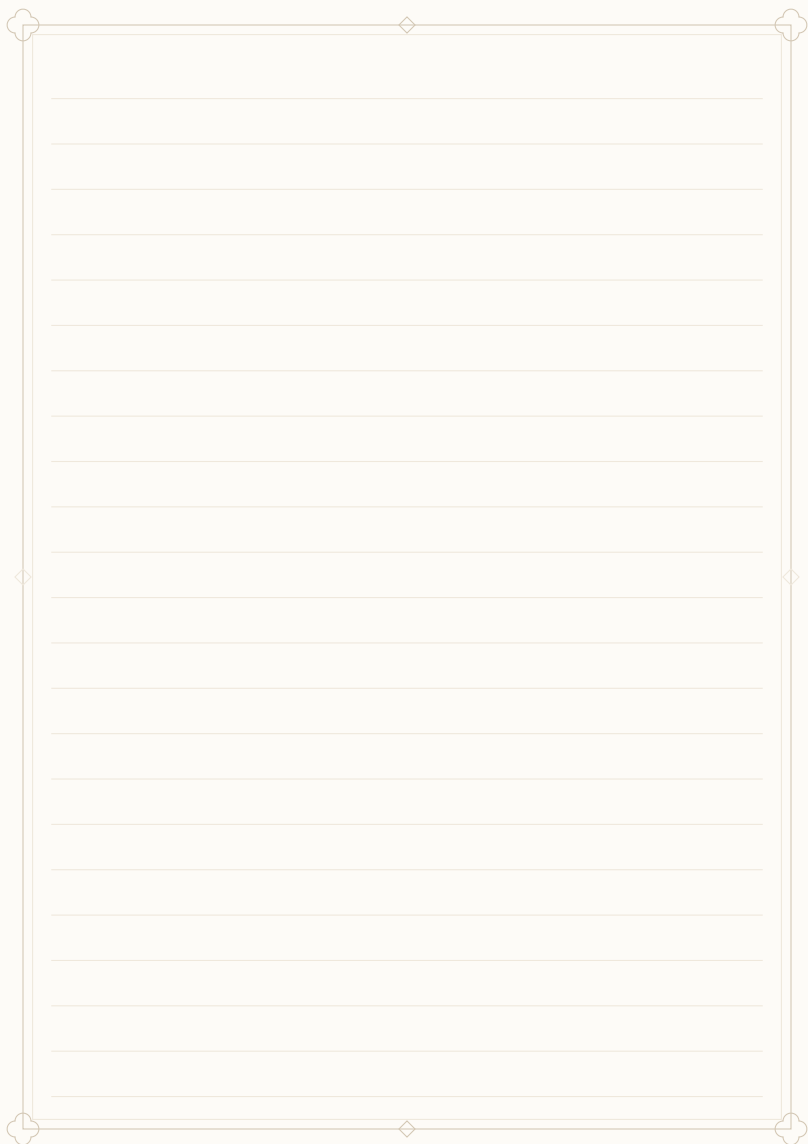

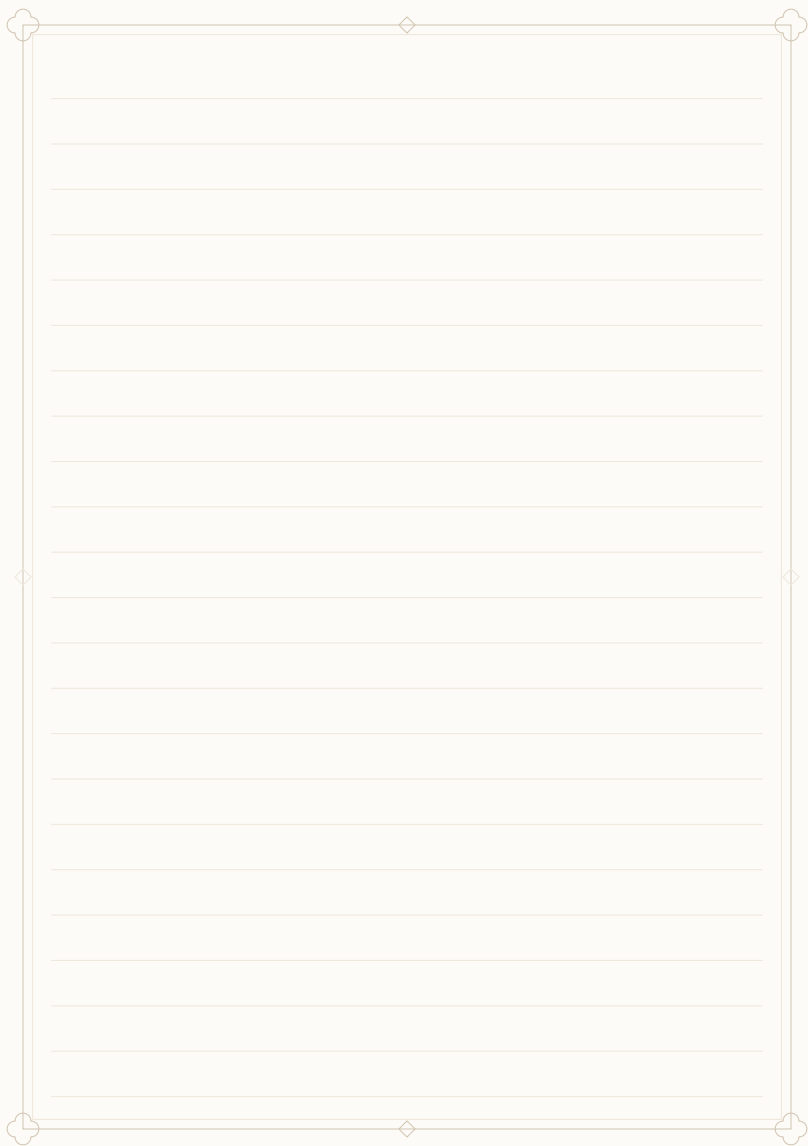

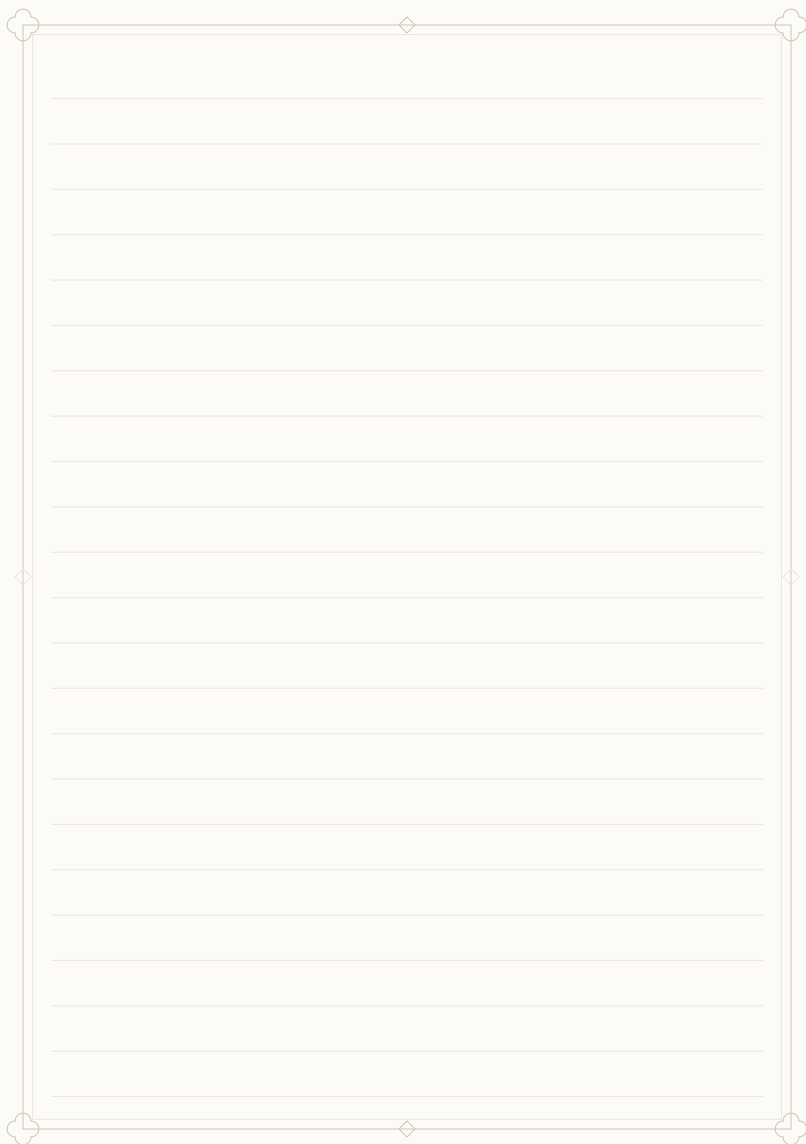

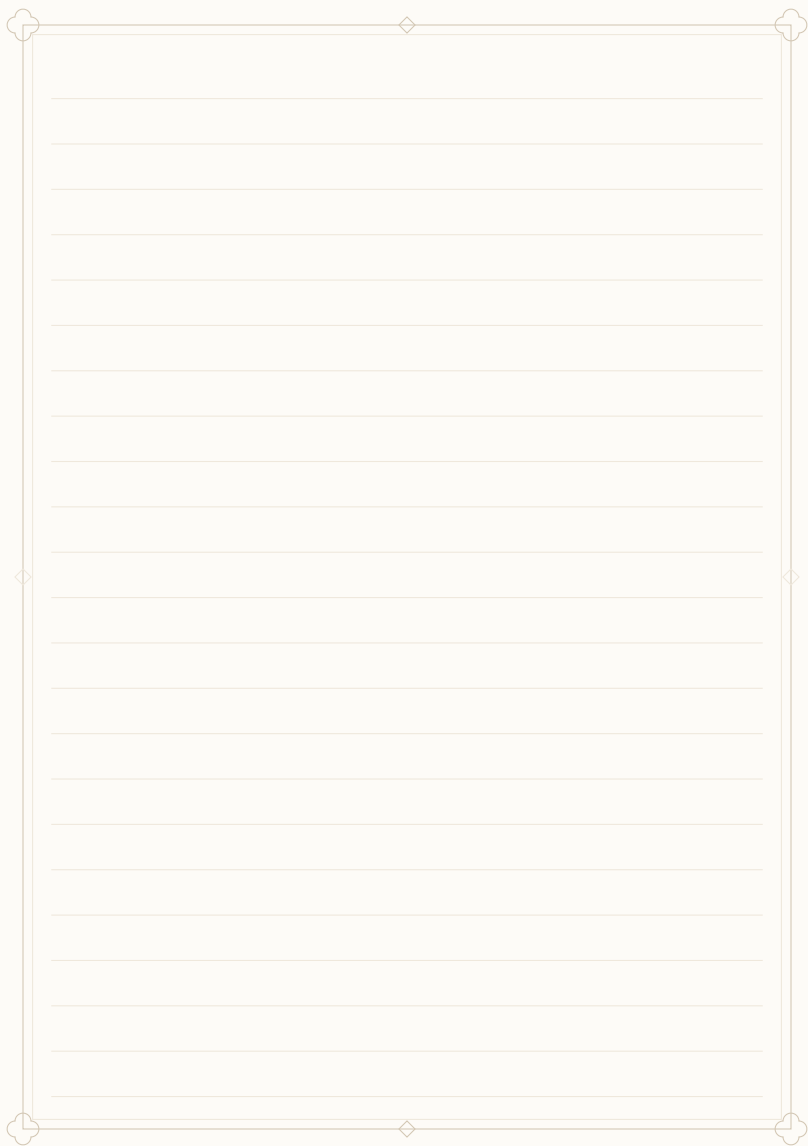

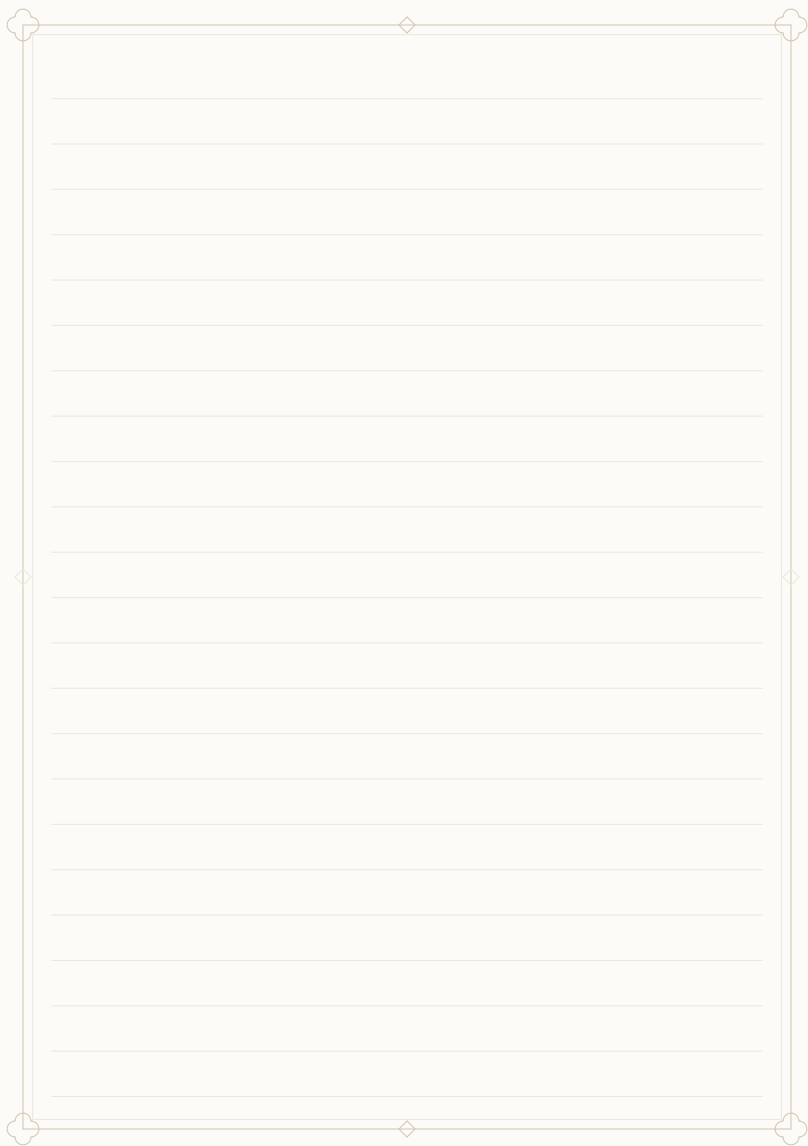

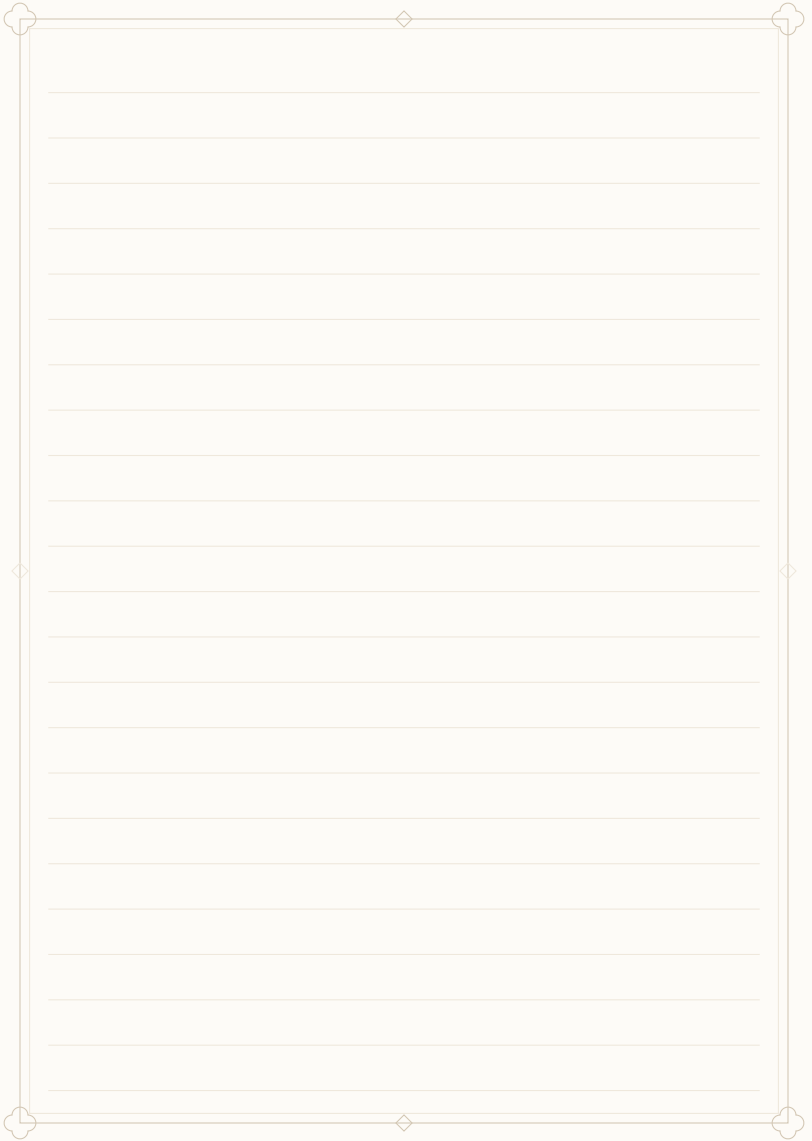

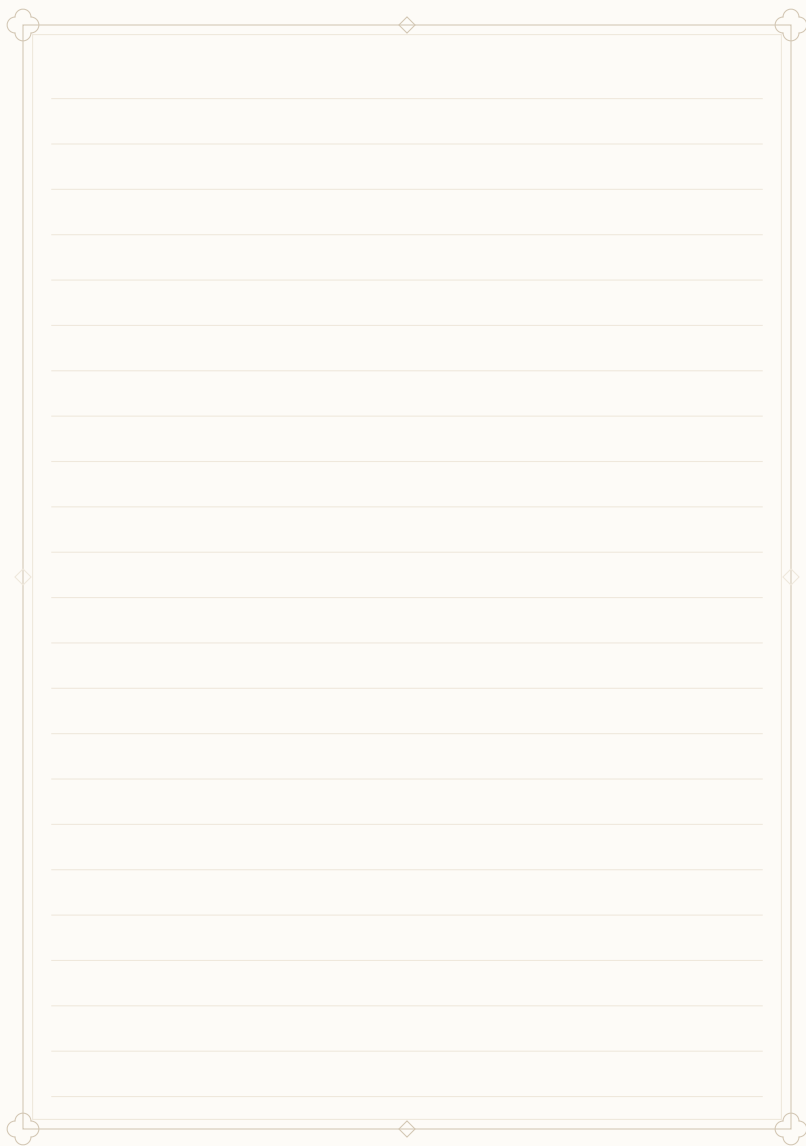

A blank sheet of lined paper with a decorative border. The border consists of a double-line rectangular frame. At each of the four corners, there is a decorative ornament resembling a stylized flower or a cross with rounded ends. Small diamond-shaped markers are placed at the midpoints of each side of the double-line border. The interior of the page is filled with horizontal ruling lines, providing a space for writing.

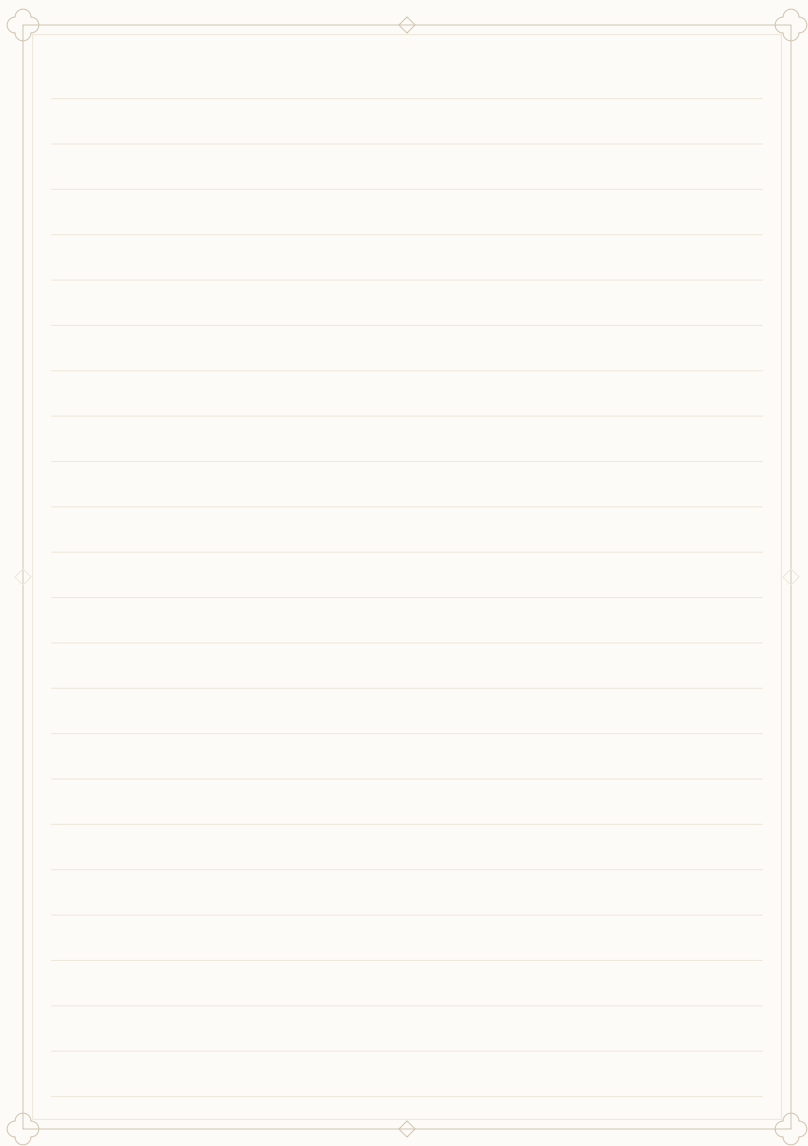

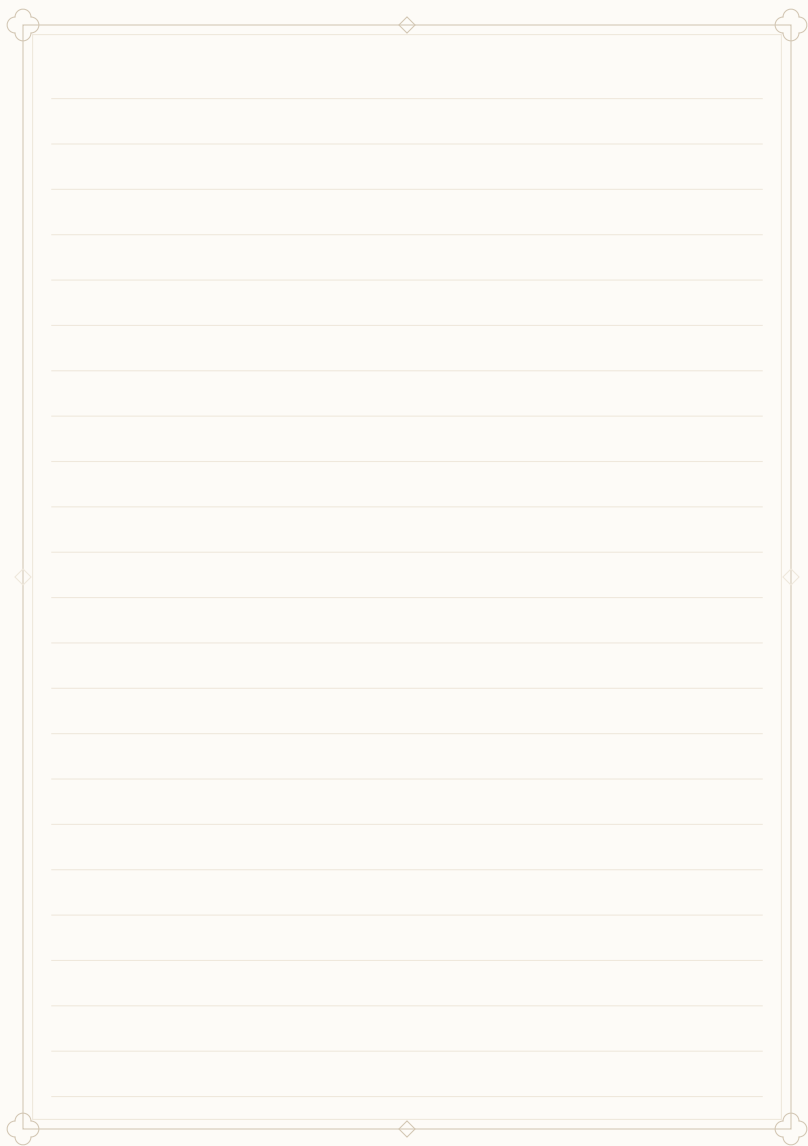

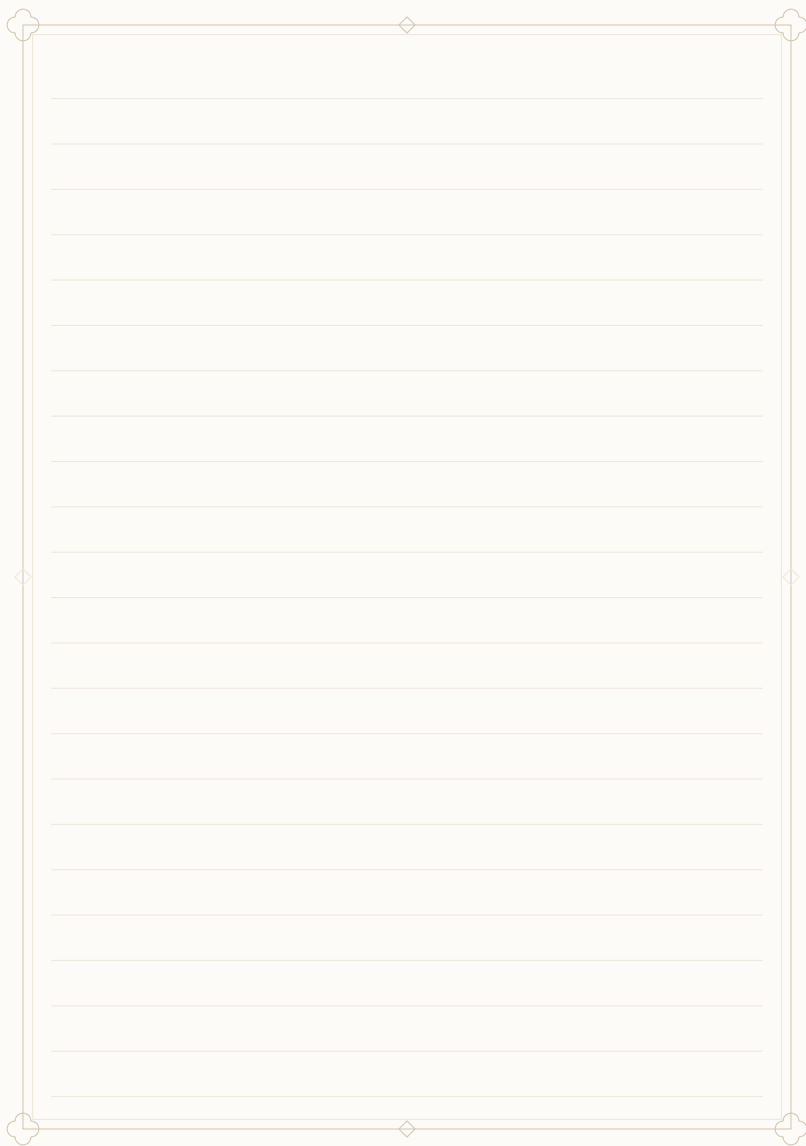

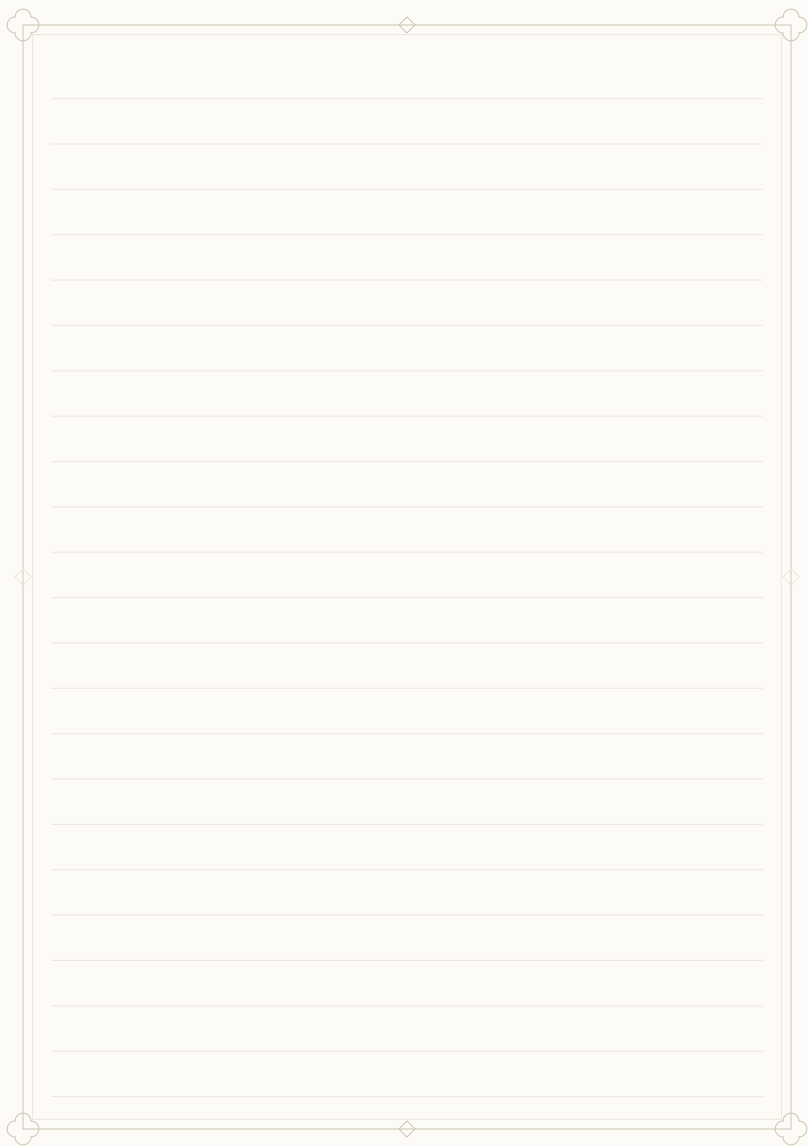

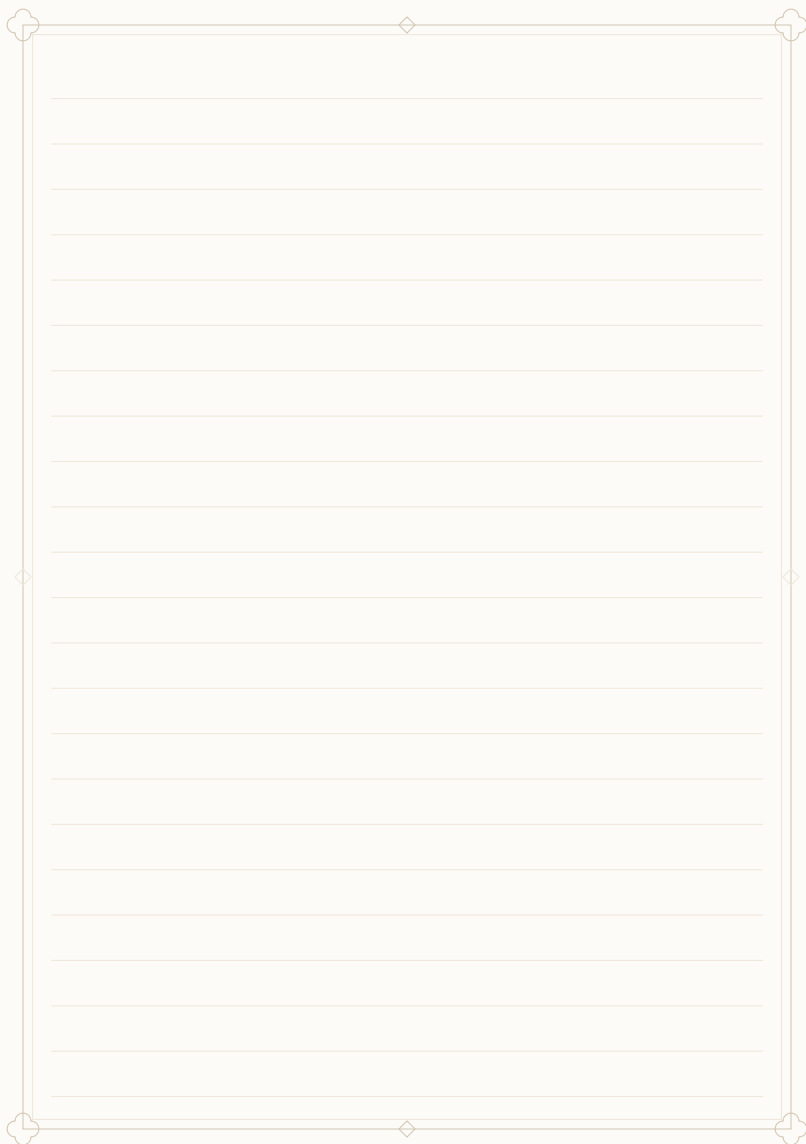

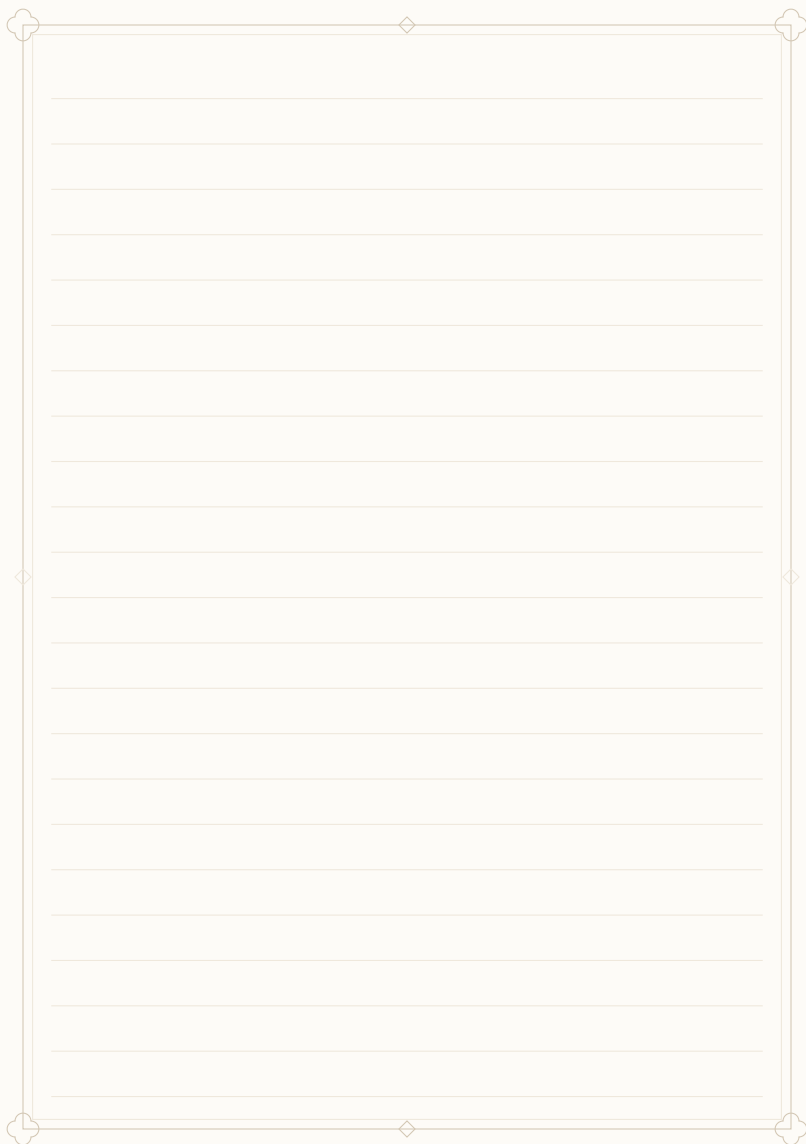

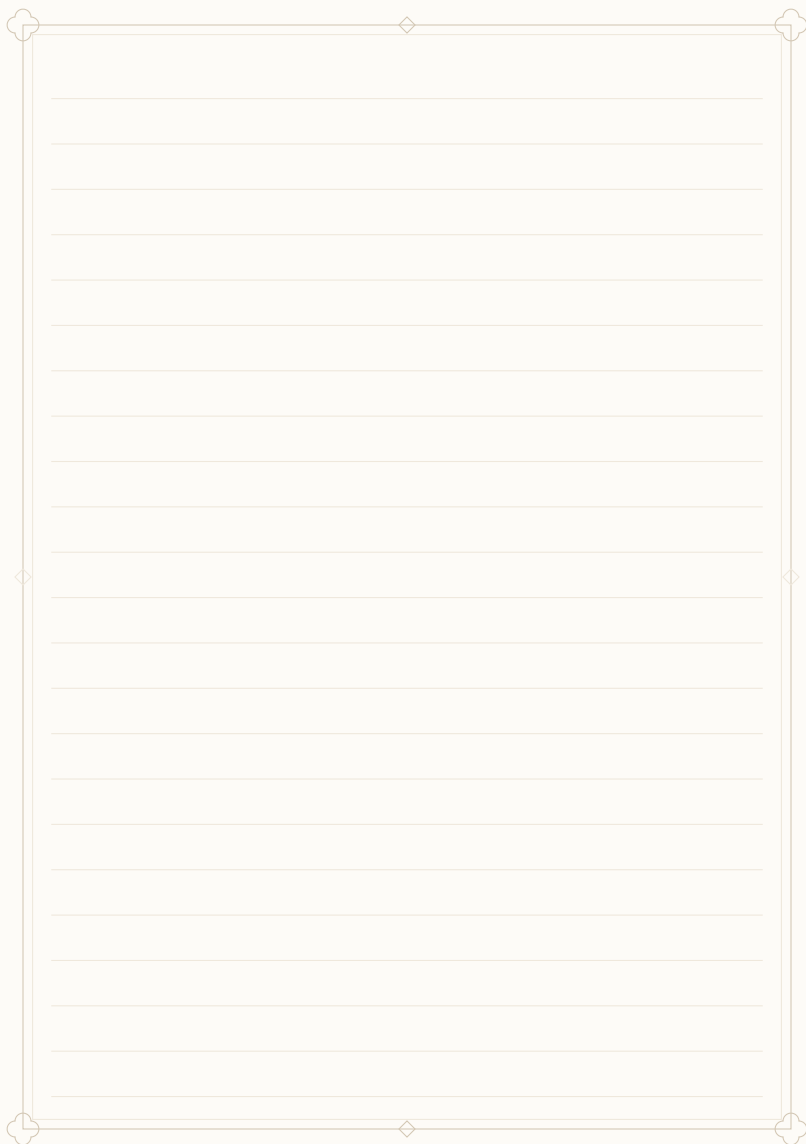

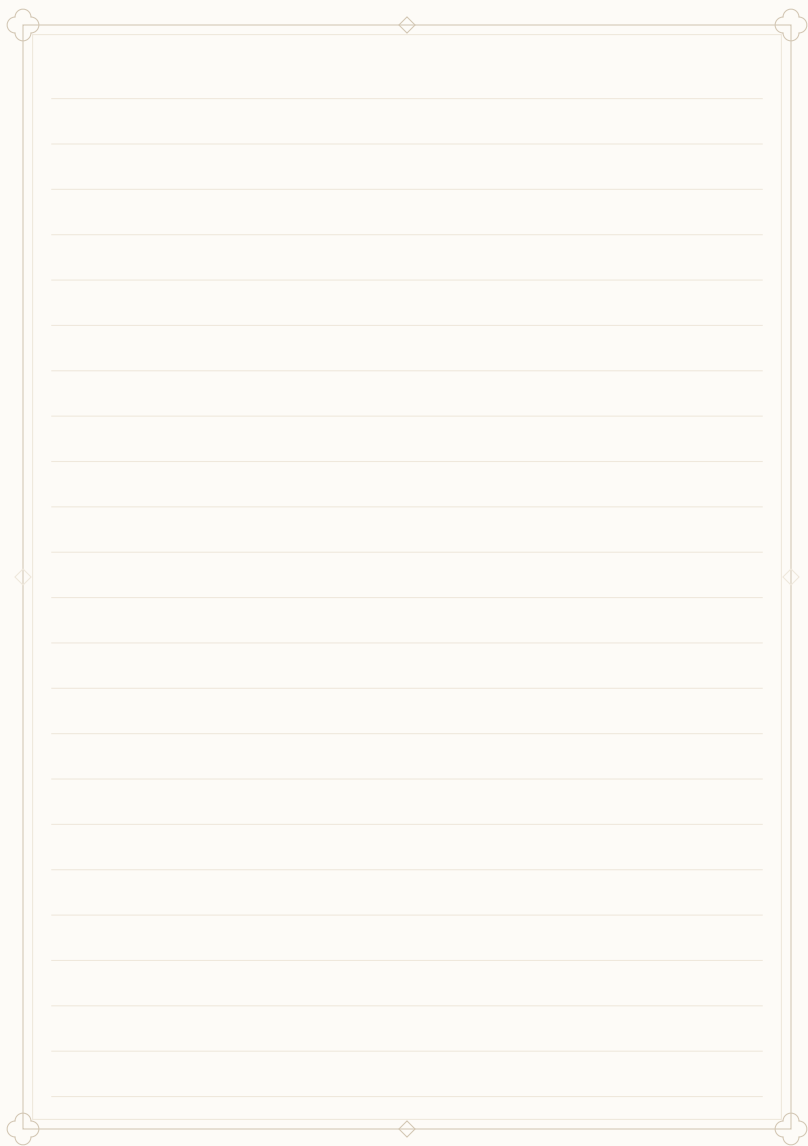

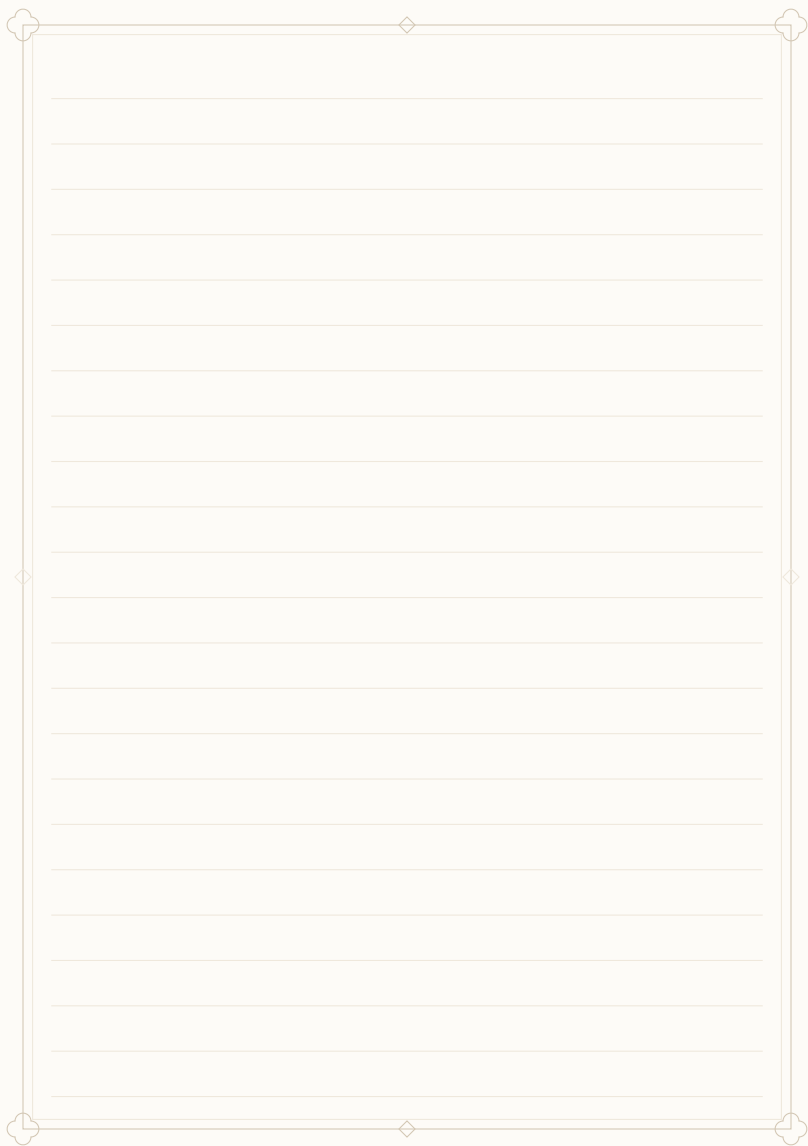

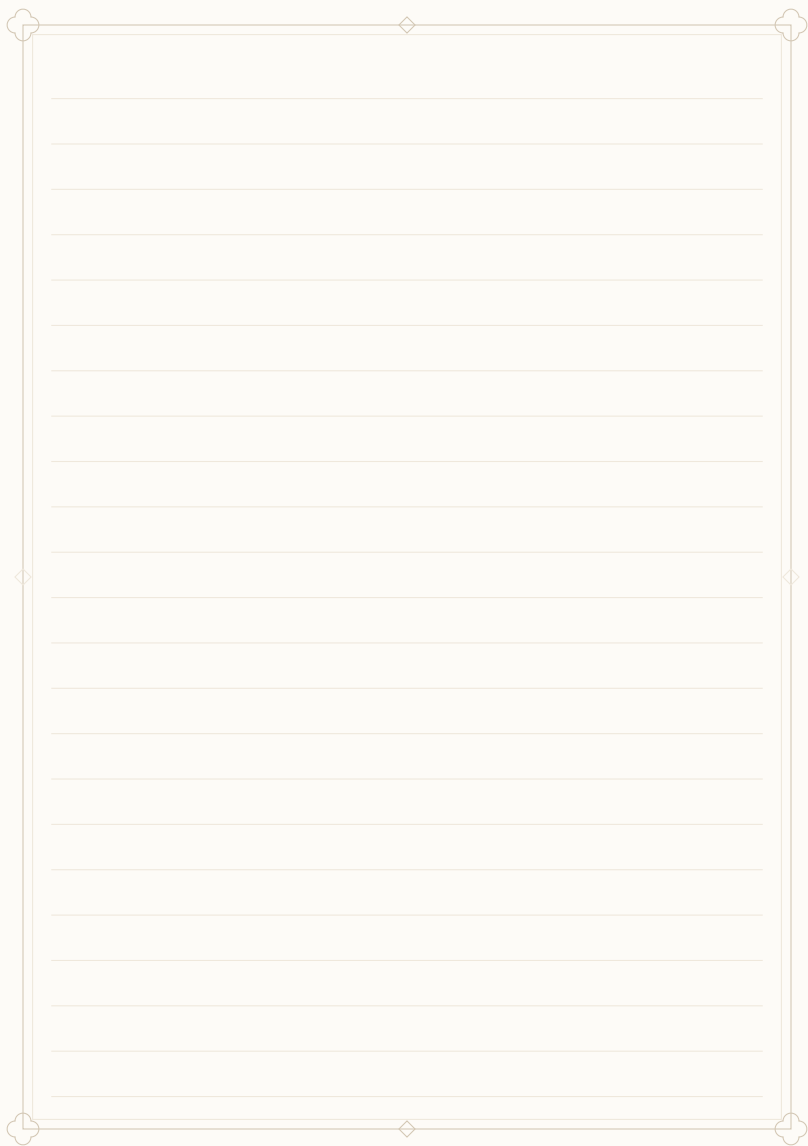

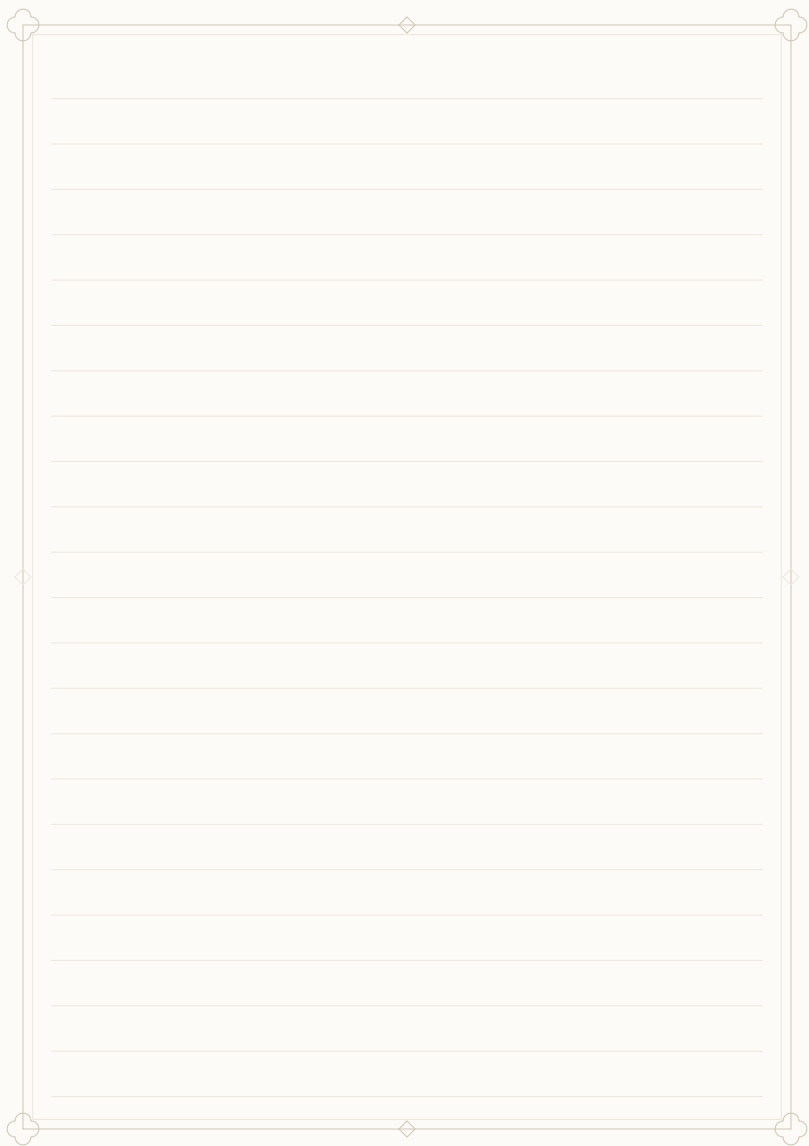

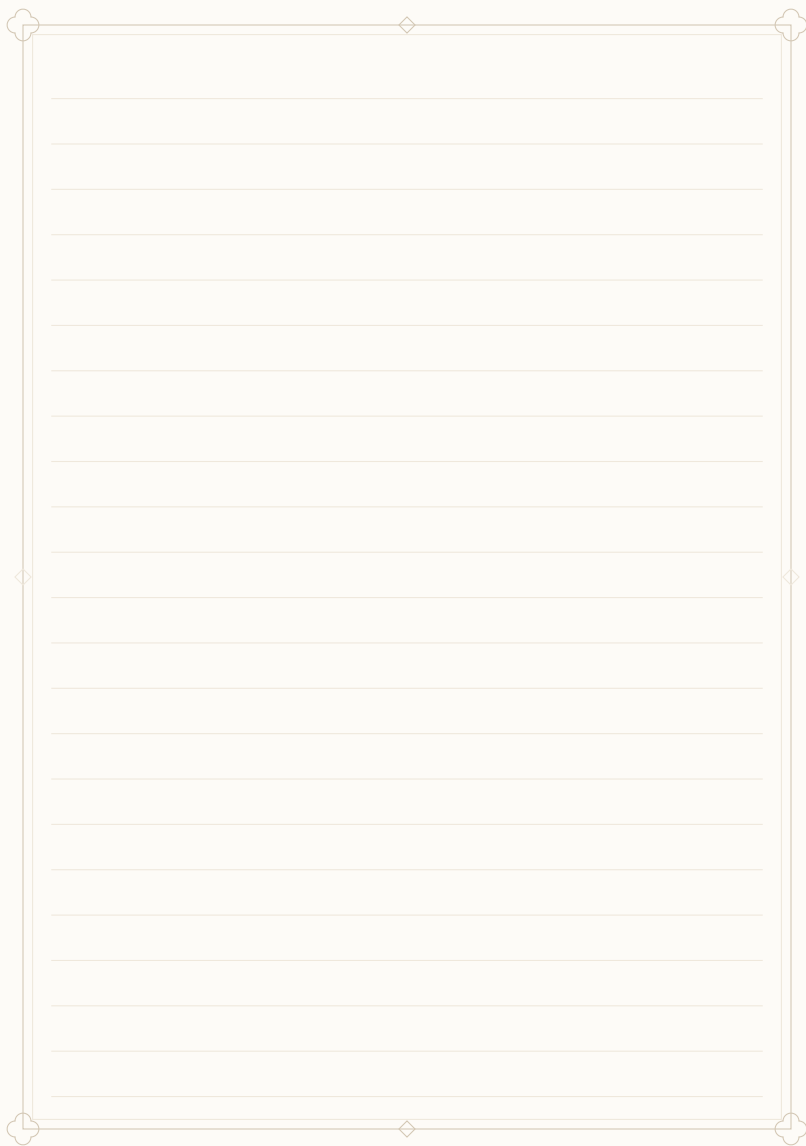

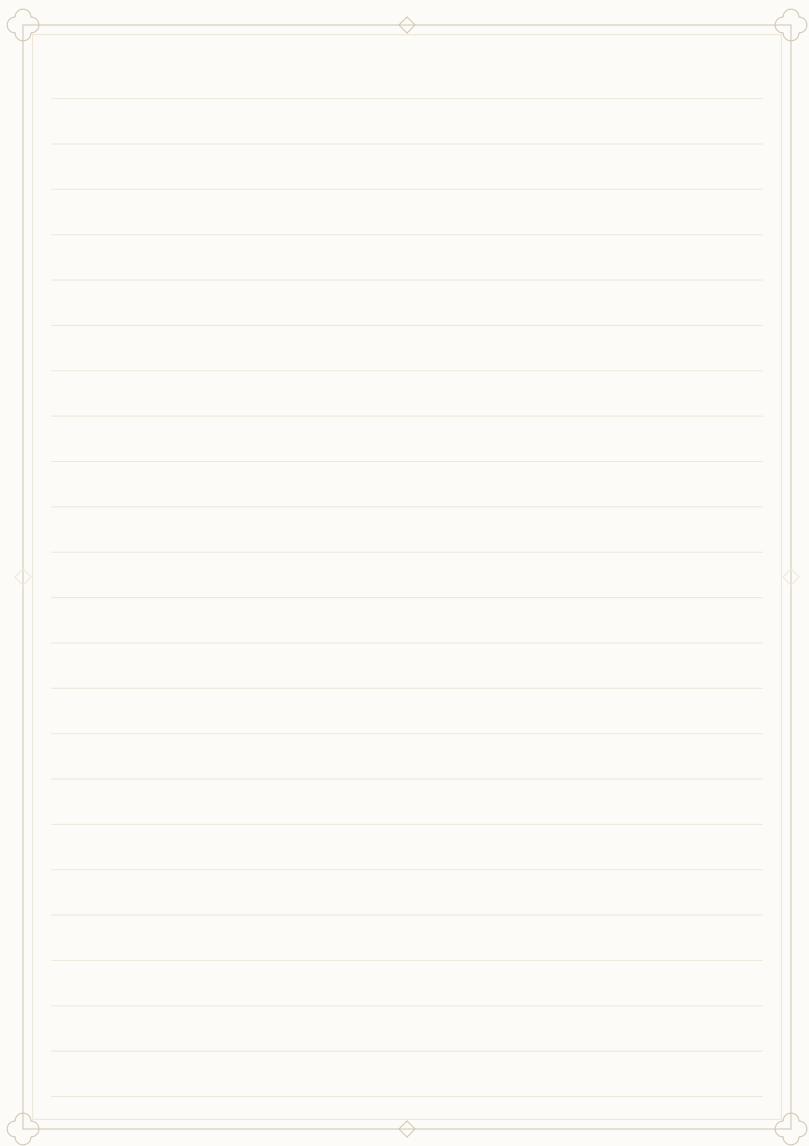

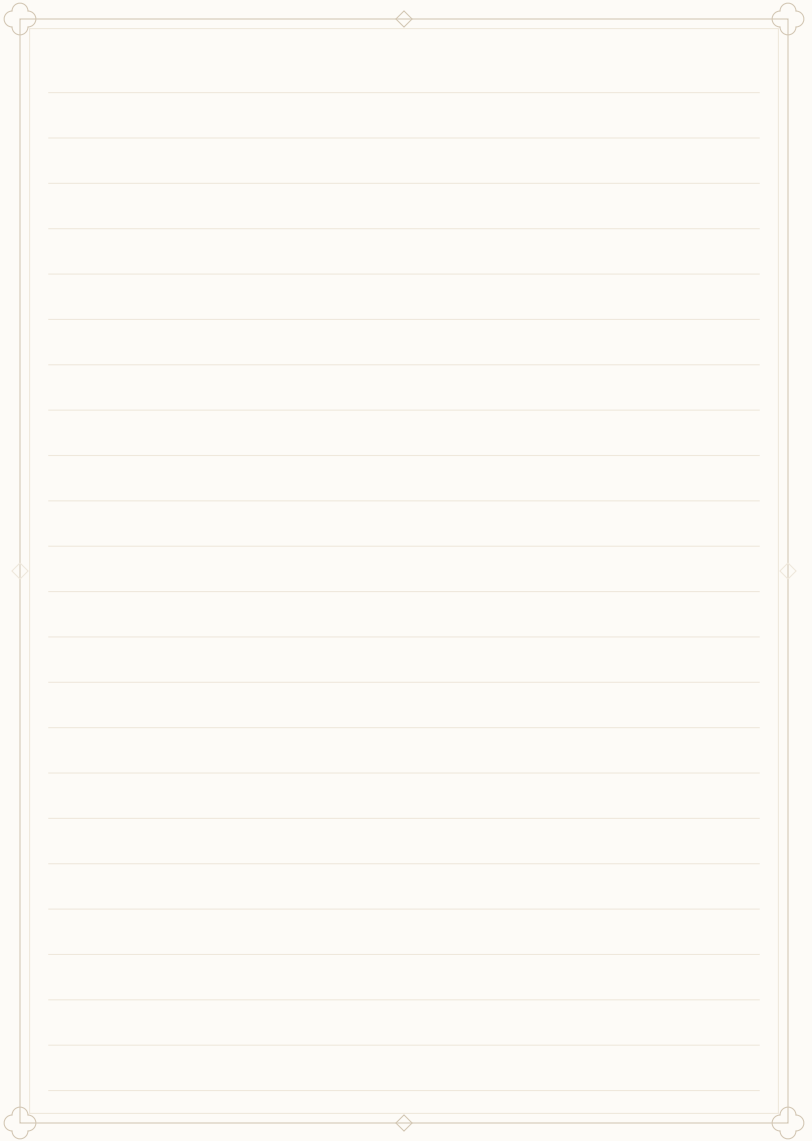

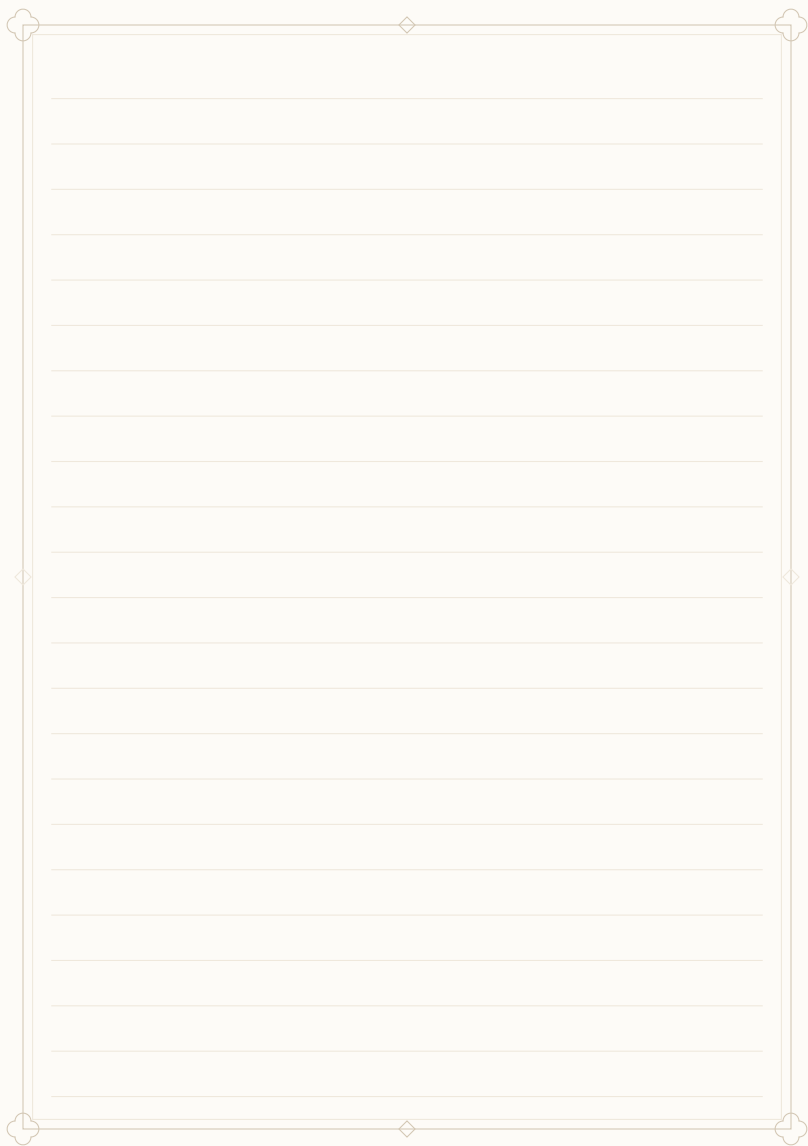

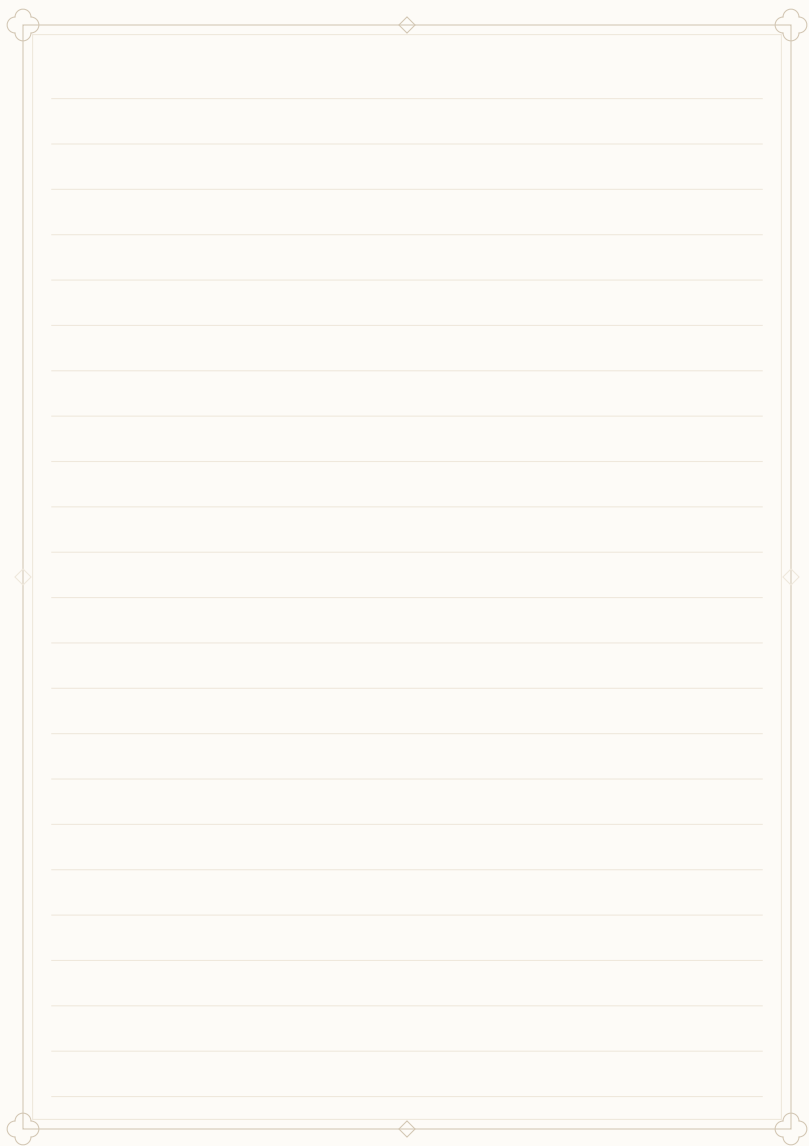

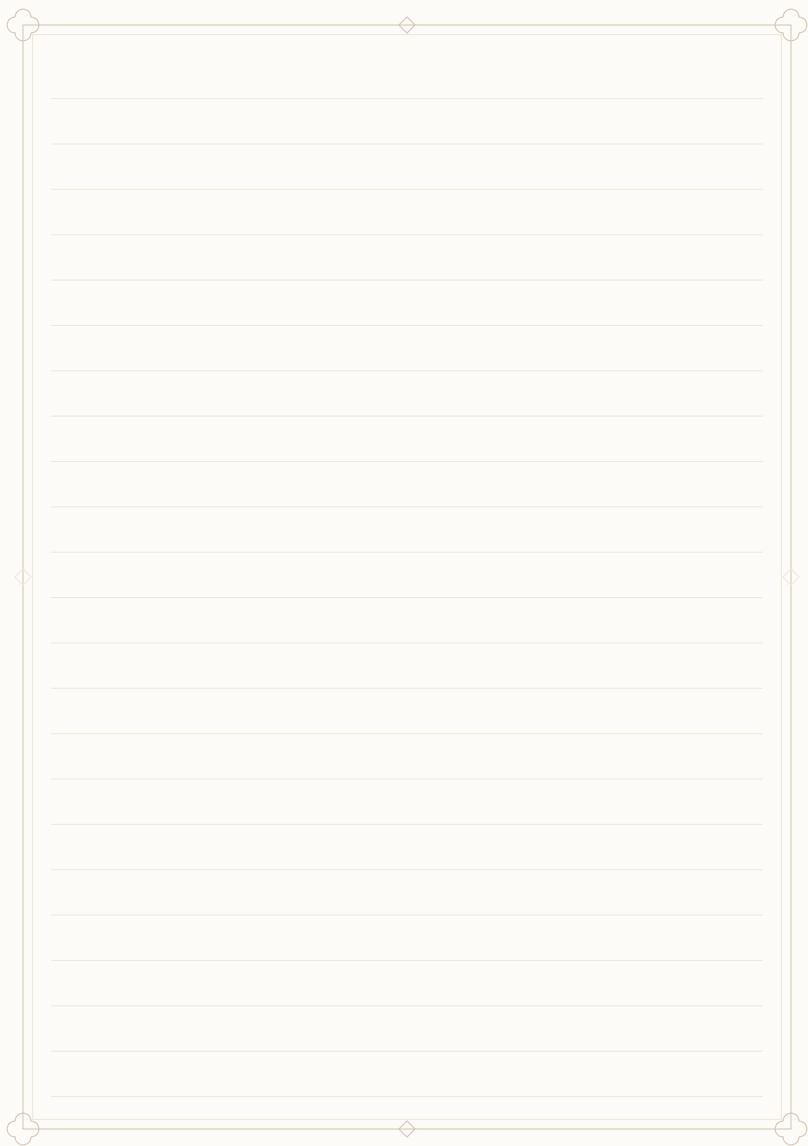

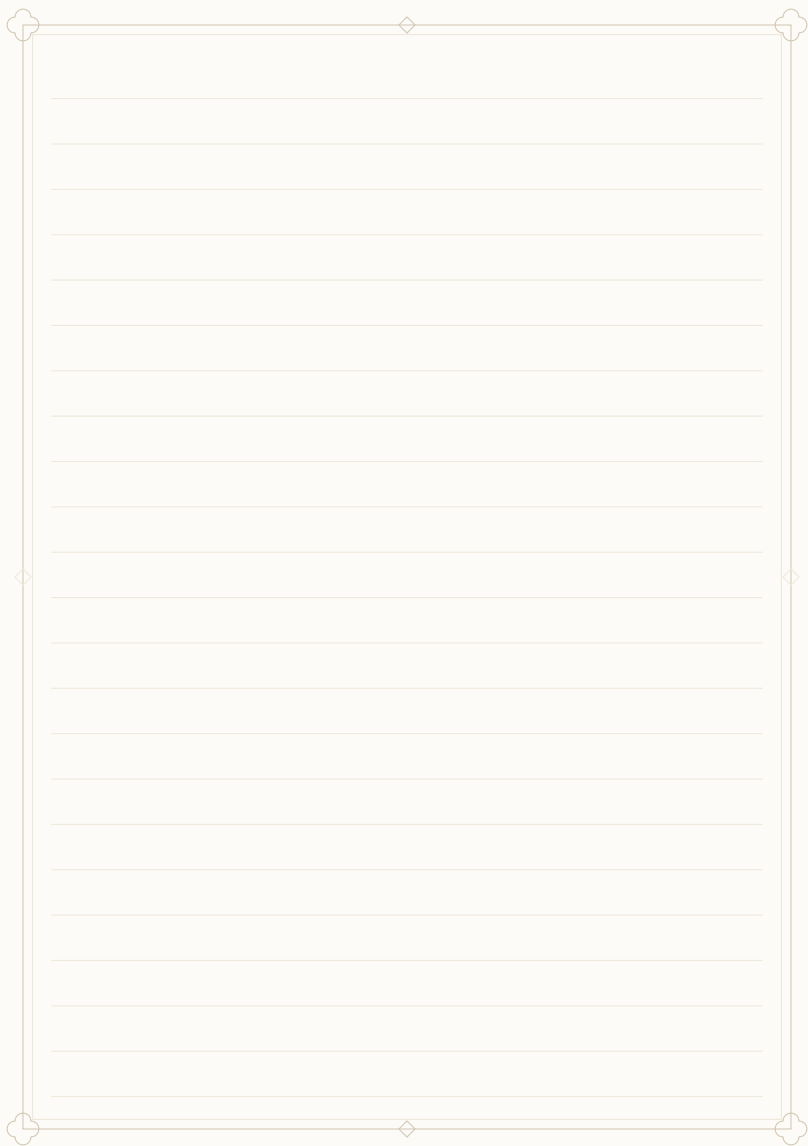

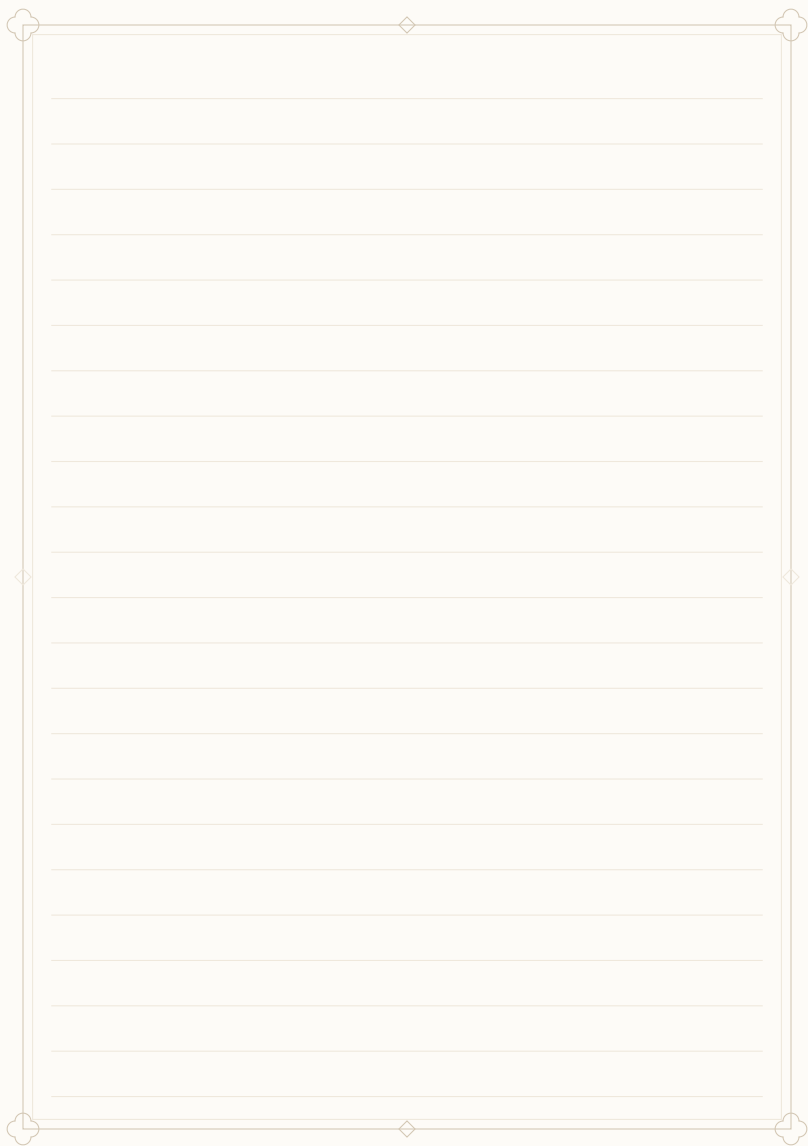

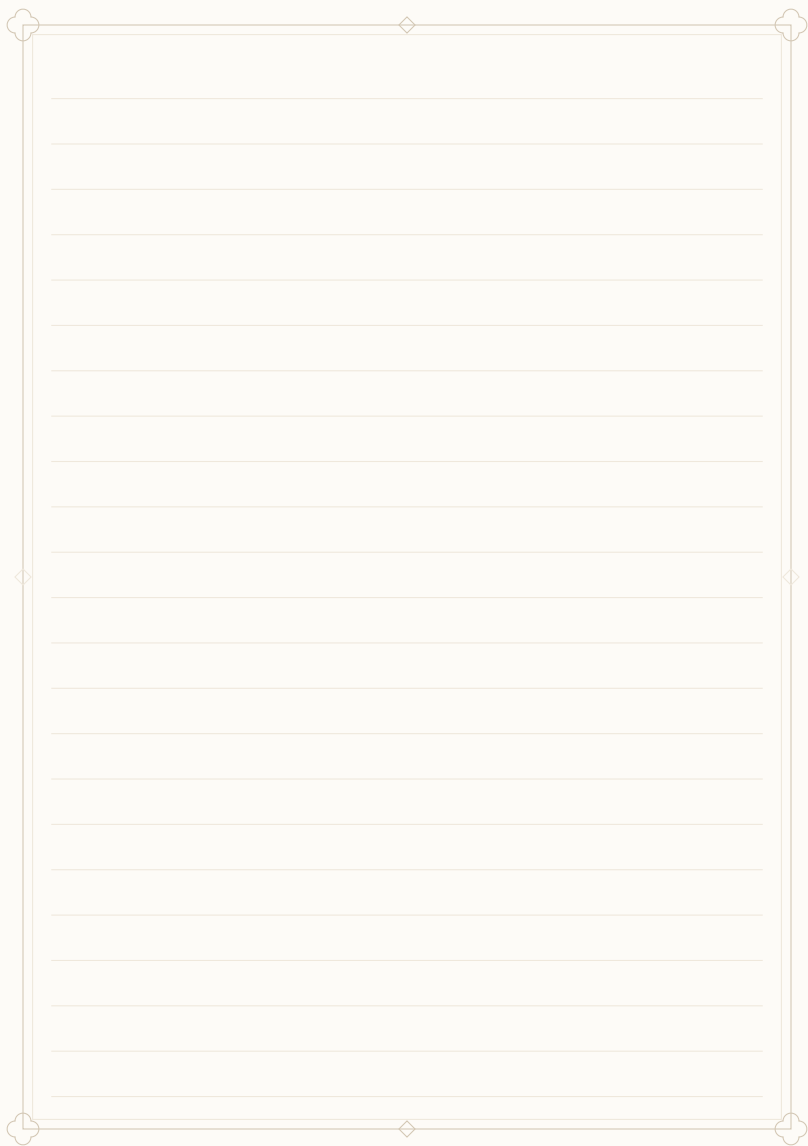

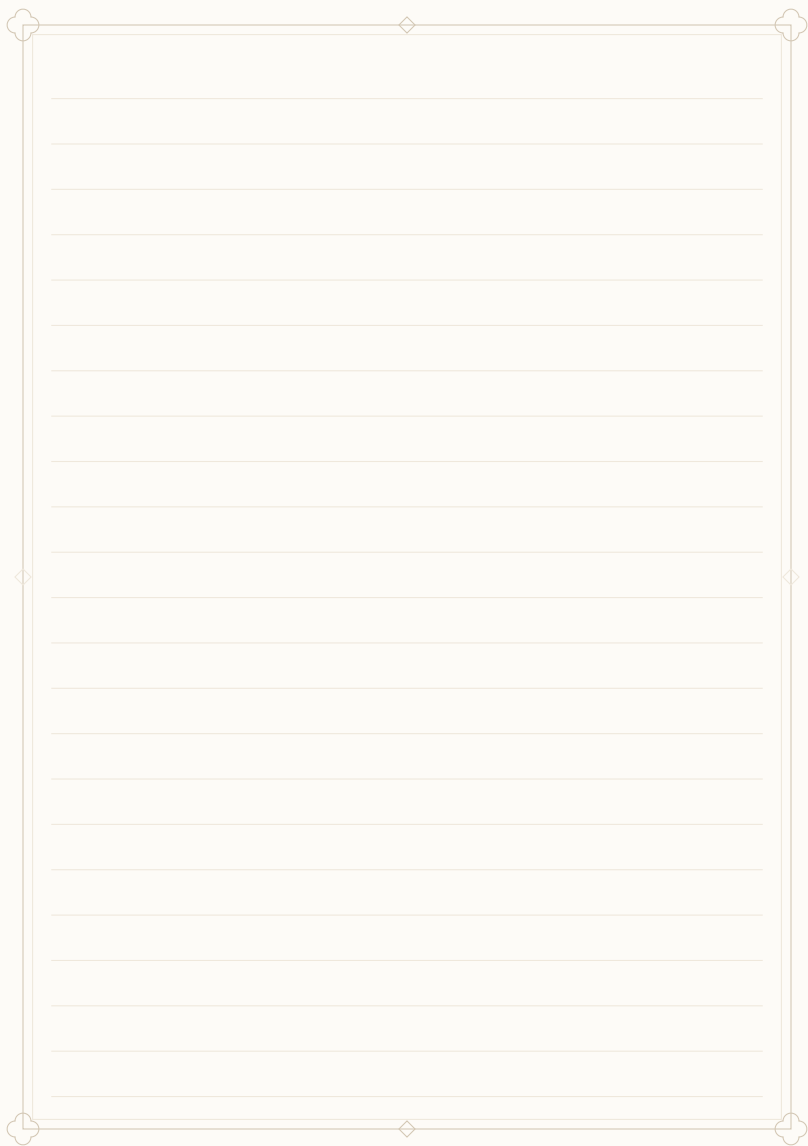

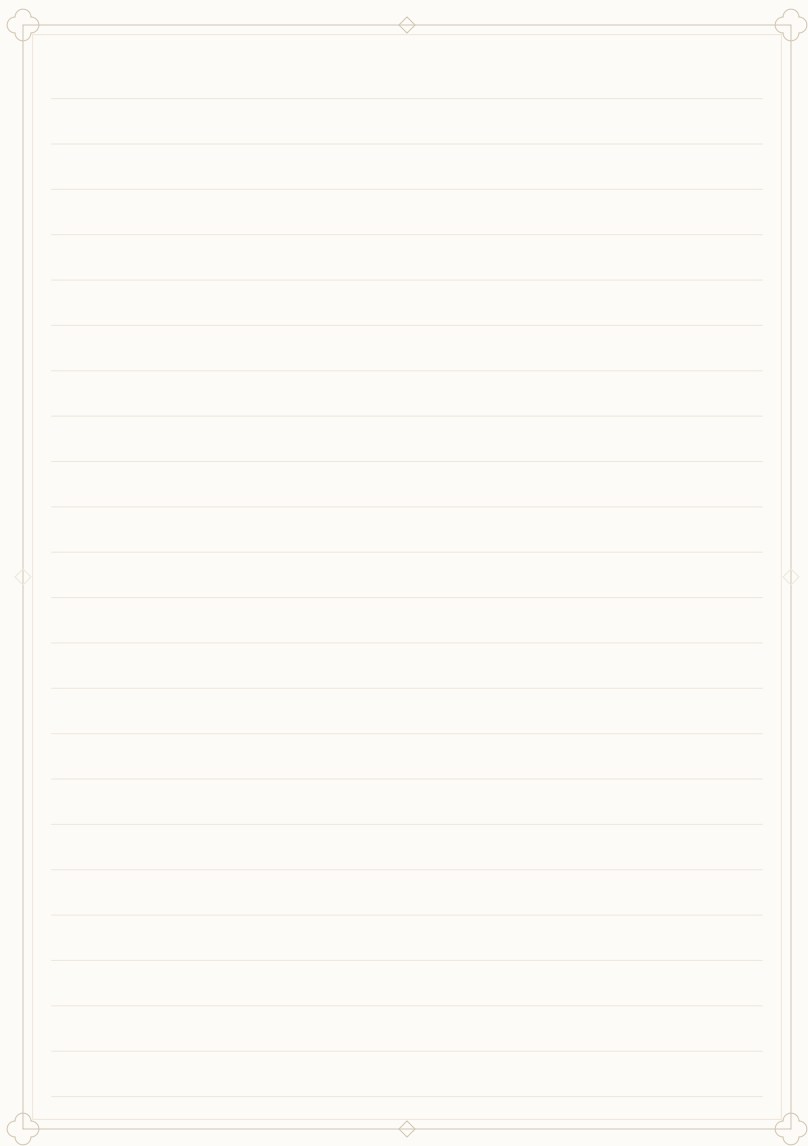

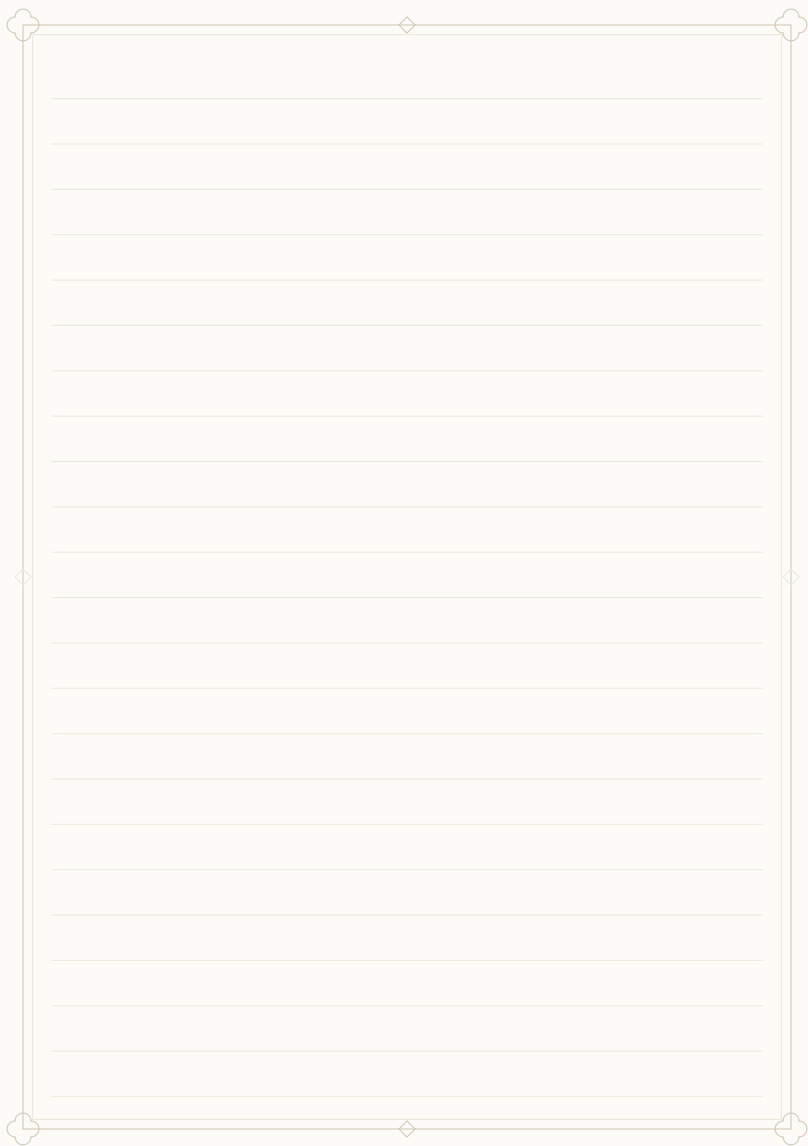

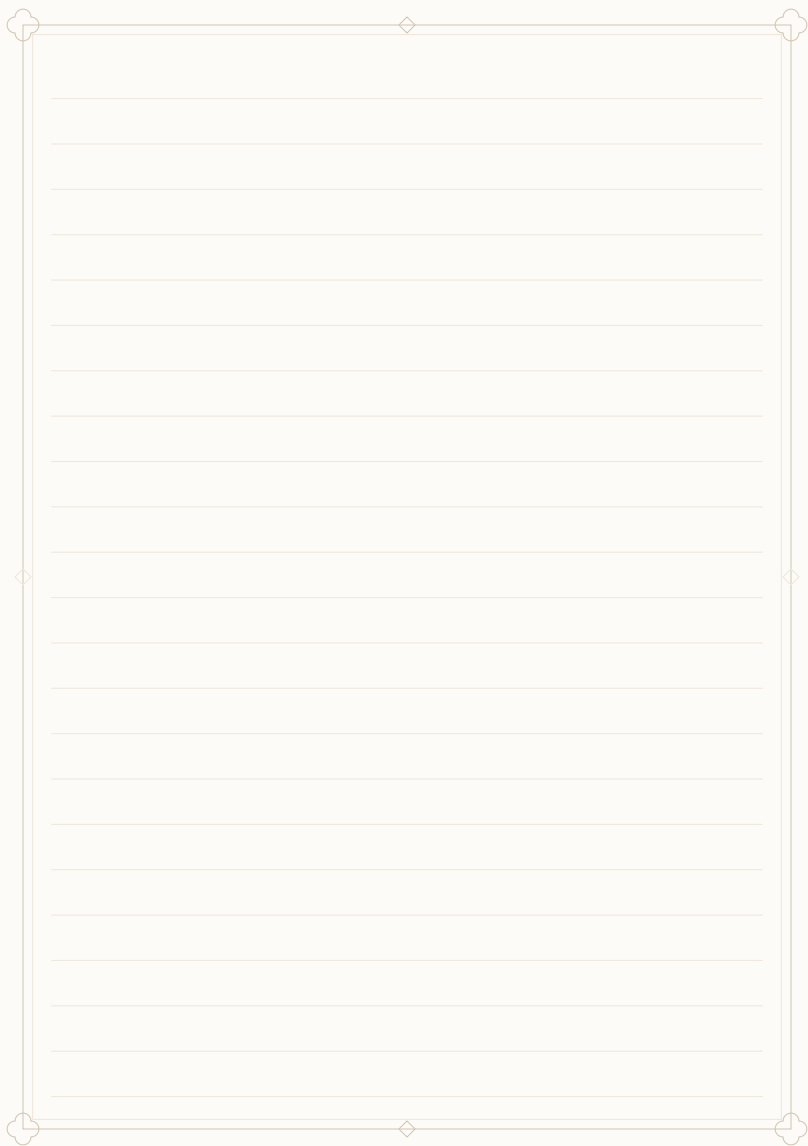

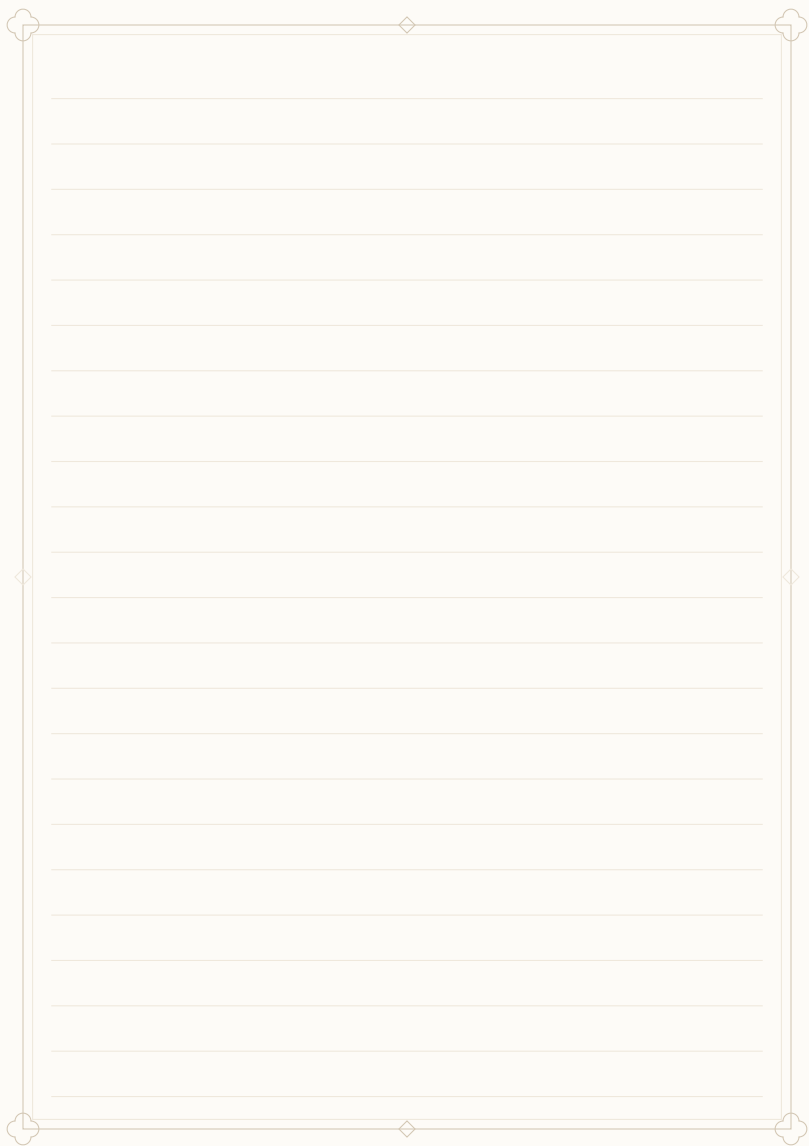

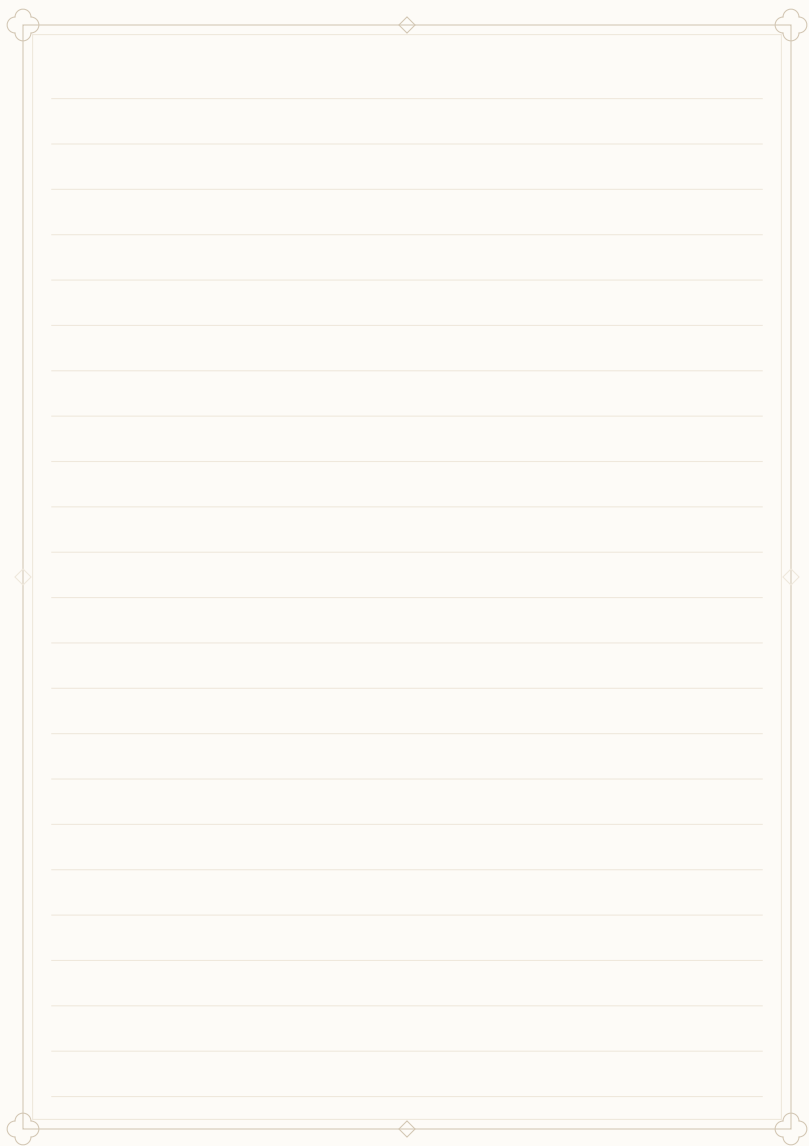

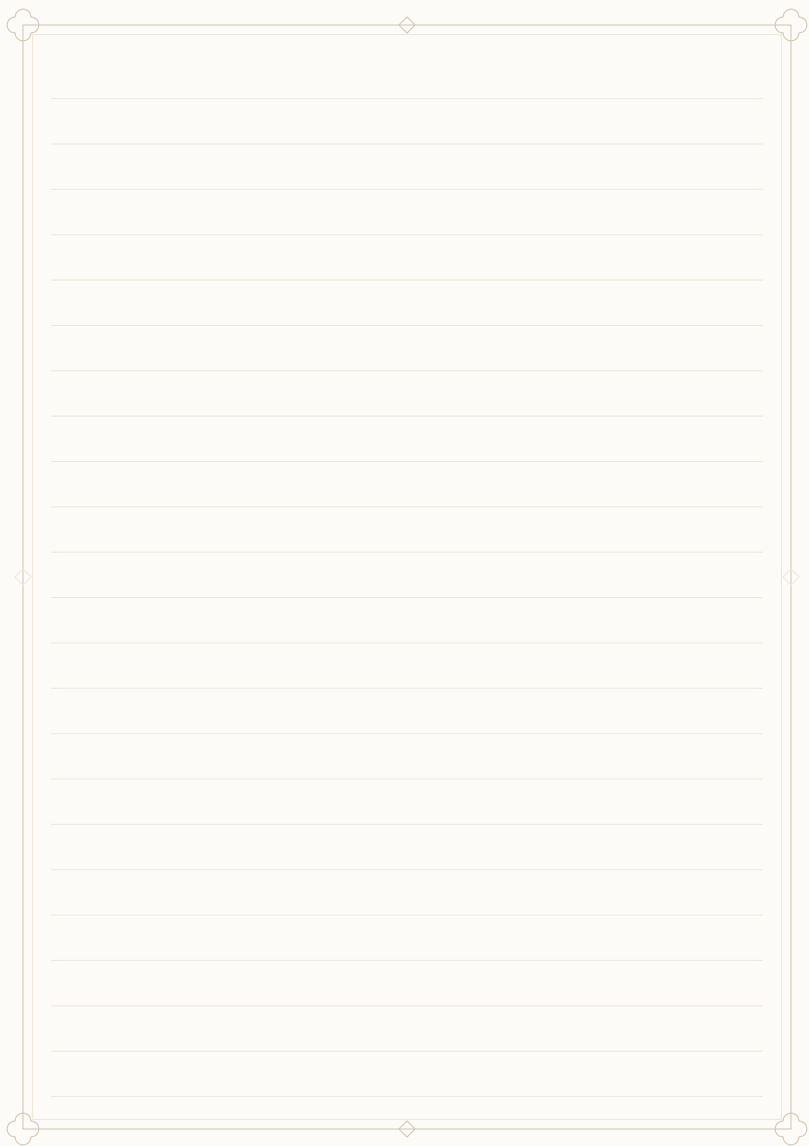

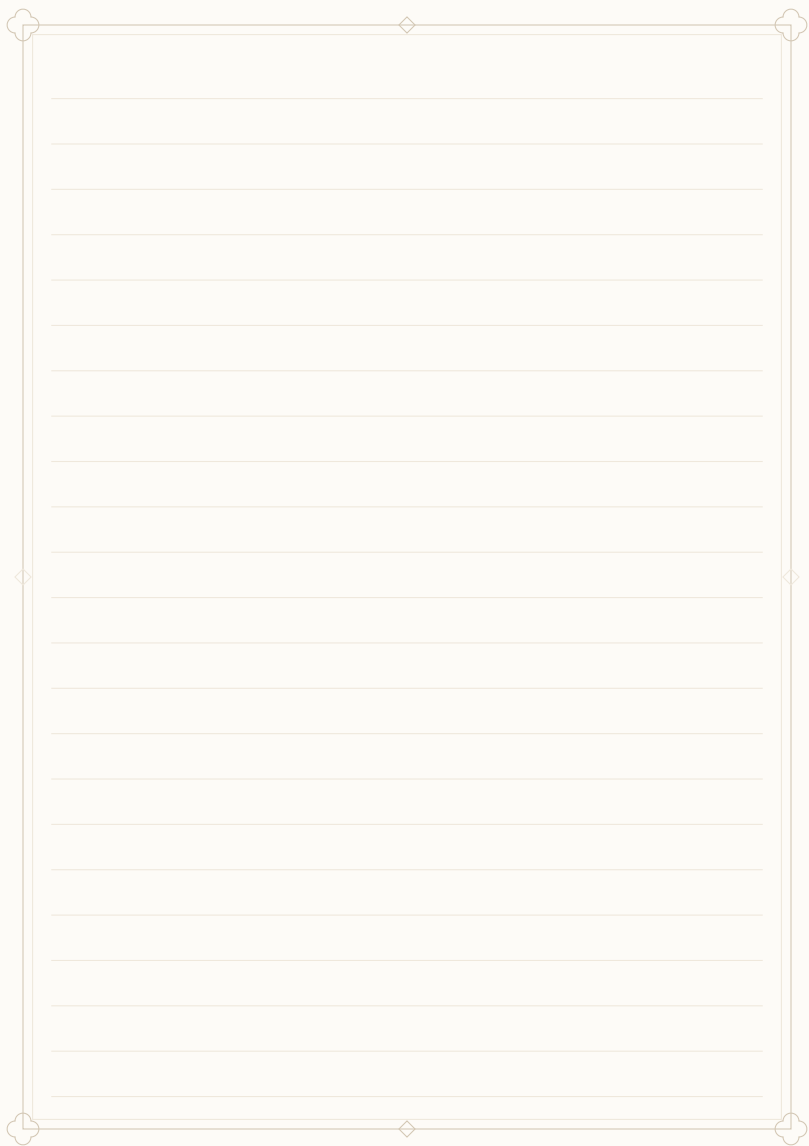

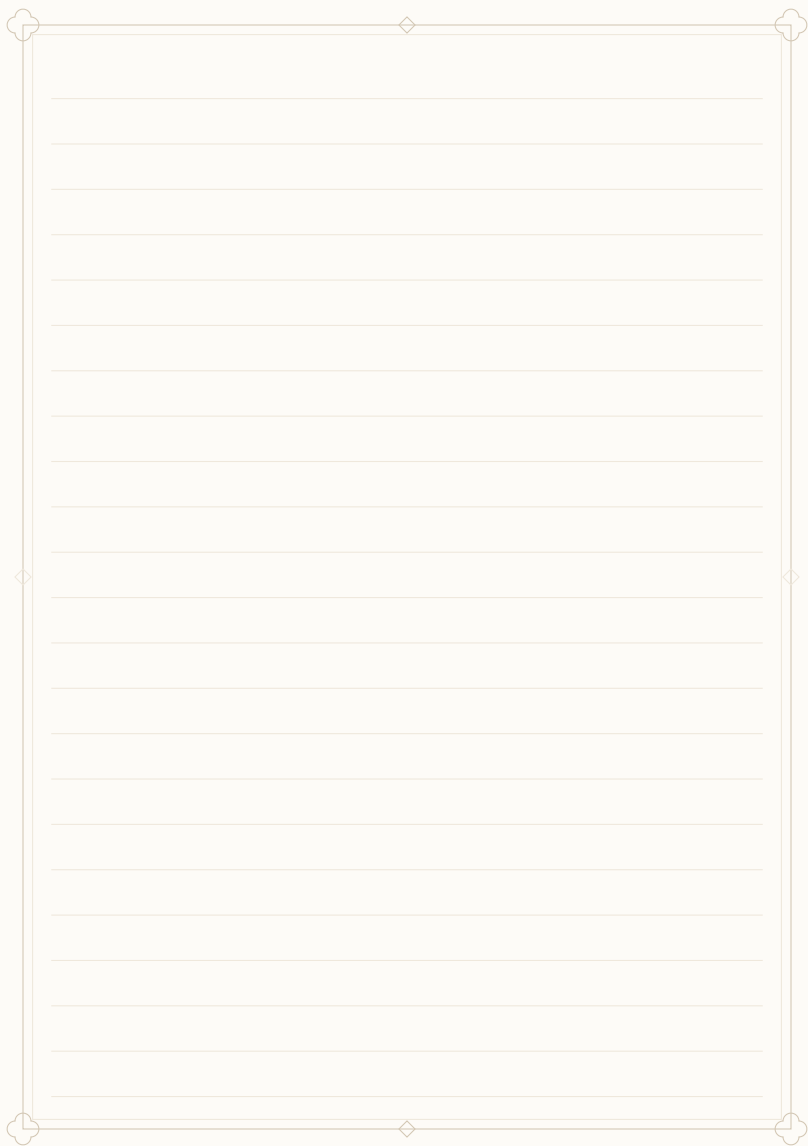

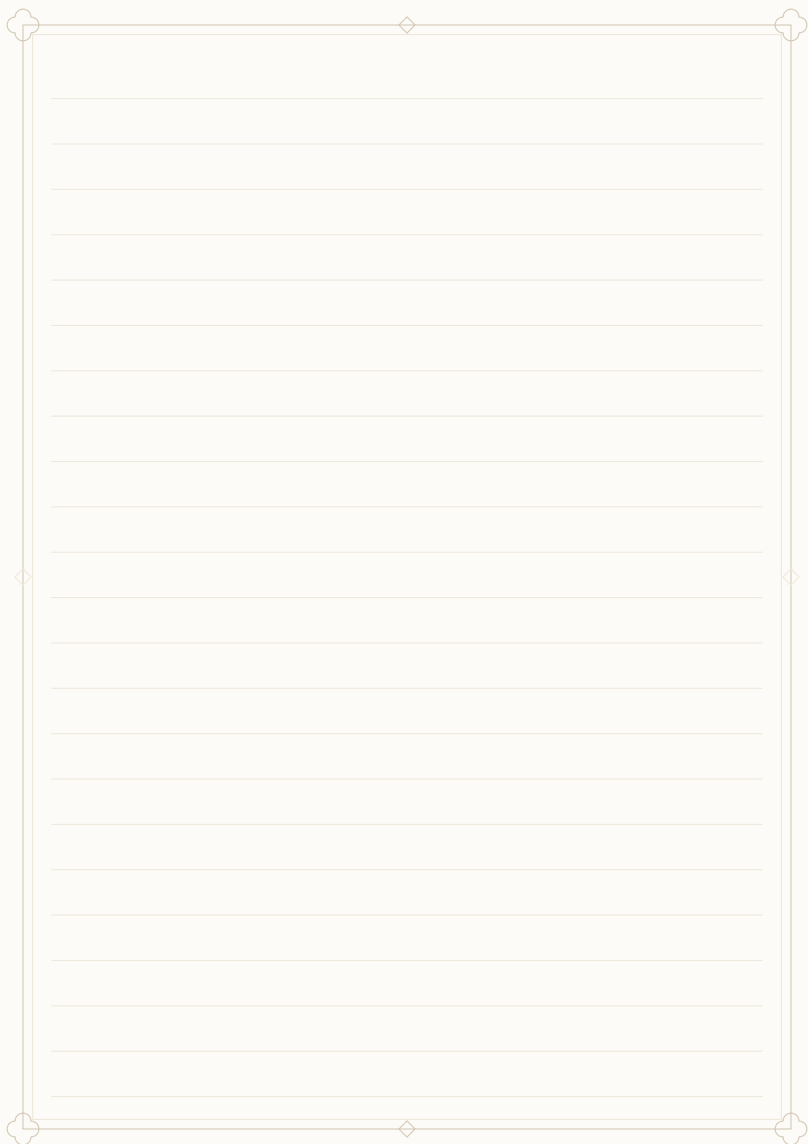

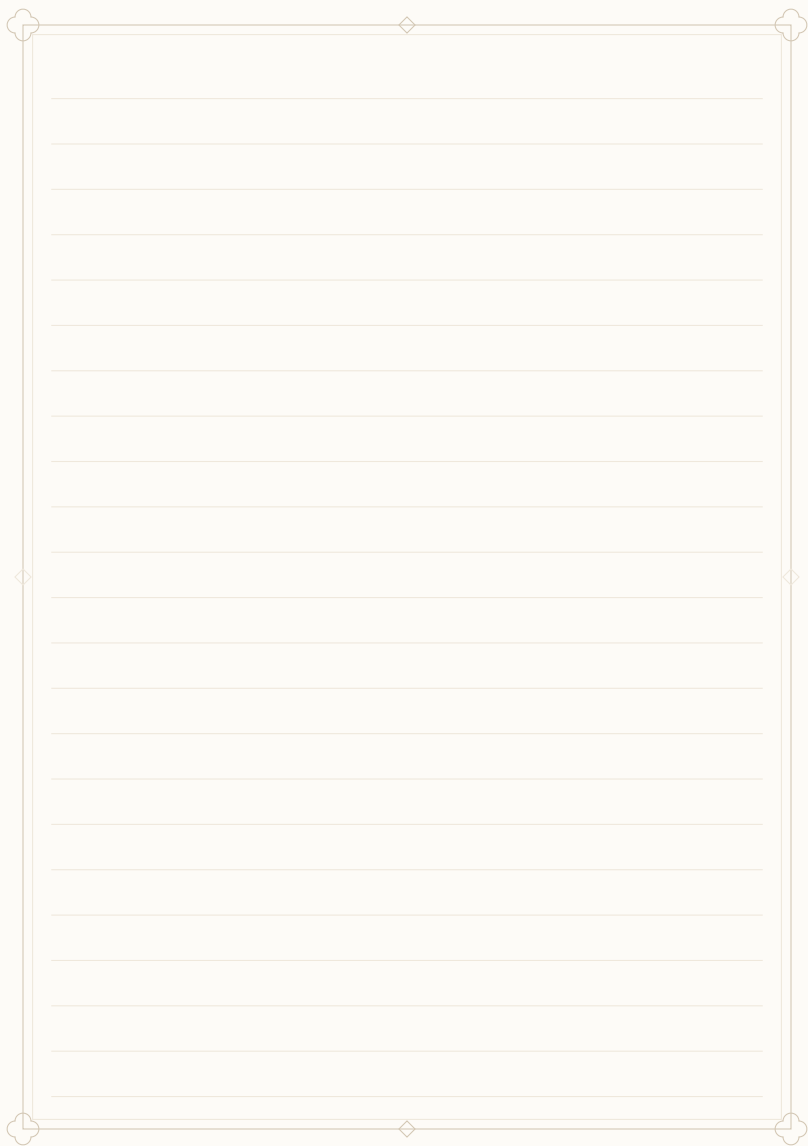

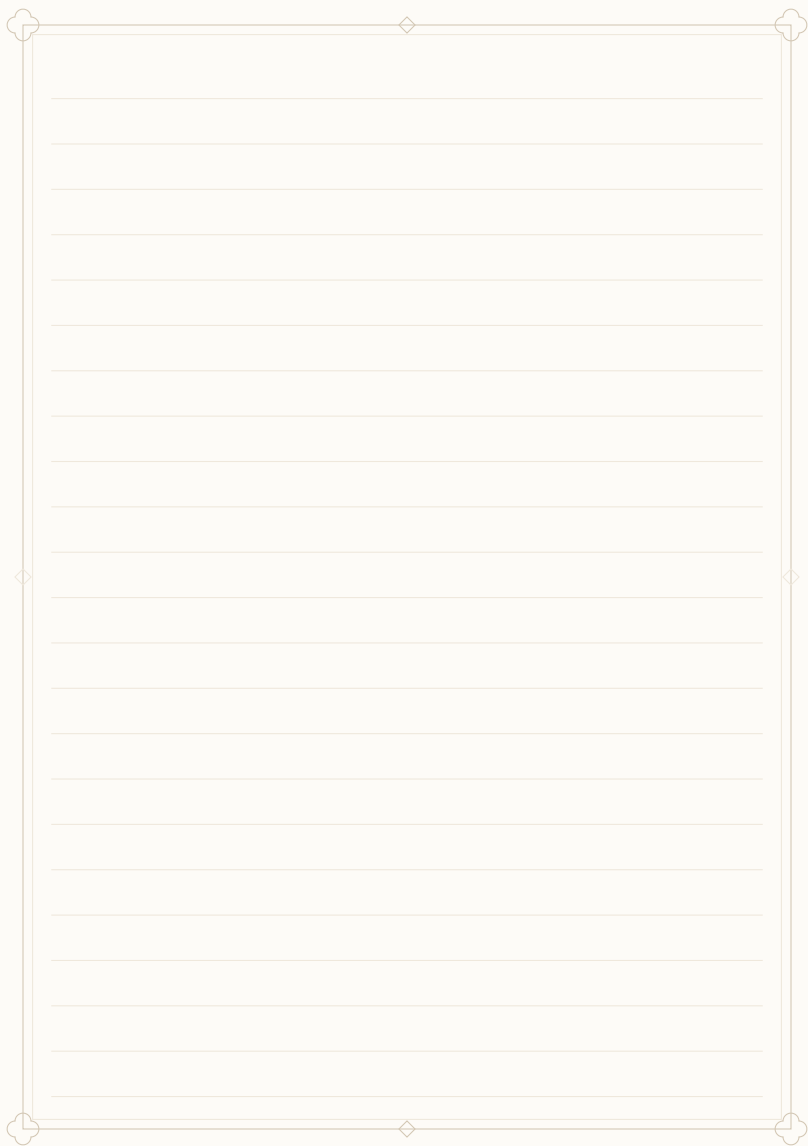

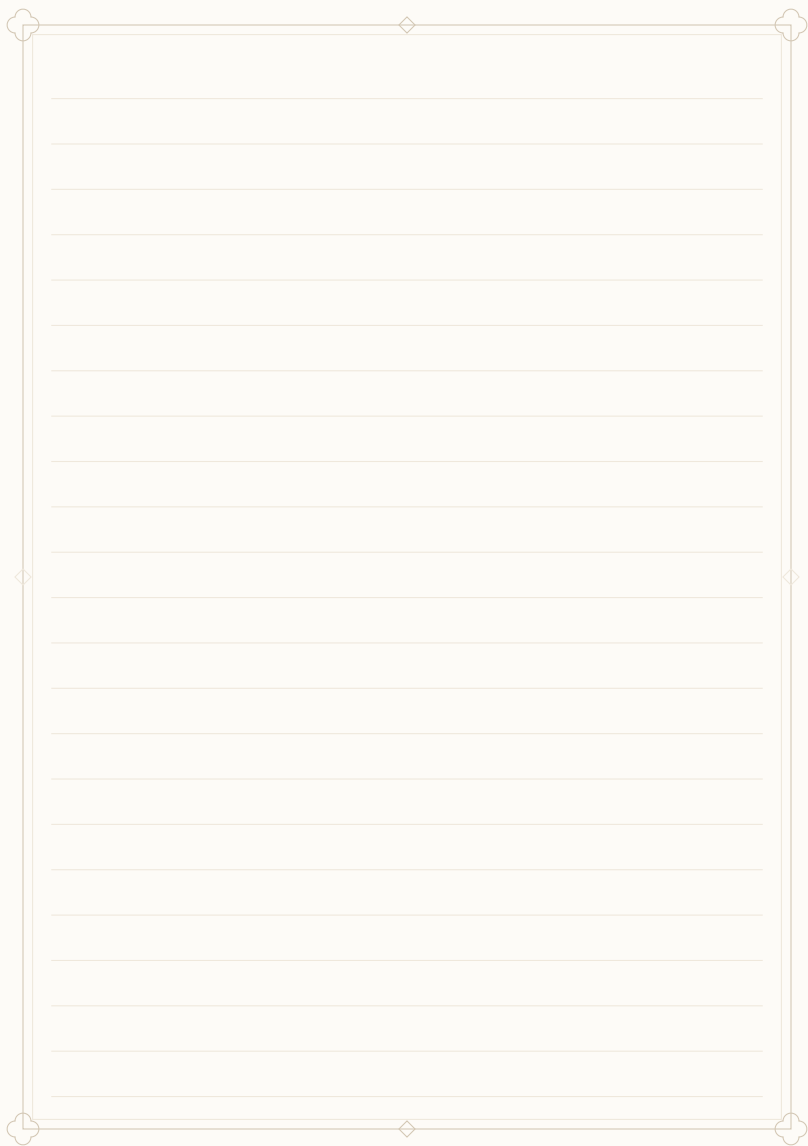

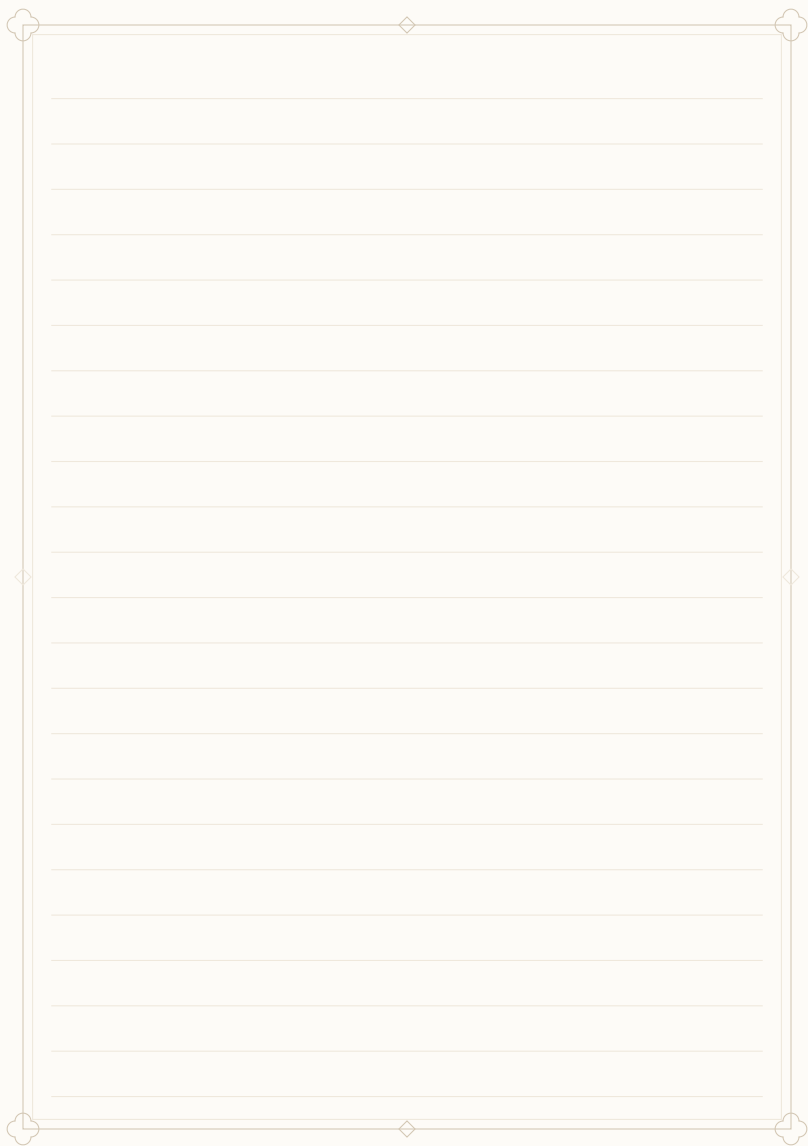

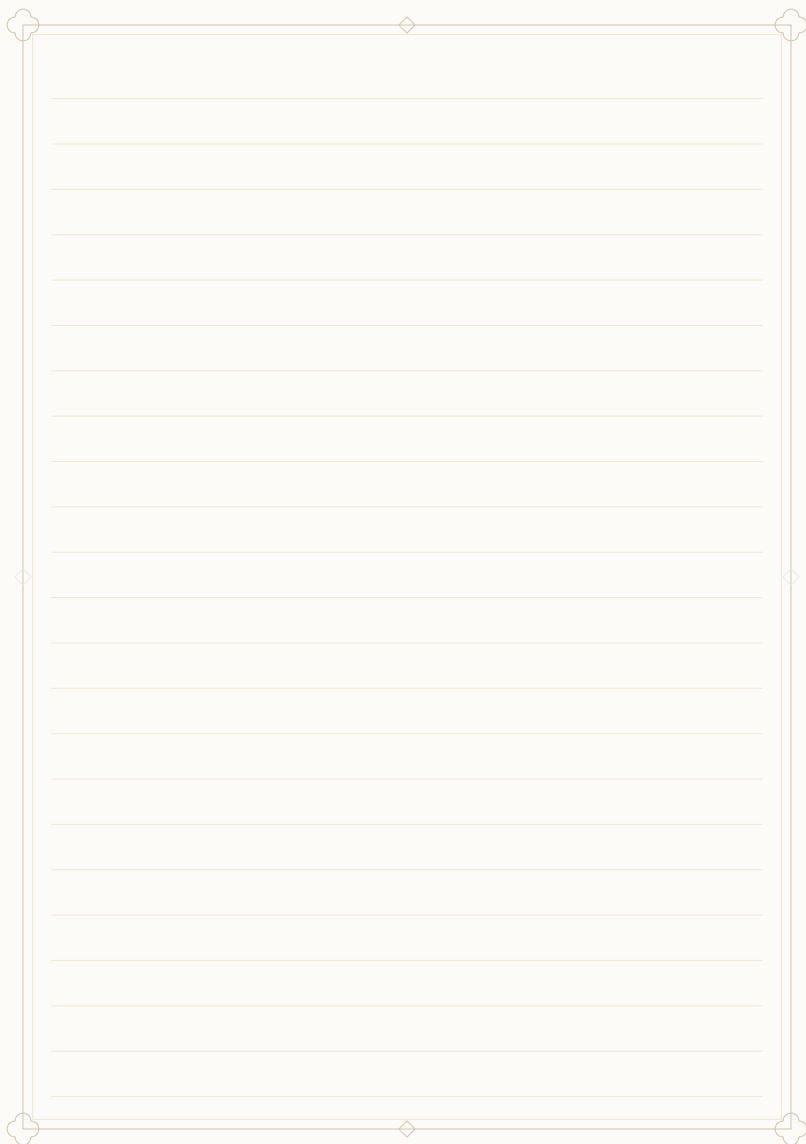

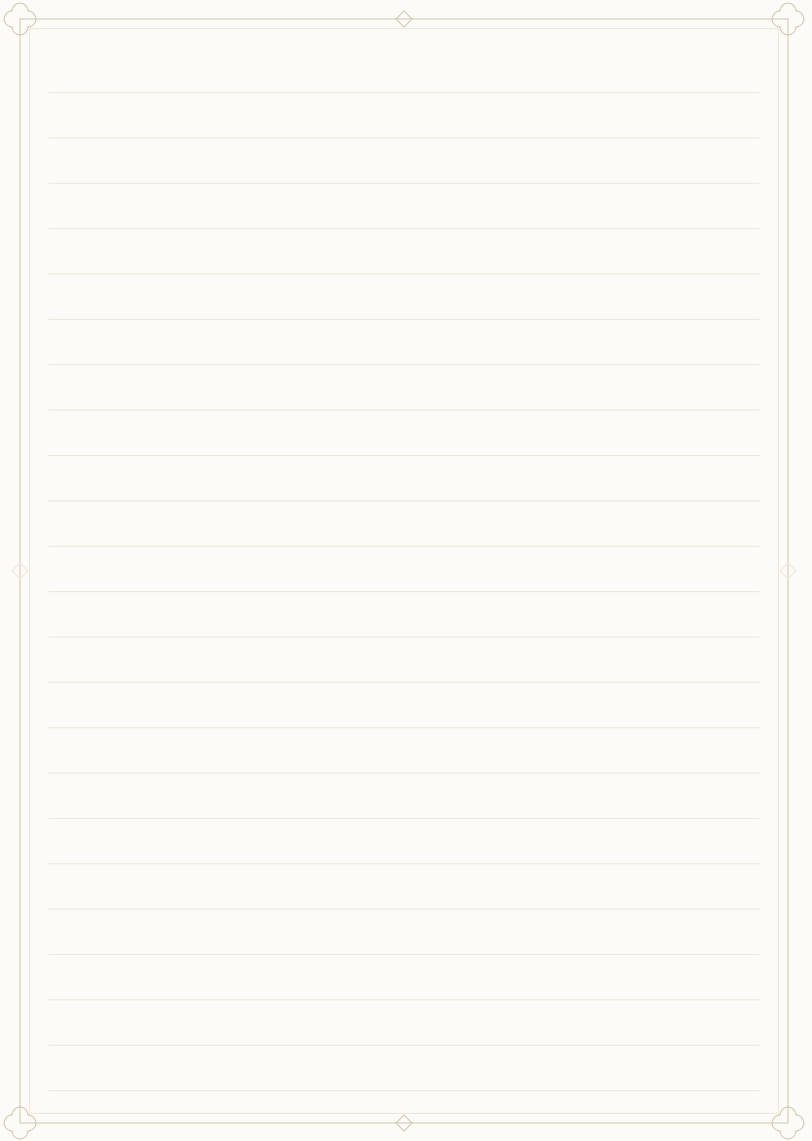

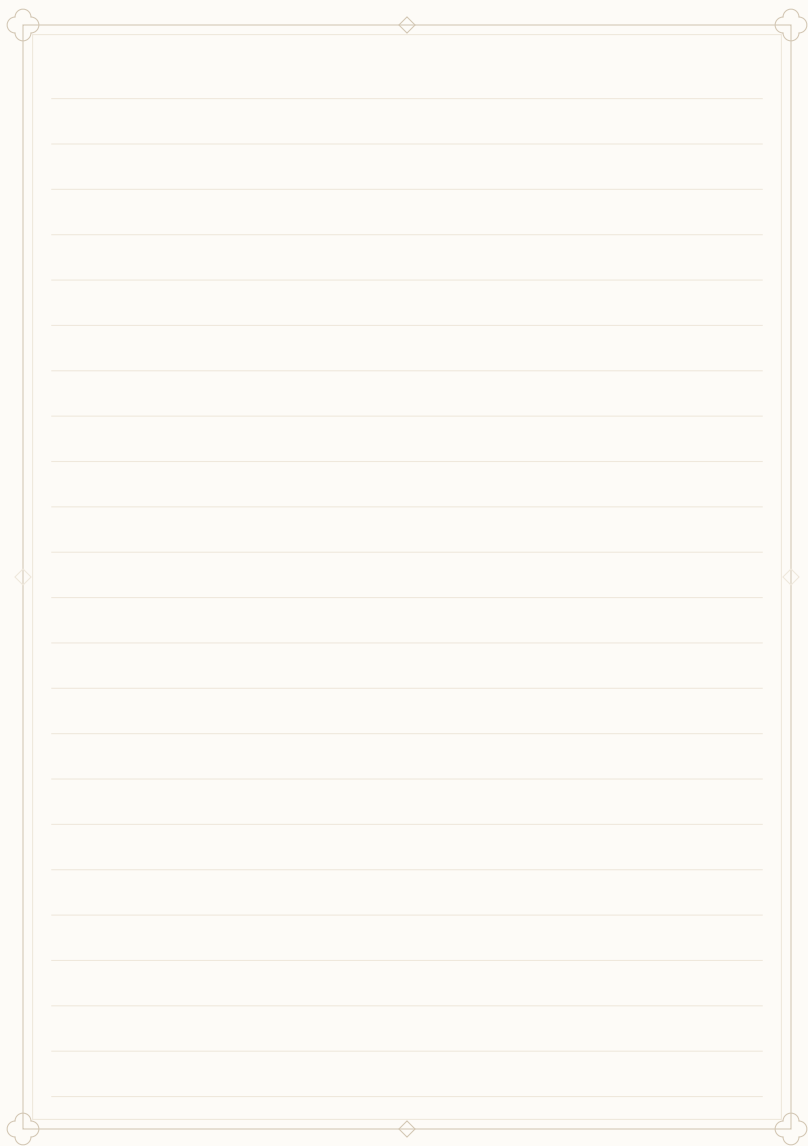

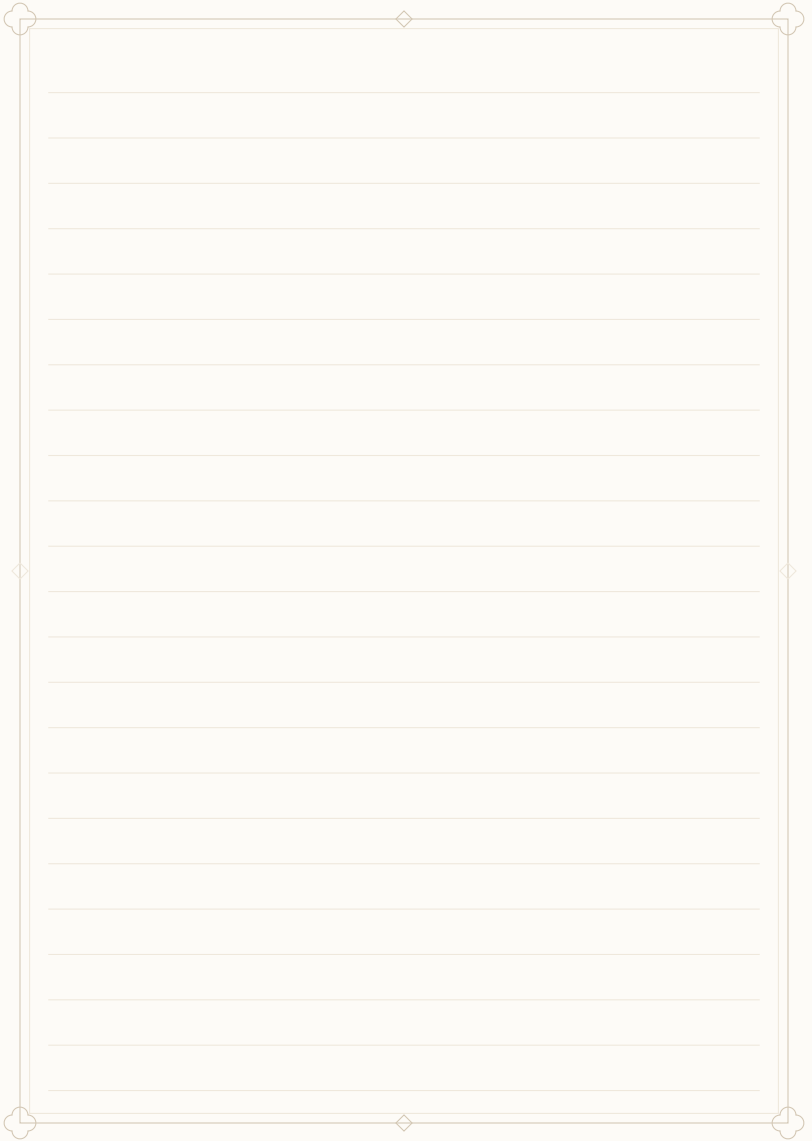

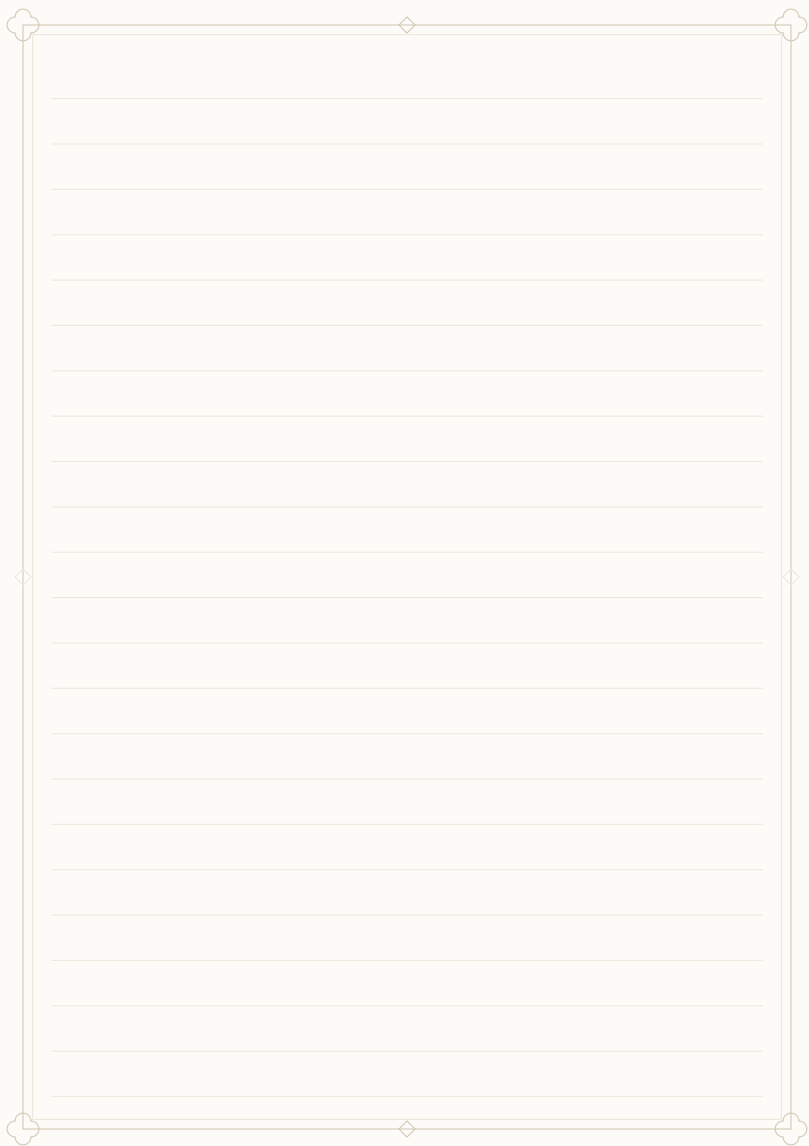

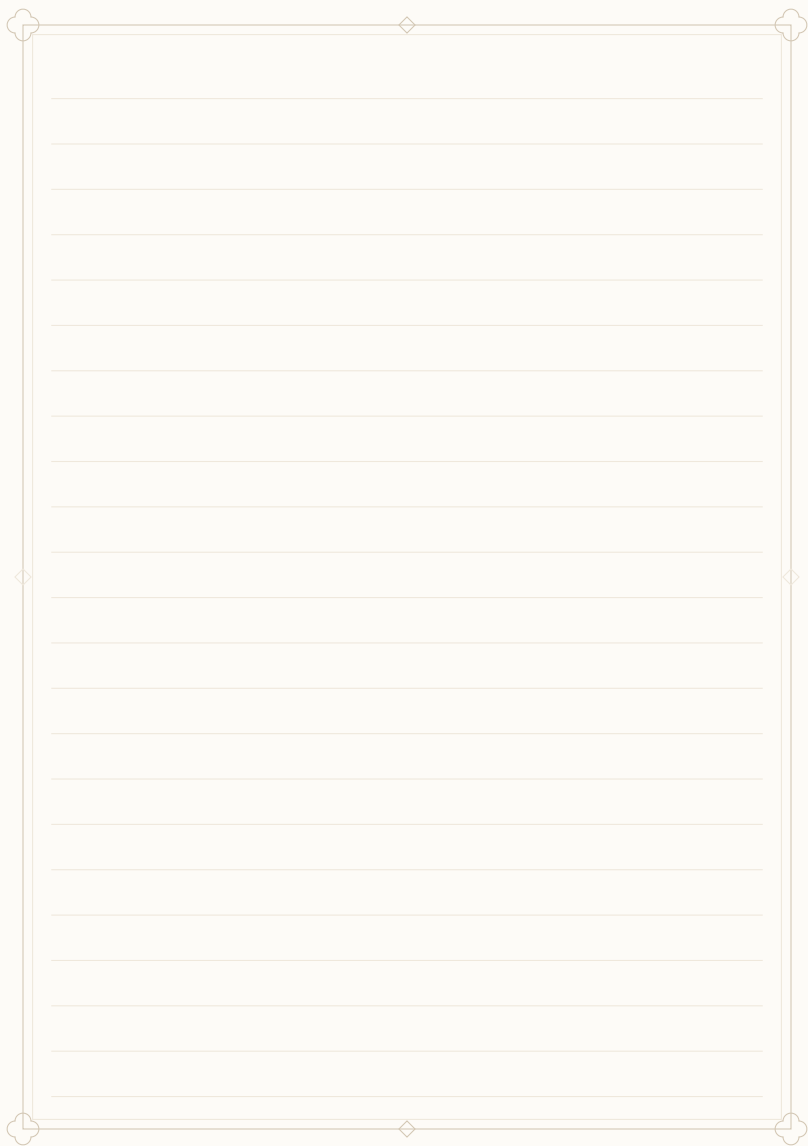

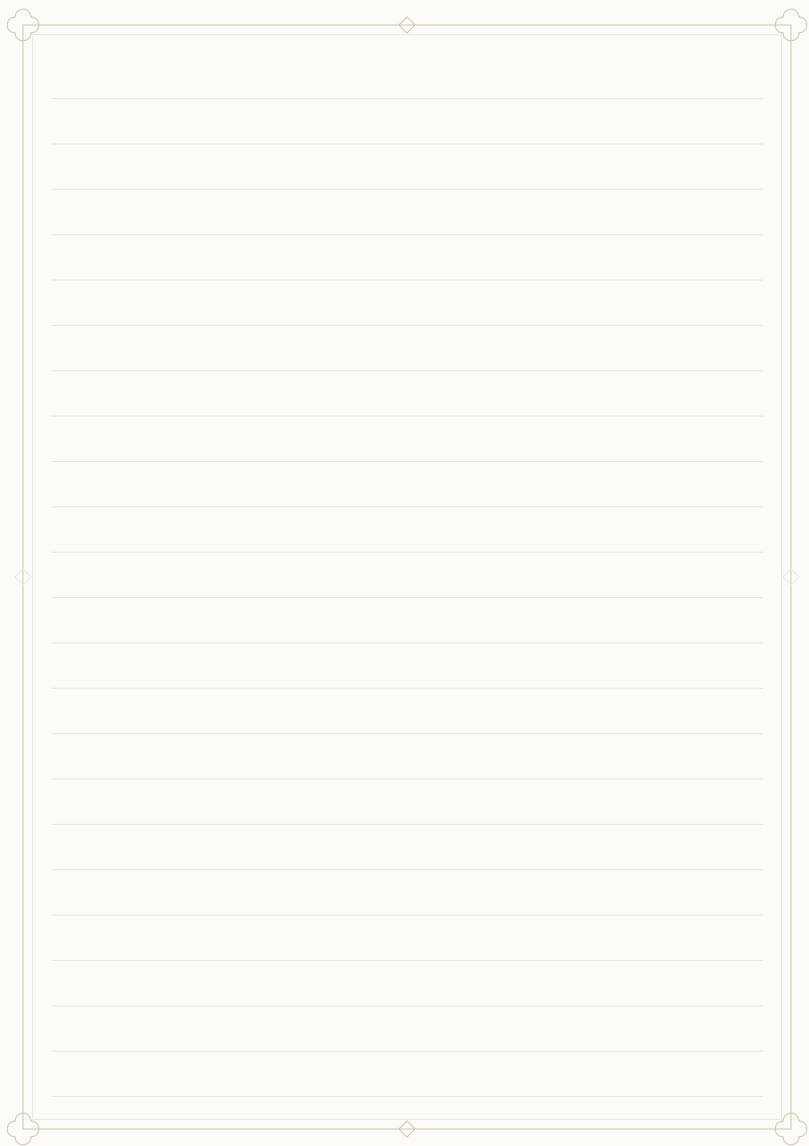

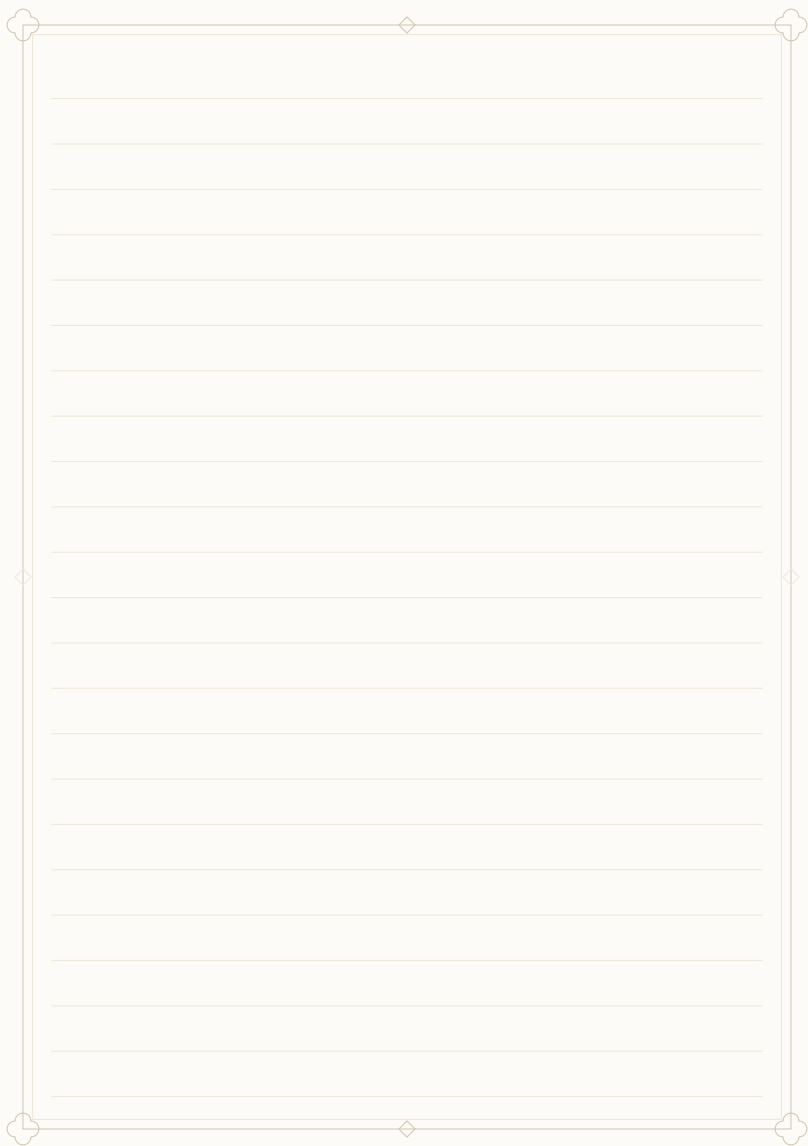

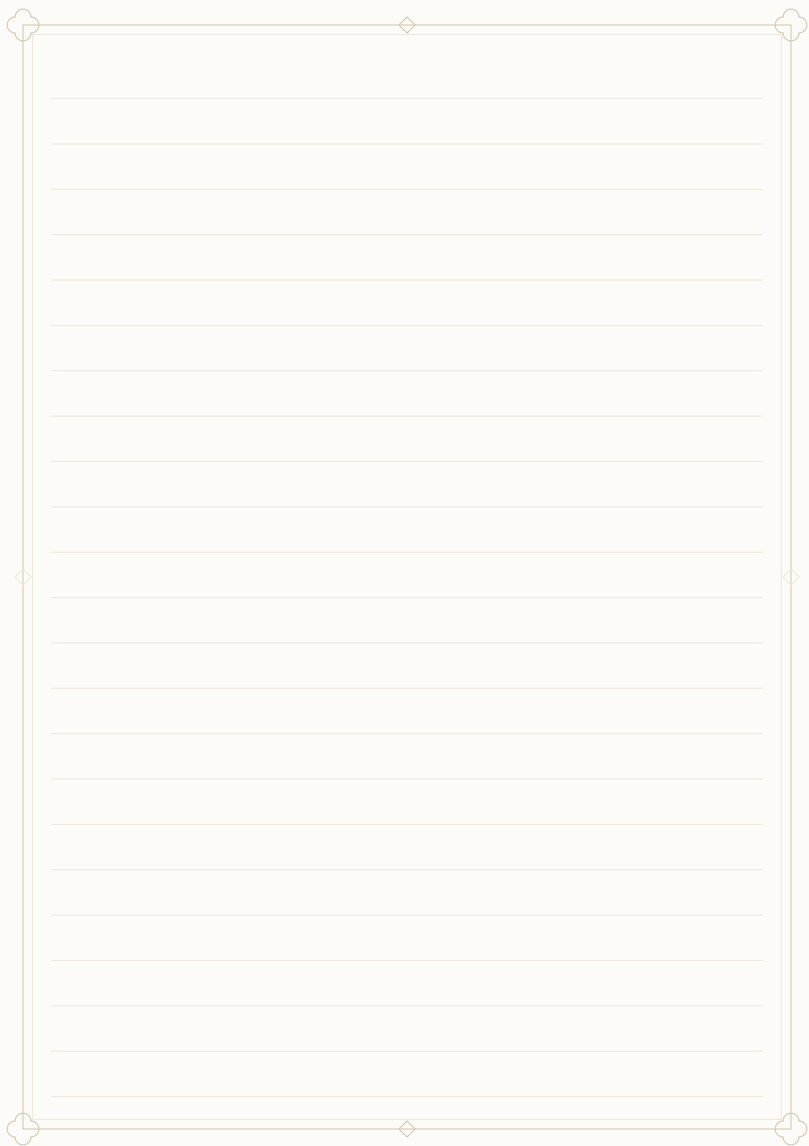

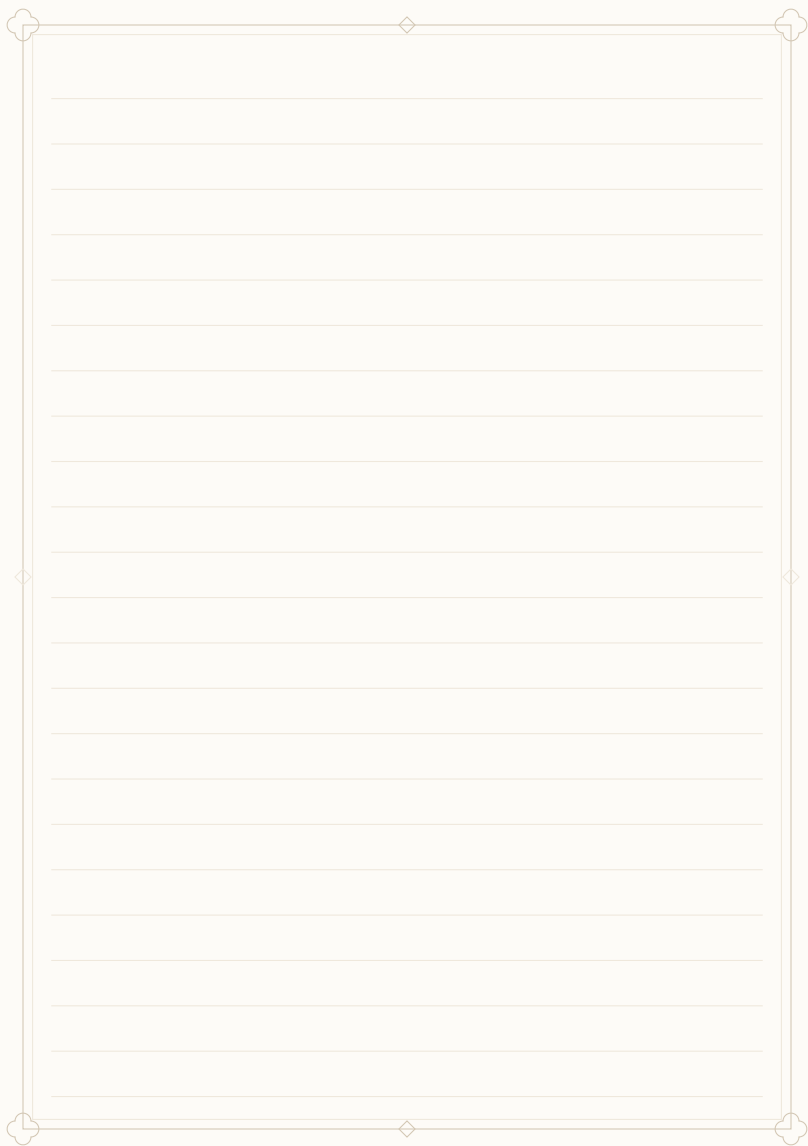

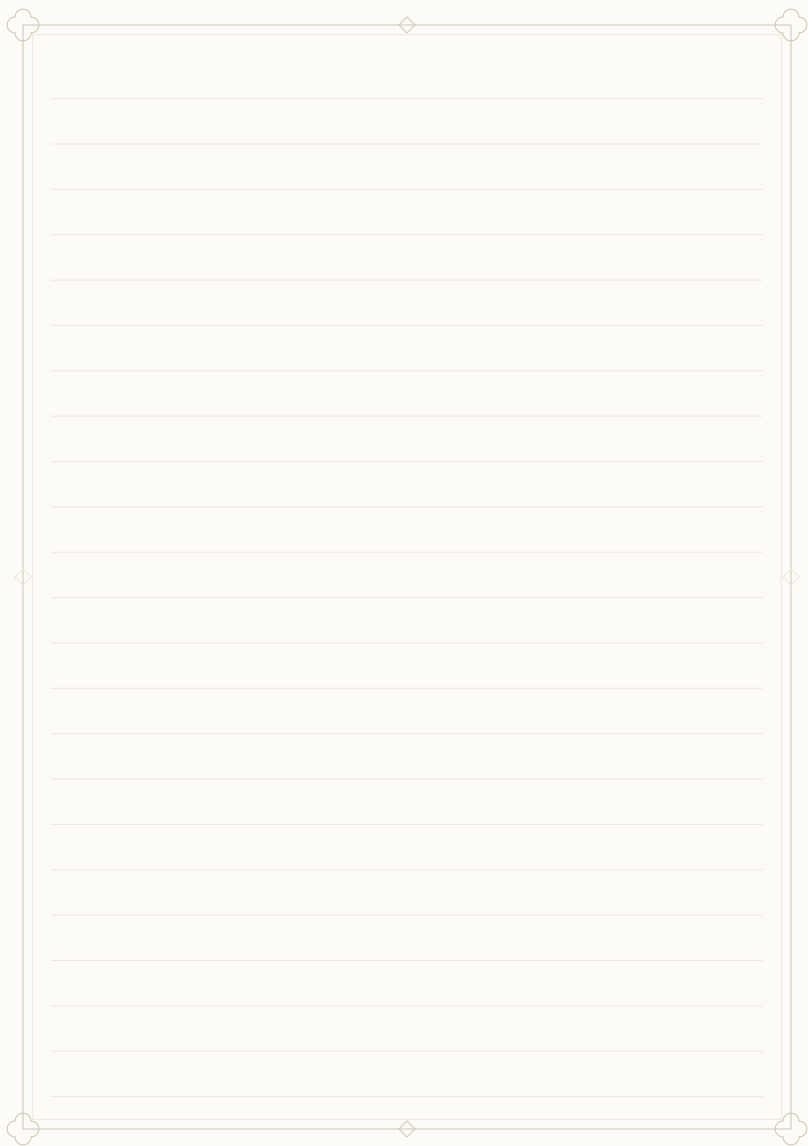

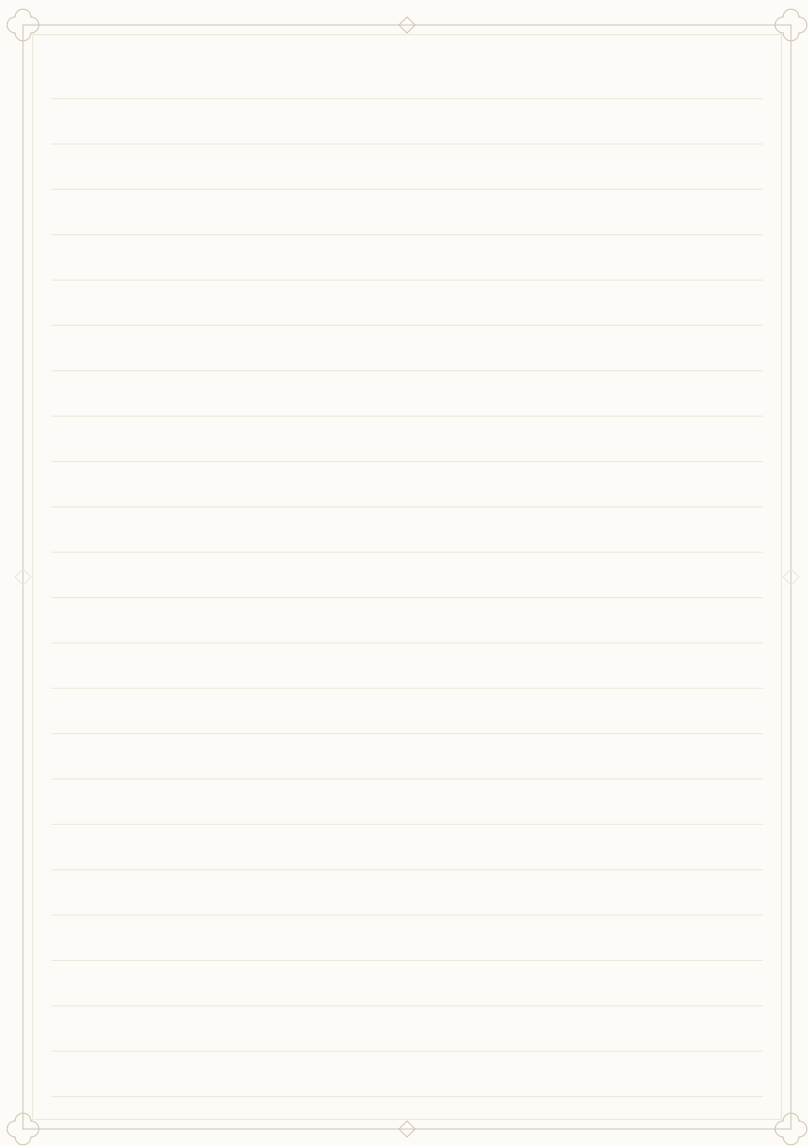

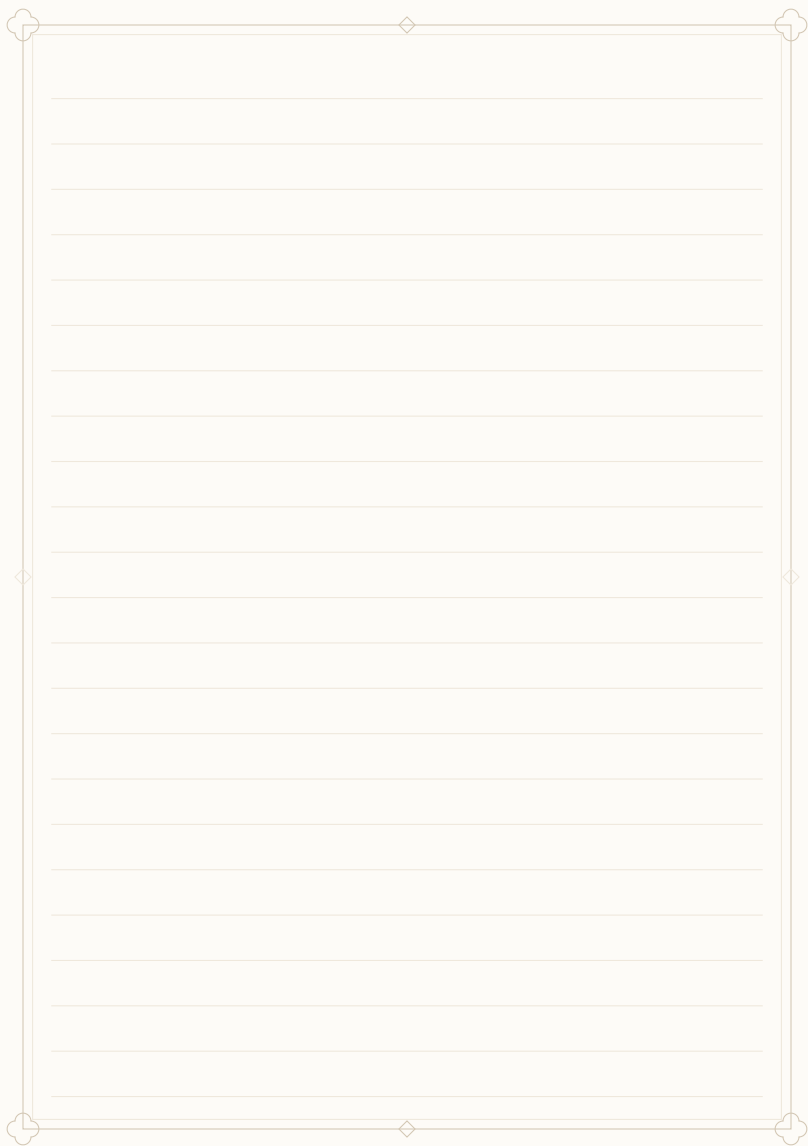

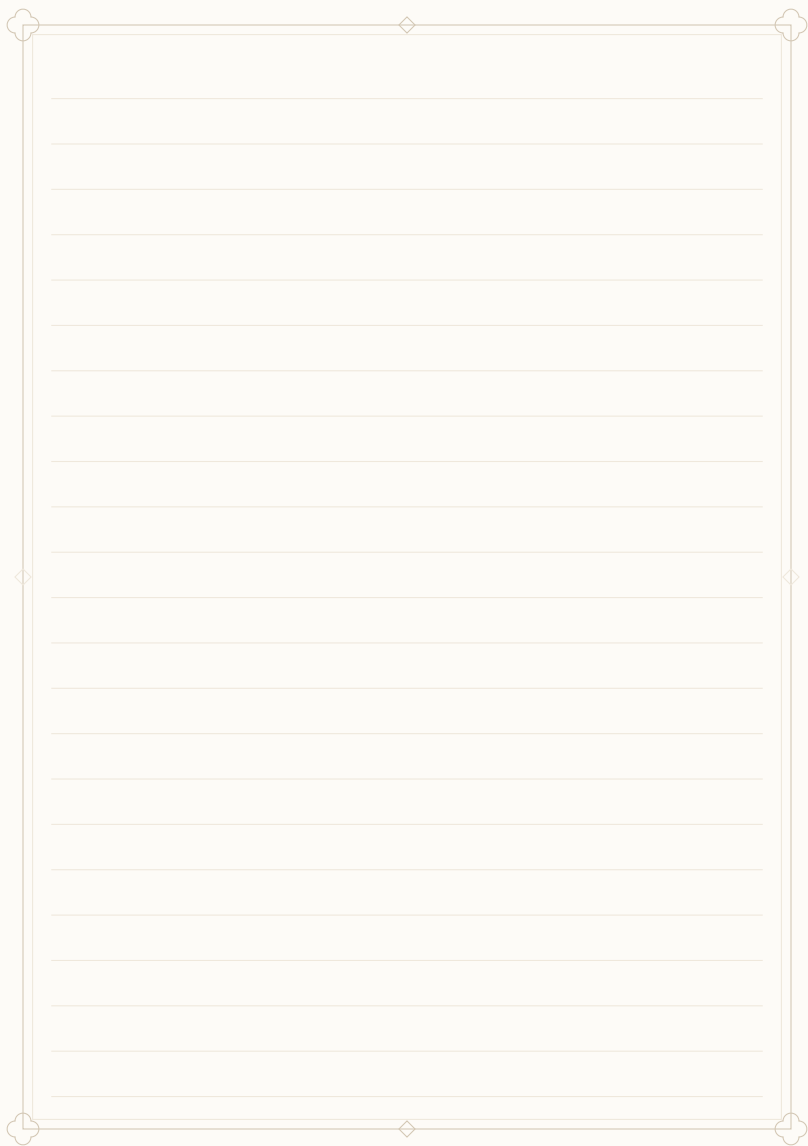

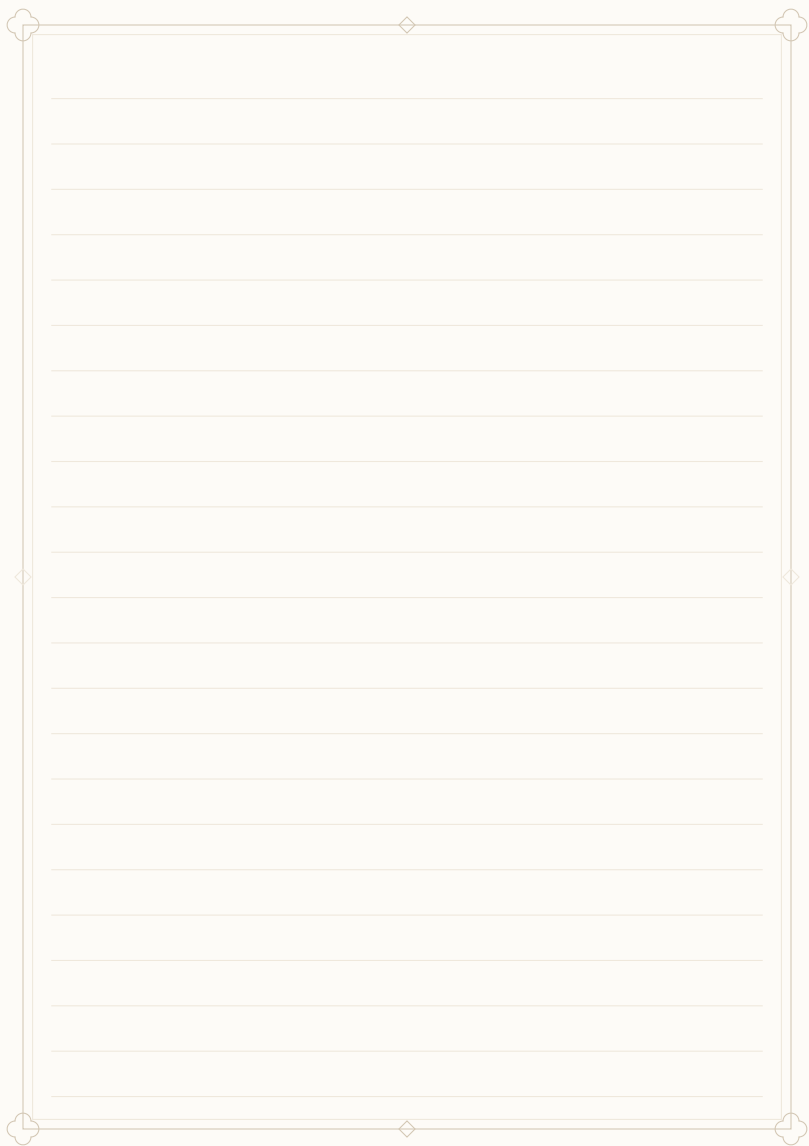

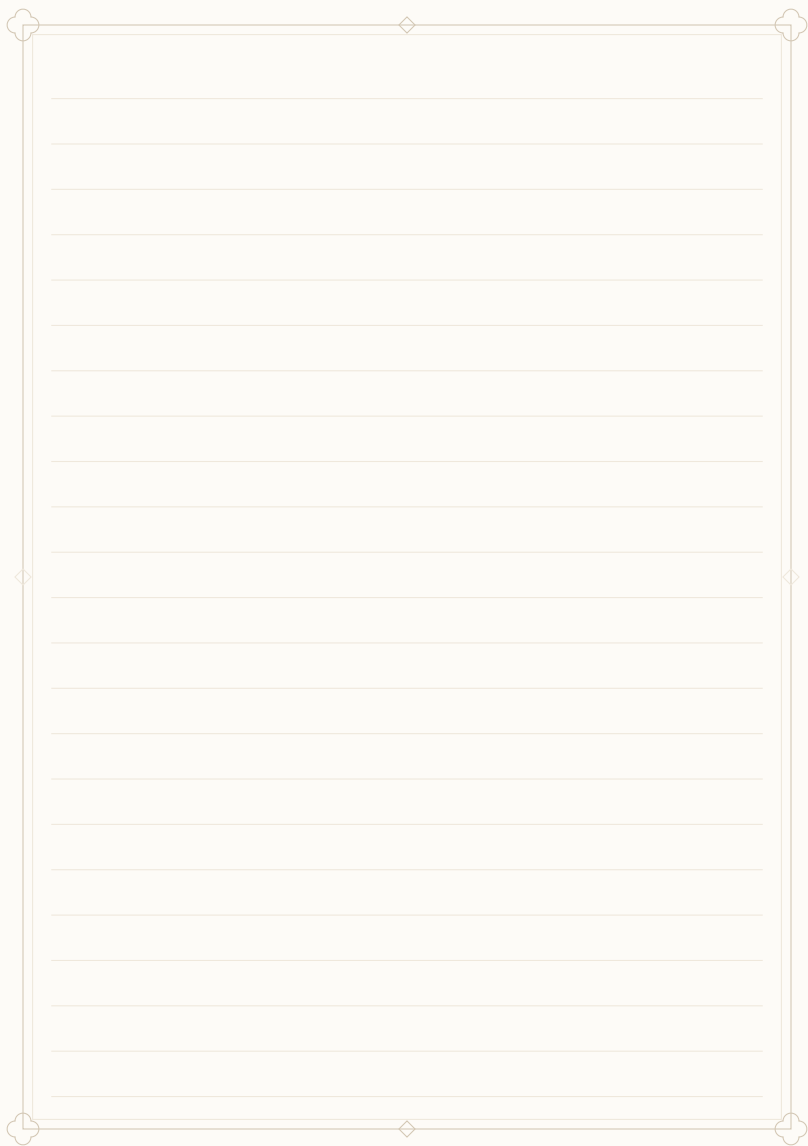

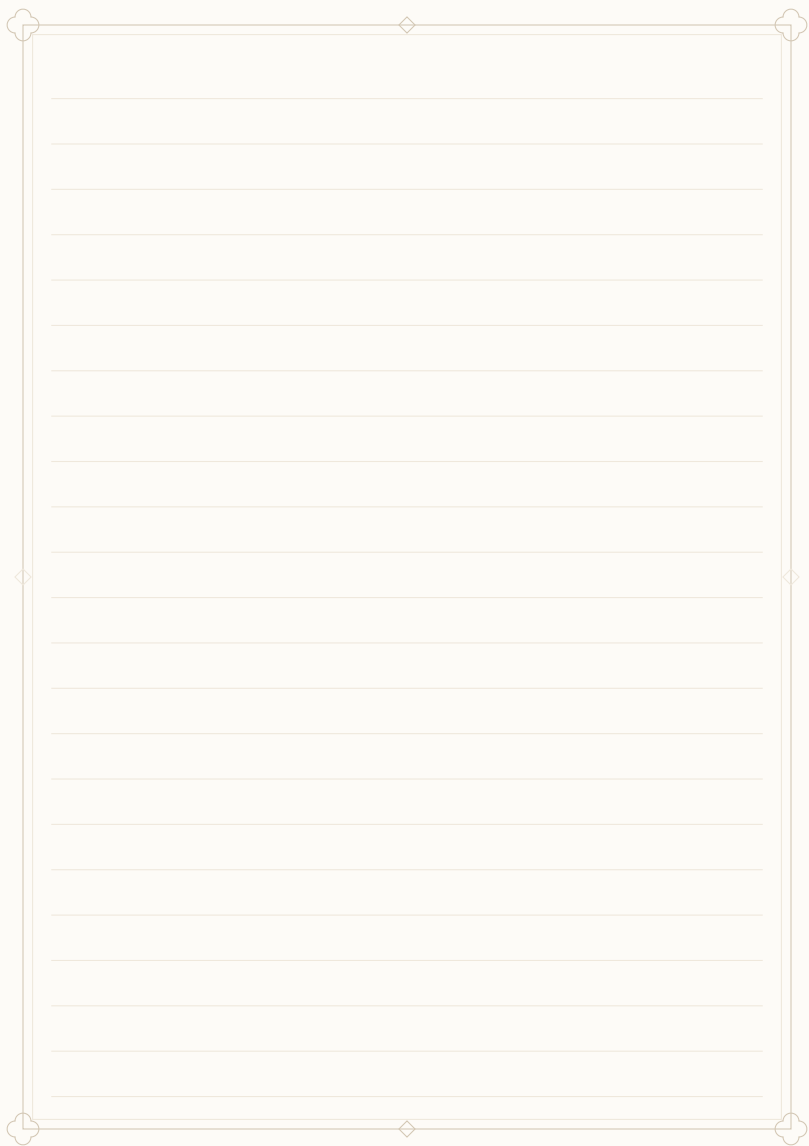

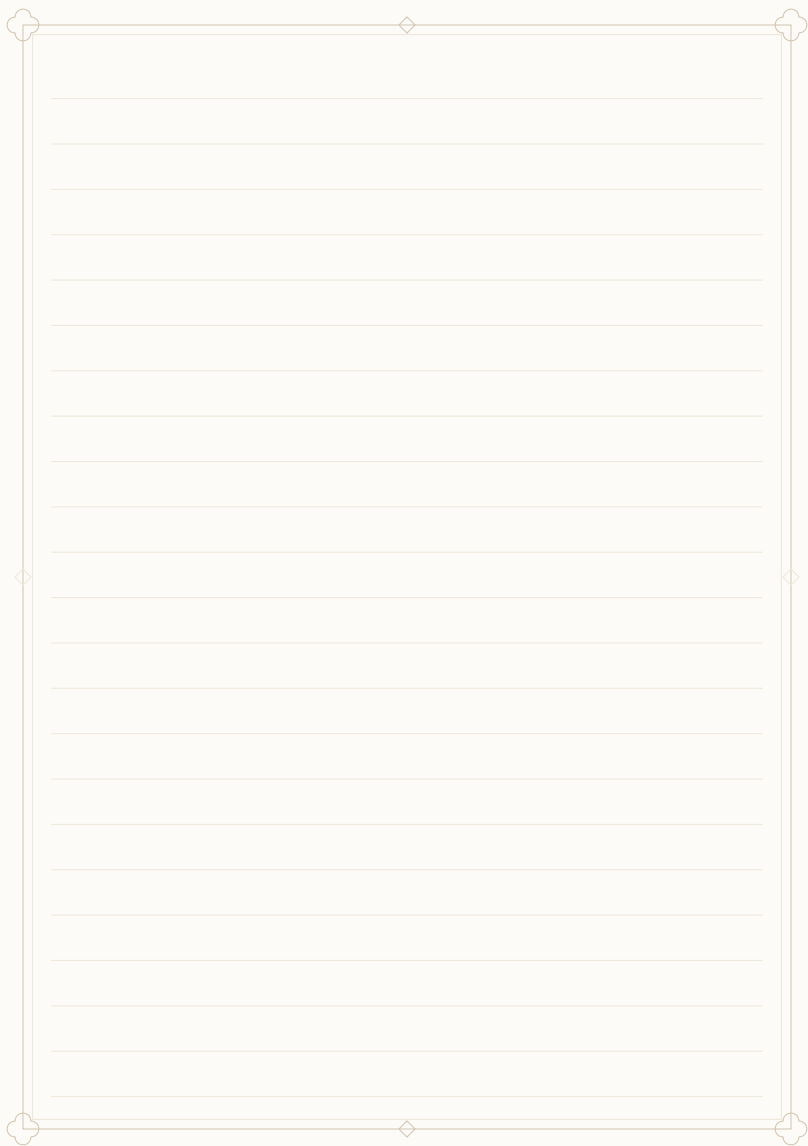

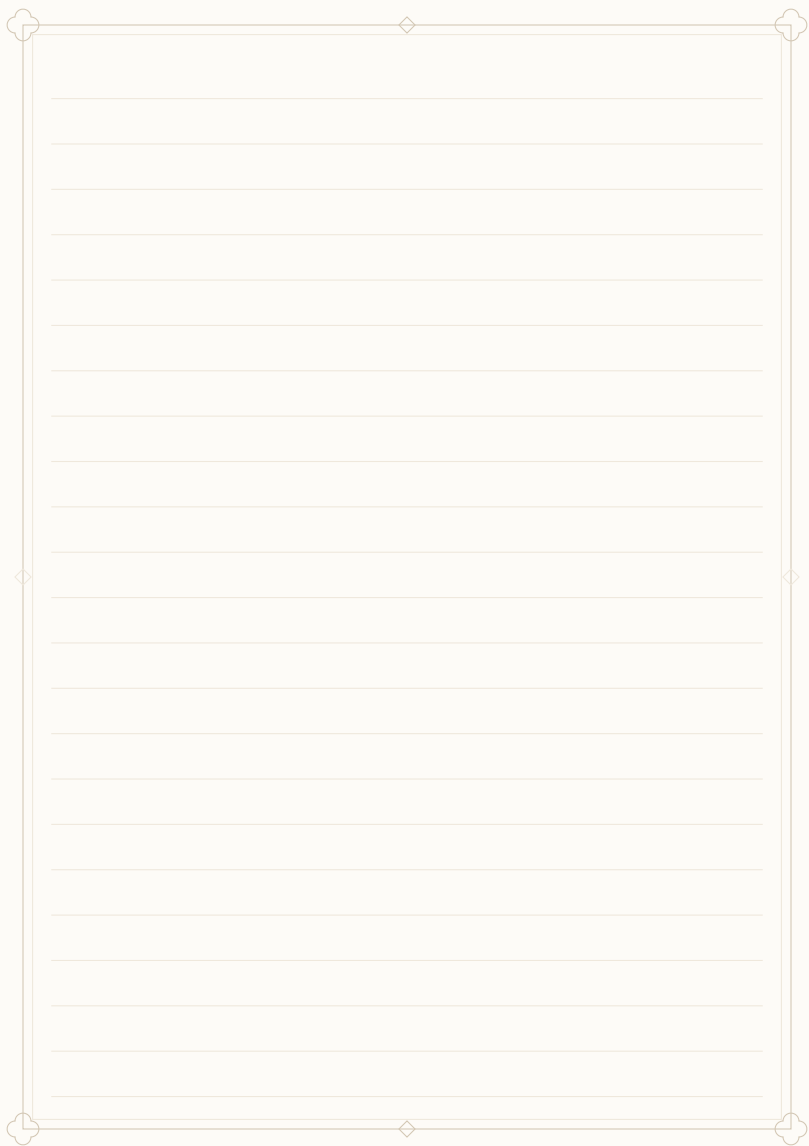

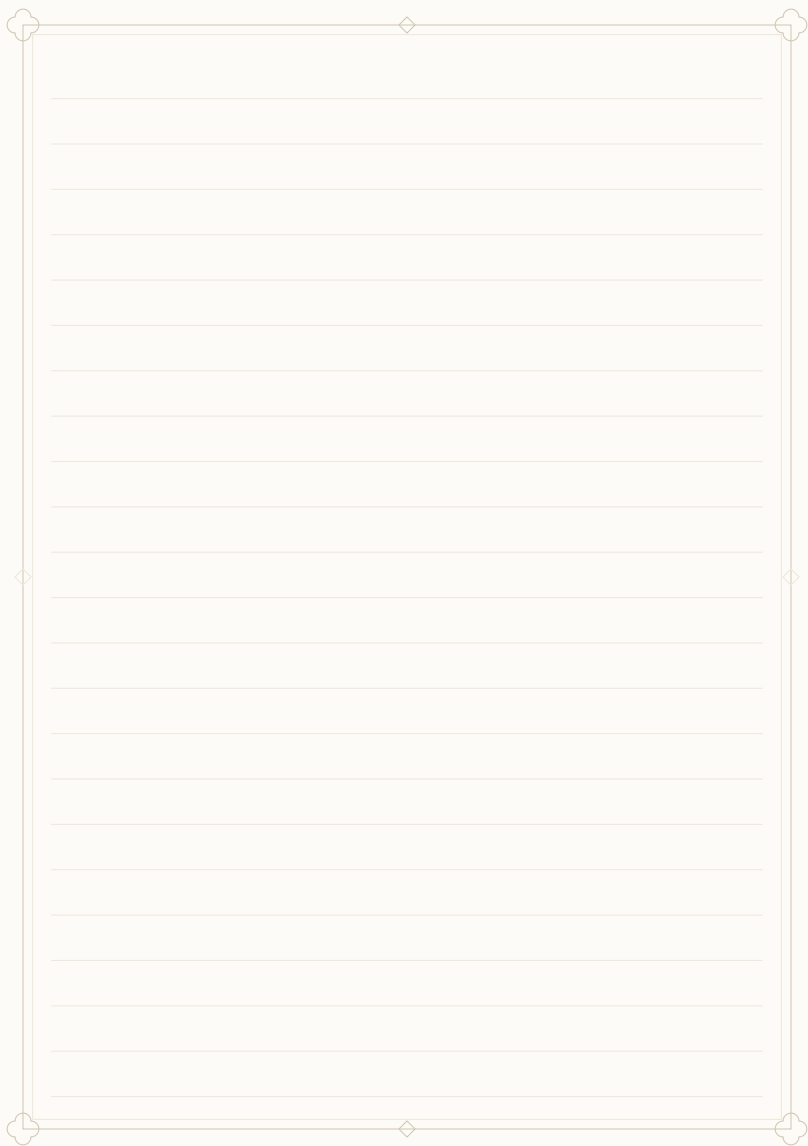

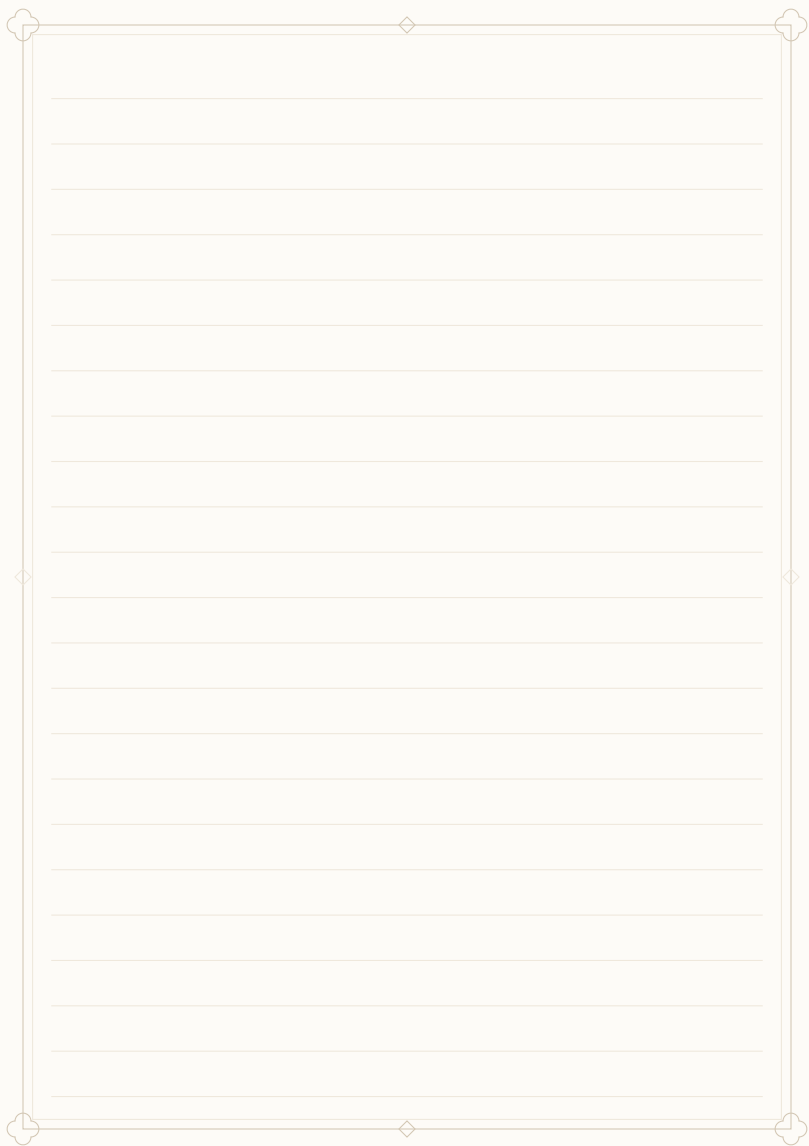

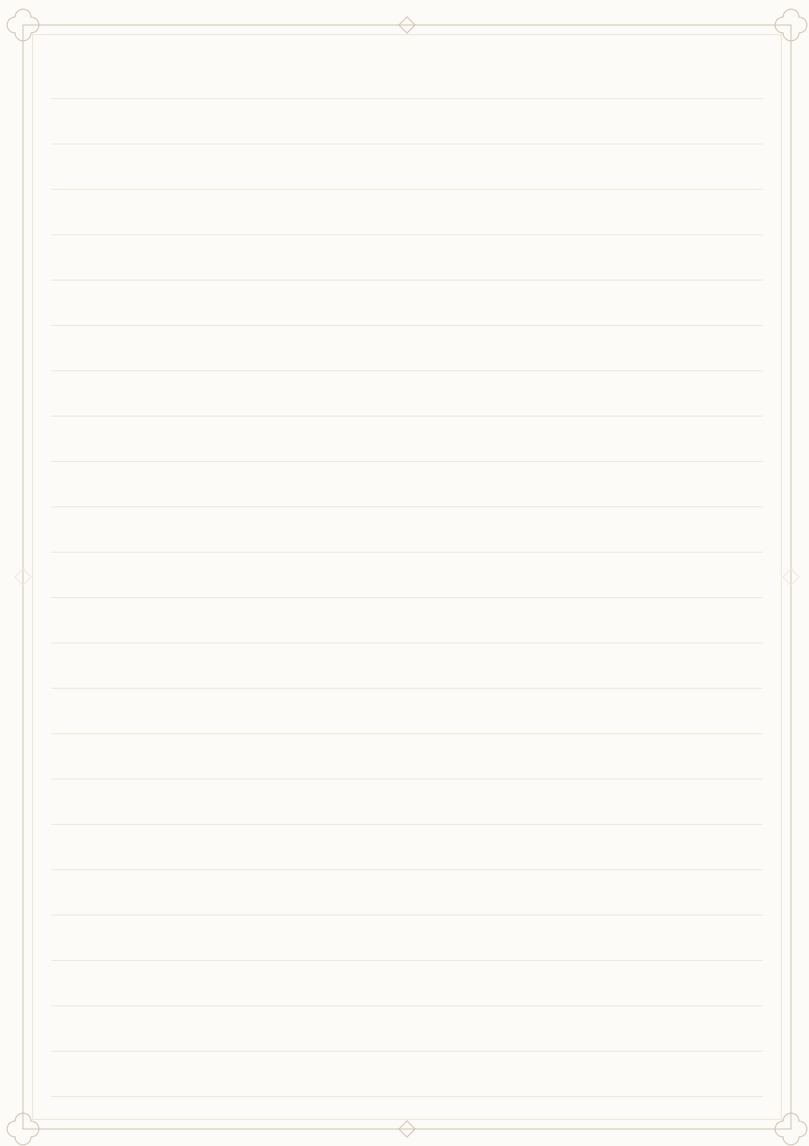

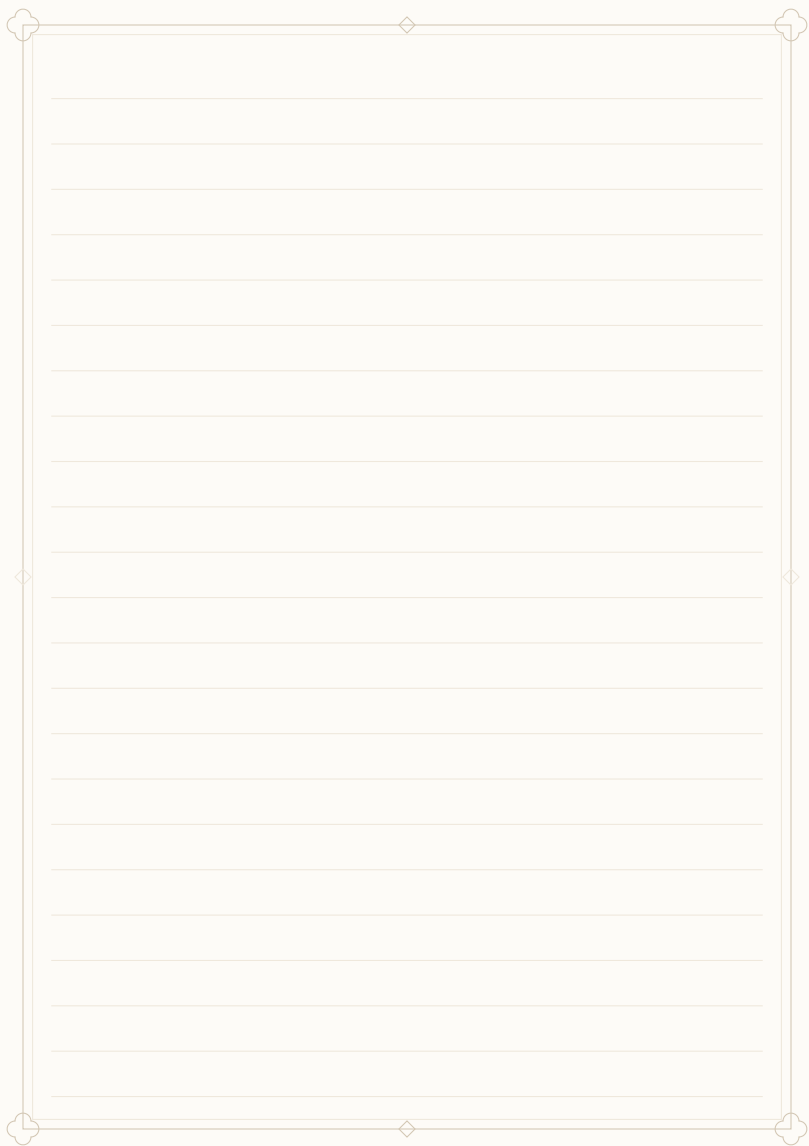

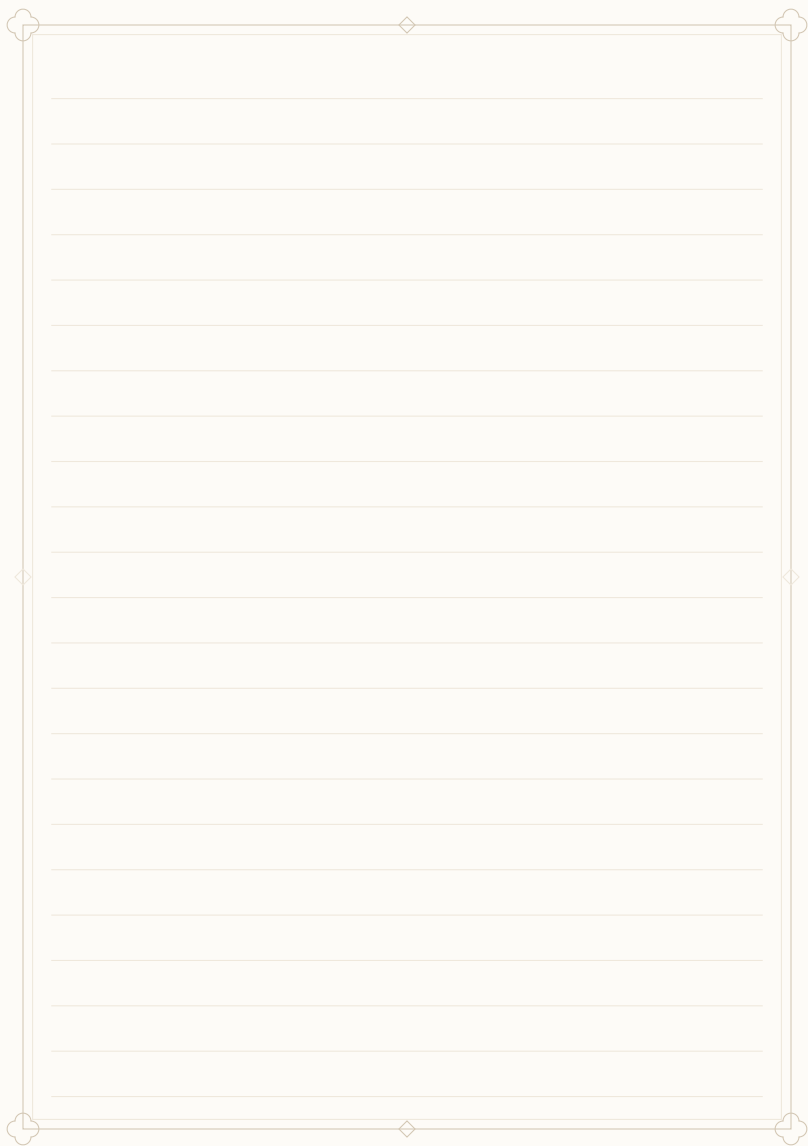

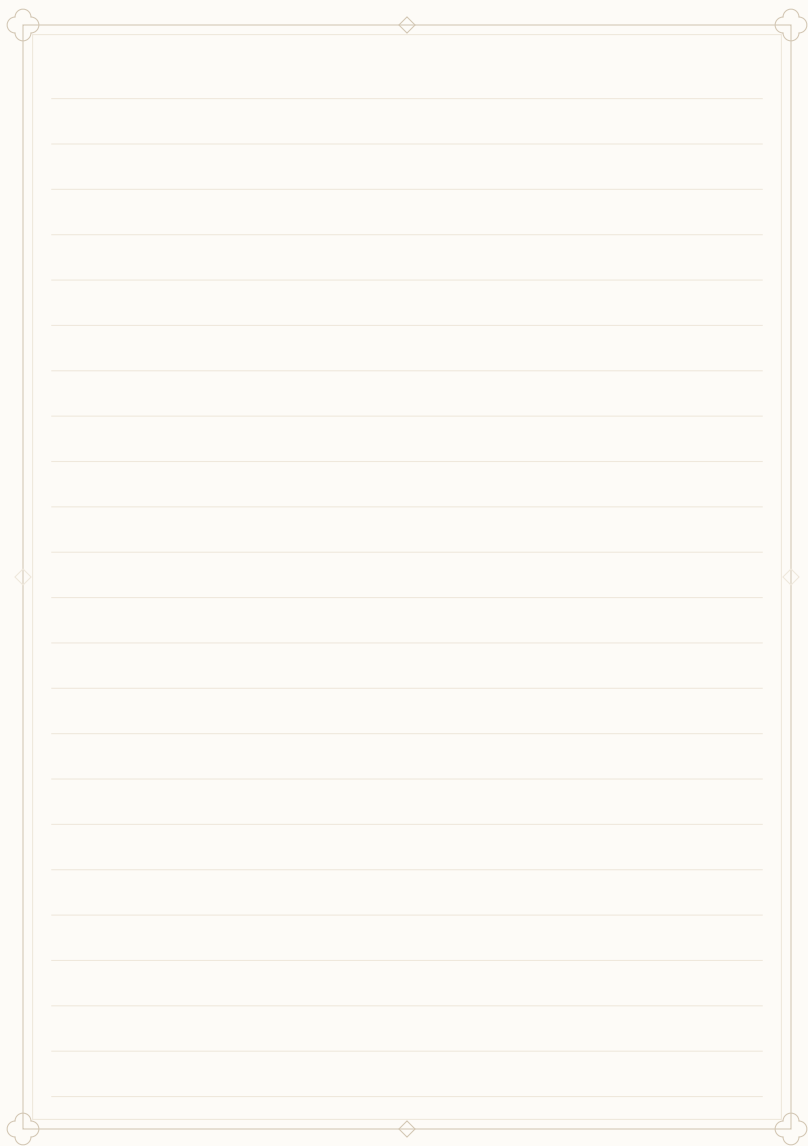

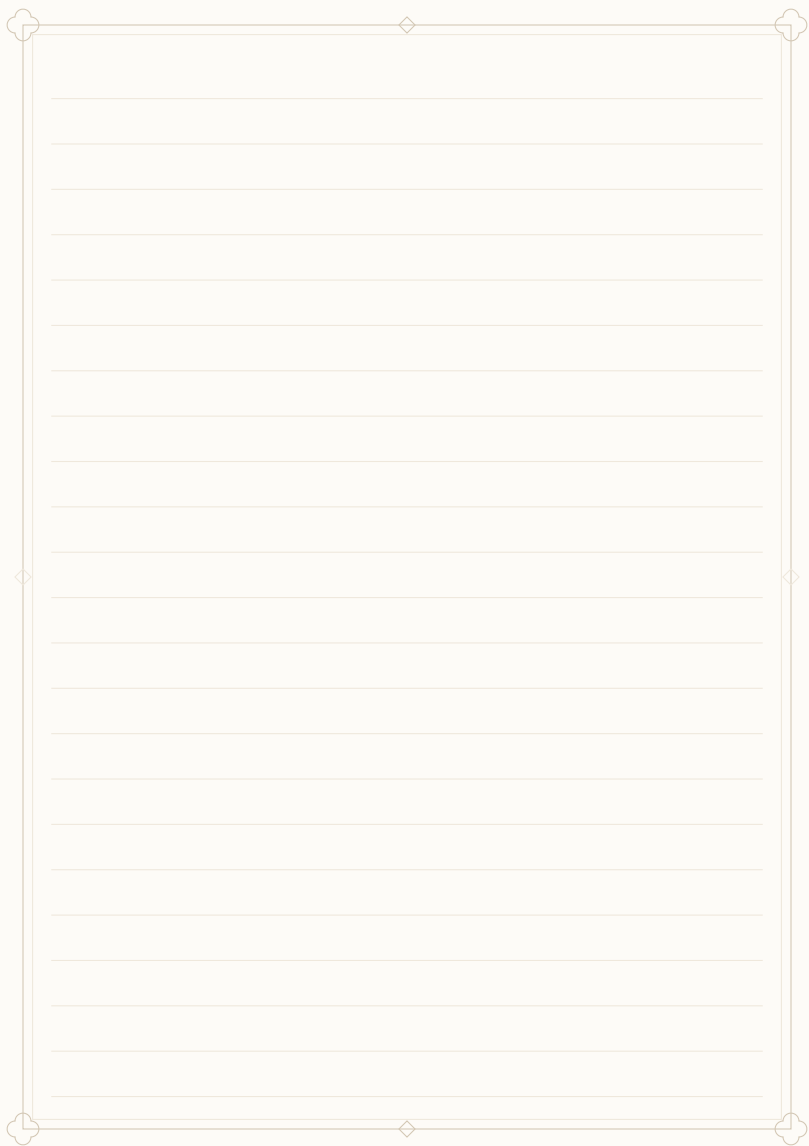

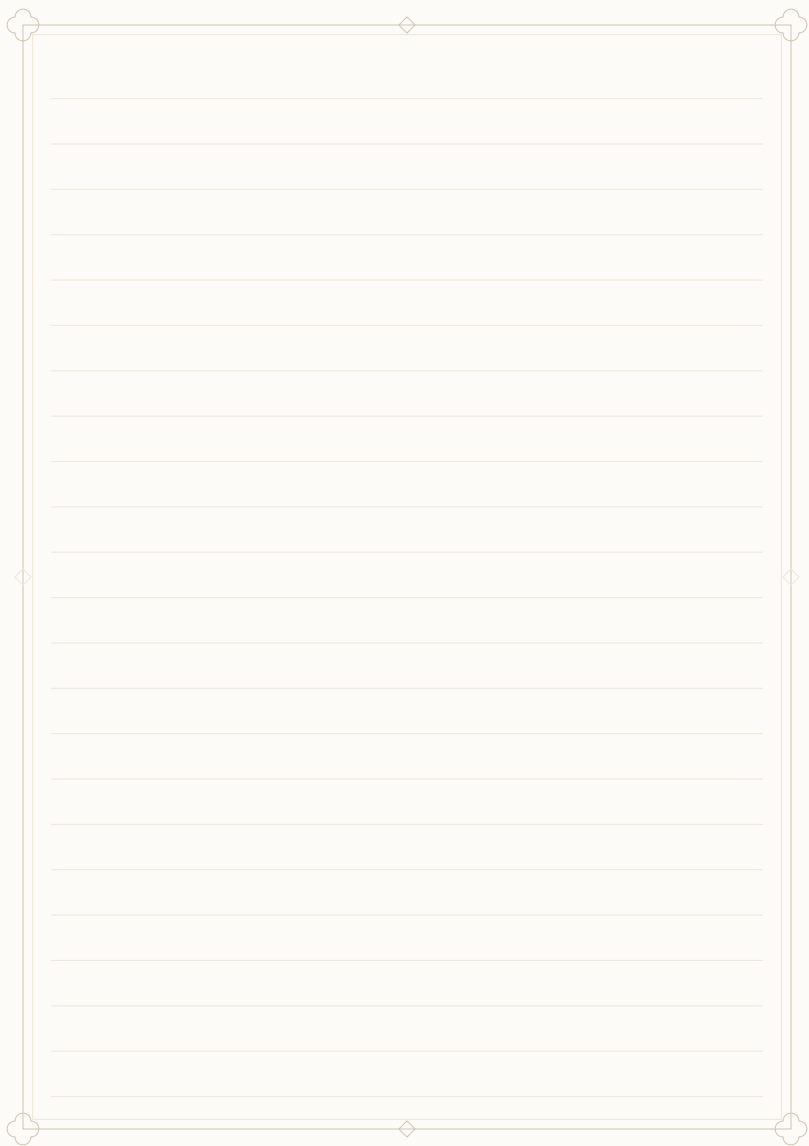

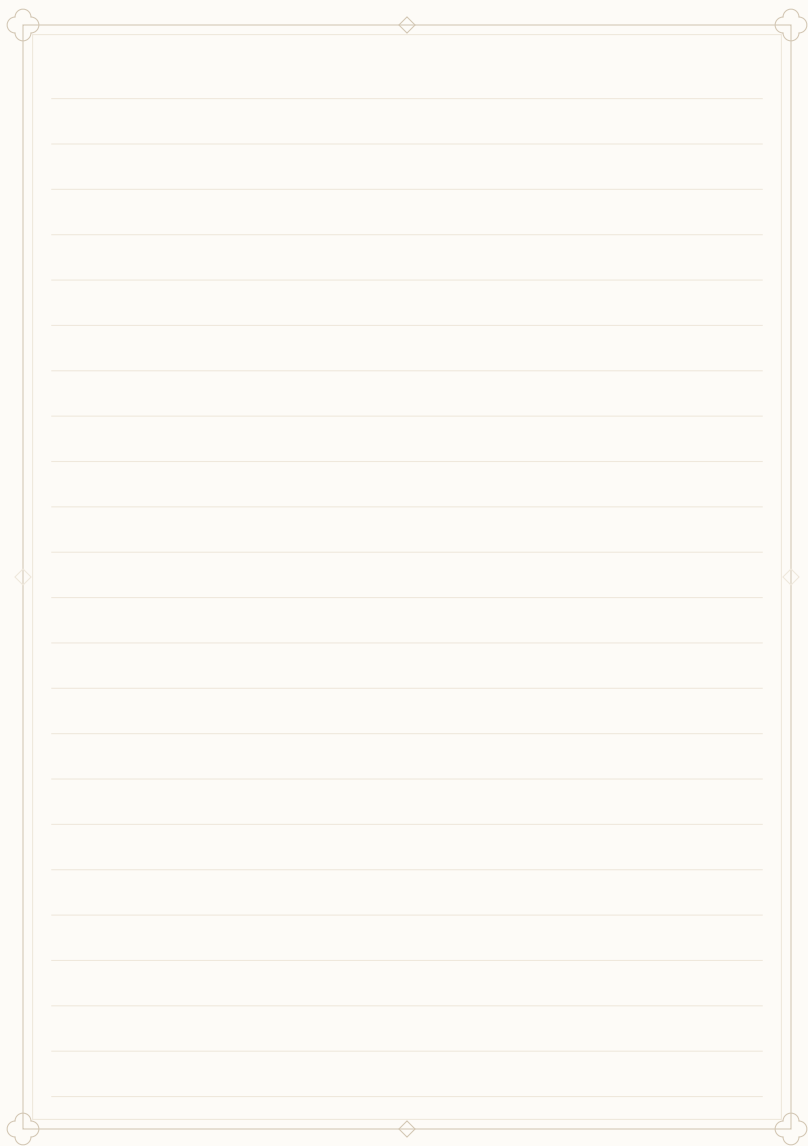

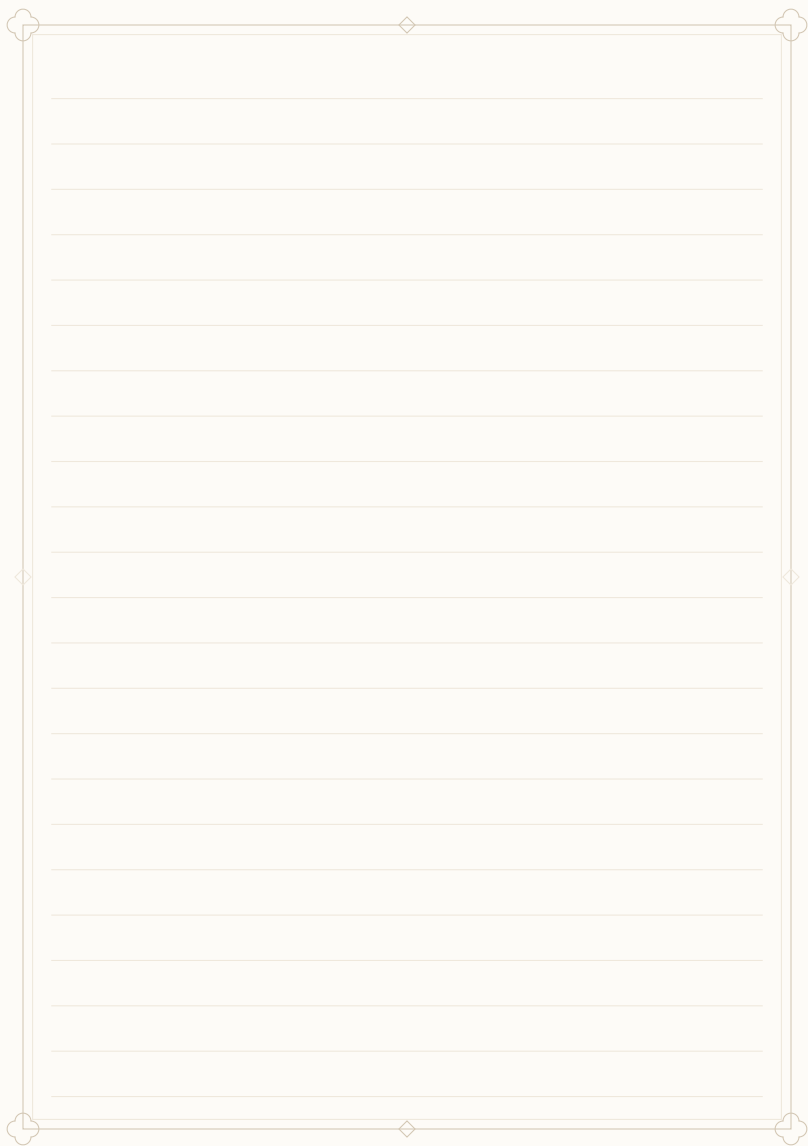

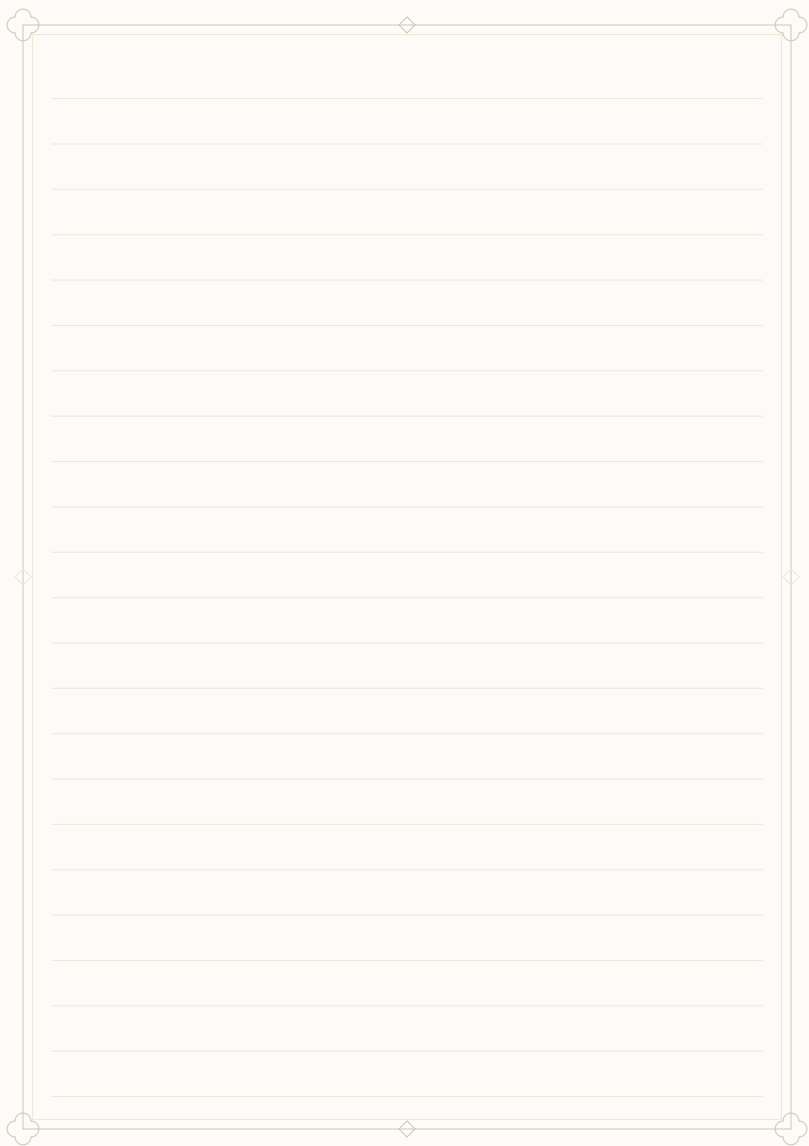

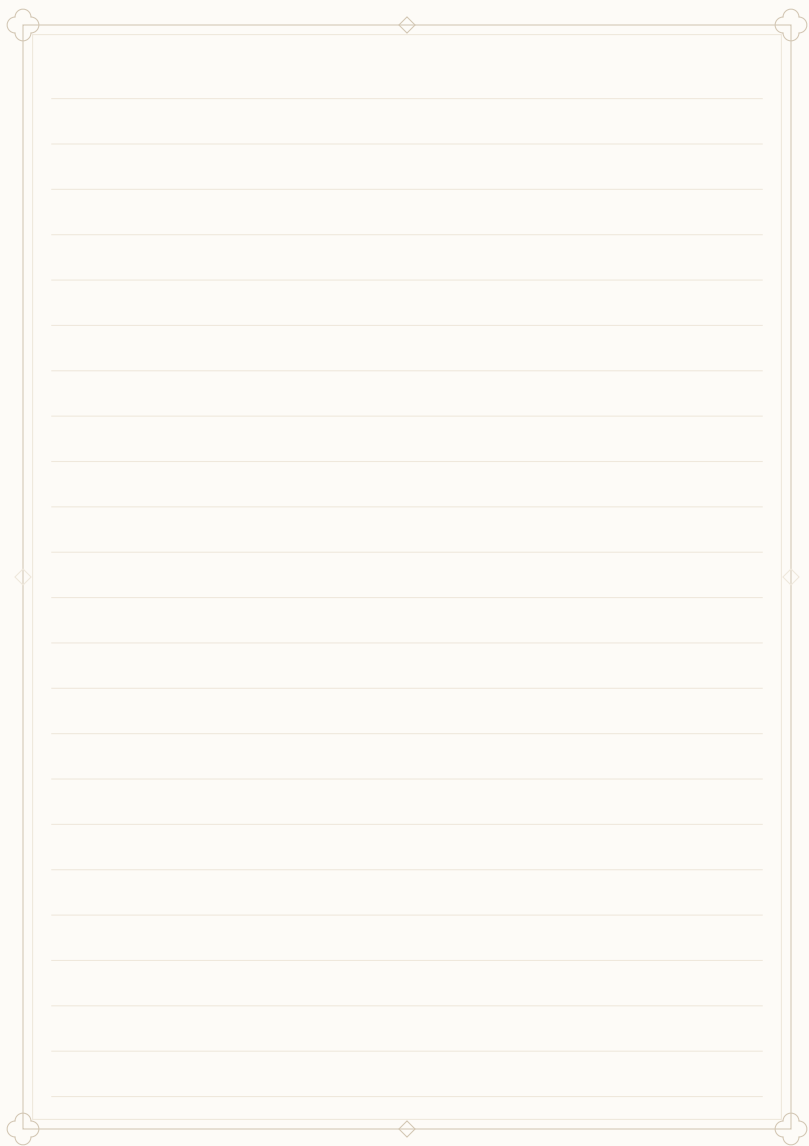

Try a nib here before you trust it to a page you care about.
